GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

5th January 1882, No. 7 W.

General.
Establishment.

Read the following papers:—

No. 13. From D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 19th October 1881, No. 143 W.

I HAVE the honor to bring to notice of Government, for such action as may be necessary, that my establishment is again complaining of the nuisance caused by the latrines belonging to the Board of Revenue buildings.

2. I beg to urge that steps be taken for their removal to some other site; there is no doubt that their proximity to the Public Works Offices is a source of annoyance.

No. 2522.

REFERRED to the Superintendent of Works, Presidency, for report whether no other convenient site is available for the latrine.

(By Order.)

(Signed) ROSS THOMPSON, Lieut.-Col., R.E.,
Ag. Deputy Chief Engineer, P.W.D.

1st November 1881.

No. 13-A. From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 16th December 1881, No. 450.

IN returning your endorsement No. 2522, dated 1st November 1881, to the Superintendent of Works, Presidency, I have the honor to report that it appears to be not possible to find a site free from

objections for the latrine for the Revenue Board buildings. Lieutenant-Colonel Burton writes, that a site less objectionable than any other which could be found is the plot of ground to the west of the Civil Engineering College, and lying between the road running to the west of this building and the road along the east bank of the Buckingham Canal, as shown on the enclosed sketch in green.

2. I am of opinion that this site cannot be appropriated for the purpose, as the position is most conspicuous from the buildings on two sides, and even from the bridge over the canal. I believe the chief fault of the present arrangement is with the conservancy; if this were looked to, and dry earth freely used, the nuisance would be at any rate much abated.

No. 14. ORDER THEREON, 5th January 1882, No. 7 W.

THE Government concur with the Superintending Engineer in thinking that the conservancy is at fault. This should receive careful attention.

SIR,

I HAVE THE HONOR TO BRING TO NOTICE OF GOVERNMENT,
FOR SUCH ACTION AS MAY BE NECESSARY, THAT MY ESTABLISHMENT
IS AGAIN COMPLAINTING OF THE NUISANCE CAUSED BY THE
LATRINES BELONGING TO THE BOARD OF REVENUE BUILDINGS.

I BEG TO URGE THAT STEPS BE TAKEN FOR THEIR REMOVAL
TO SOME OTHER SITE; THERE IS NO DOUBT THAT THEIR PROXIMITY
TO THE P.W. OFFICES IS A SOURCE OF ANNOYANCE.
