THE Chief Engineer
S. P. W. D.

SIR,

Enclosures.

I have the honor to report that the Superintendent of Works at the Presidency recommended in his letter to you No. 2490 dated 10th October 1881, the transfer of Rupees 850 from the allotment of Rupees 1501, sanctioned in G.O. No. 908 W dated 4th April 1881 for Improvements to the China Bazaar Police Station House to the work of constructing an upper Storey to the Government Stationery

Stationery Office.

Funds were granted in full for this latter work in G.O. No. 2934 W of the 24th November 1881: but the sum of Rs. 850 has not been specifically withdrawn, although the Superintendent of Works was asked in Memo No. 2354 of the 14th October 1881 to report whether there were any Provincial funds available for surrender.

2. As there is thus some doubt about the amount Rs. 850, I beg that I may be informed if it is still at the disposal of the Executive Engineer: the money is not now wanted; but I am aware that it is too late for any use being made of it by surrender.

I have the honour to be
Sir

THE papers read above give cover to statements of requirements of Superintending Engineers and Superintendents of Works on account of incomplete works of 1880-81 and of new works sanctioned but not yet commenced and which are recommended for execution in 1881-82.

2. The sum of Rs. 10,000 required for renewing the roofs of the north and south blocks of the old barracks at Poonamallee, has, as recommended by the Superintending Engineer, Second Circle, been provided by transfer from the appropriation made in the budget for the barracks for European troops at Poonamallee subject to the approval of the Government of India. A further sum of Rs. 4,573 has also been transferred from the grant for budget item I to admit of the completion of the undermentioned works which cannot be provided for from the Reserve—

(*a*) Additions and alterations to new hospital at Poonamallee.
(*b*) Additions and alterations to old hospital.

3. Under Provincial it has not been possible to provide for any uncommenced works, the balance under Reserve being only Rs. 38,416, which sum is hardly sufficient to provide for the most emergent incomplete works.

4. The Government fully recognize the importance of carrying out several uncommenced works now brought to notice, but regret that for financial reasons they are compelled to postpone them.

5. The Financial Department will authorise the Accountant-General to place at the disposal of the Public Works Department the sum of Rs. 6,052, required for the following works, from the sum of Rs. 50,000 alluded to in G.O., No. 2,168, dated 22nd November 1880, Financial Department:—

To, The Secretary to Government
Public Works Department

Sir,

In G.O. 21st March last, No. 770 W, Government sanctioned an estimate amounting to Rs 8,710 for constructing an upper storey to this office. I am now informed by the Superintendent of Works, who has made some progress in the work under an allotment in that month of Rs 1,785, that he is under the necessity of stopping the work on account of the non-allotment as expected of the difference, Rs 6925, necessary to complete it.

2. I beg to represent that very great inconvenience and loss are likely to be caused by delay in completing the alterations to the Stationery Office. Valuable stationery is now scattered at

considerable

considerable risk in unsuitable godowns hired at a heavy rent, in which it is almost impossible to prevent the stationery being injured and destroyed. It is very necessary therefore that the stationery should be put into a permanent building as soon as possible and if the work already commenced and which in the present weather can be now so well continued is seriously interrupted, it may not be afterwards possible to resume it without considerable delay. I have in these circumstances to solicit that early orders may be passed by Government for the required allotment of Rs 6,925 to complete the work.

To

The Chief Engineer,
P. W. Dept.

Sir,

Enclosures.

With reference to your circular No: 2036 dated 3d Instant, I have the honor to state that until it is decided by Government whether item (Nos 5* and 6* in the Provincial Budget for 1881-82 are to be carried out as designed or not (vide my report No: 1992 dt. 31st August 1881), I am unable to state whether any funds may be surrendered from this Division.

If the above mentioned works are fully executed this year there would be no surrender of funds in the Provincial Budget.

I have the honor to be
Sir,
Your most obedient servant
W. H. Buston Lt. Col. R.E.
Superintendent of Works

C. No. 4976 ruled from 30th or the 27th Septr

has been issued to the Supt. of W. Press, who will probably now be able to tell us whether any thing can be surrendered.

Col. Buston's letter of the 27th Sept was kept back until the G.O. was despatched to him.

I have modified the memo. slightly to make it read more clearly.

Read the following papers :—

*From Colonel W. O. SWANSTON, Acting Commissioner of Police, to the Chief Secretary to Government, dated Madras, 30th August* 1881, *No.* 48 [*Current No.* 2600].

I have the honor to forward copy of a letter from the President, Municipal Commission, to the Superintendent of Works, Presidency, regarding the erection of stables for the Police horses near the Station-house in the China Bazaar Street.

2. The following are the facts of the case.

3. In 1876, among other propositions, plans and estimates were sent in for improving the Police Station above mentioned, and erecting stables near the station for the Police horses. This work was sanctioned, but from various reasons the execution was delayed till this year when I obtained funds and the work was commenced. The improvement to the station-house was completed and the foundations of the stables were laid when the Municipality step in and stop the work for the reasons assigned in the President's letter. No doubt I have made a mistake in commencing the work without the sanction of the Municipality, but until I saw the President's letter I was under the impression that the land belonged to Government—the G.O., No. 781, dated 30th May 1870, referred to, does not seem to have been communicated to the Commissioner of Police.

4. My reasons for wishing to have stables built near the station are deserving of consideration. In the first place, the very great difficulty we experience in securing stabling in Black Town for our horses, and, when secured, the high rent we have to pay ; the liability we are under of being turned out at a moment's notice as we were a few months ago ; and the danger there is of our horses catching any of the various diseases to which horses are liable to in ill-ventilated, ill-drained stables, where perhaps diseased horses have stood or may be standing in adjacent stalls. We are now paying Rs. 12 per mensem for four stalls such as they are. Were I allowed to build the stables where I propose, the horses would be under the immediate eye of the Divisional Inspector much to their advantage ; and as to the sanitary side of the question, I cannot conceive how there can be any danger from a well-kept stable, as this will be in a spot such as the one proposed.

5. The President of the Commission proposes that the stables be erected on the esplanade near at hand ; but even should there be no other objection, the distance from the station would be very much against it, as the stables at a distance would certainly not be so well looked after as if they were close to the station.

No. 68. ORDER THEREON, 17th June 1881, No. 1,519 W.

THE papers read above give cover to statements of requirements of Superintending Engineers and Superintendents of Works on account of incomplete works of 1880-81 and of new works sanctioned but not yet commenced and which are recommended for execution in 1881-82.

2. The sum of Rs. 10,000 required for renewing the roofs of the north and south blocks of the old barracks at Poonamallee, has, as recommended by the Superintending Engineer, Second Circle, been provided by transfer from the appropriation made in the budget for the barracks for European troops at Poonamallee subject to the approval of the Government of India. A further sum of Rs. 4,573 has also been transferred from the grant for budget item I to admit of the completion of the undermentioned works which cannot be provided for from the Reserve—

(*a*) Additions and alterations to new hospital at Poonamallee.

(*b*) Additions and alterations to old hospital.

3. Under Provincial it has not been possible to provide for any uncommenced works, the balance under Reserve being only Rs. 38,416, which sum is hardly sufficient to provide for the most emergent incomplete works.

4. The Government fully recognize the importance of carrying out several uncommenced works now brought to notice, but regret that for financial reasons they are compelled to postpone them.

5. The Financial Department will authorise the Accountant-General to place at the disposal of the Public Works Department the sum of Rs. 6,052, required for the following works, from the sum of Rs. 50,000 alluded to in G.O., No. 2,168, dated 22nd November 1880, Financial Department:—

| | Rs. |
|---|---|
| Sub-Registrar's Office at Kumbakónam... ... ... ... ... | 747 |
| District Registrar's Office at Tanjore ... ... ... ... ... | 4,000 |
| | 4,747 |
| Establishment charges ... ... ... ... ... ... ... ... | 1,187 |
| Tools and Plant ... ... ... ... ... ... ... ... | 118 |
| Total ... | 6,052 |

By this arrangement the sum of Rs. 13,107 applied for in G.O., No. 366 W., dated 10th February 1881, on account of the Registrar's Office at Tanjore will not be wanted.

6. The Financial Department will further authorise the Accountant-General to place to the credit of the Public Works Department the amounts required from the following sources:—

| | Rs. | |
|---|---|---|
| Convict Labor Fund ... ... ... | 14,874 | By transfer to the credit of Provincial Funds. |
| Cattle Pound Fund ... ... ... | 21,837 | |
| Educational Building Fund ... ... | 5,758 | |
| Port Fund... ... ... ... ... | 4,768 | |

7. The Revenue Department have already been requested by endorsement No. 1,257 of 20th May 1881 to authorise the Conservator of Forests to place Rs. 11,132 at the disposal of the Executive Engineer, West Coast Division, on account of the Deputy Conservator of Forest's residence at Manantoddy.

8. Column 10 of the annexed statement shows the amount that has been appropriated in 1881-82.

9. It should be distinctly understood that no works other than those for which appropriations are now made should be proceeded with in the absence of the special orders of Government.

10. The attention of officers of the department is called to Rule III under paragraph 1,757 of the Code, from which they will observe that when the amount required to complete a work of a previous year is less than Rs. 500, no appropriation is necessary to cover the unexpended balance in the current year. The statements should not therefore include works of this character. By a little additional exertion towards the close of each financial year, the number of these works should be small.

Read the following paper :—

No. 70. From the Superintendent of Works, Presidency, dated 5th March 1881, No. 4,445.

No. 71. ORDER THEREON, 21st March 1881, No. 770 W.

THE estimate, amounting to Rs. 8,710, for constructing an upper-story to the Government Stationery Office, Madras, is sanctioned.

2. The excess cost of this work over the estimated cost of the tiled-sheds sanctioned in G.O., No. 1,596 W., dated 3rd July 1880, *plus* the sum already expended on the latter (viz., Rs. 6,925* in all,) will be charged against the estimate for the new Post and Telegraph Offices. The balance required, Rs. 1,785, will be appropriated from the Provincial Reserve of 1881-82, on application to be made by the Superintendent of Works early in April next.
