GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

27th March 1882, No. 803 W.

Buildings and Roads.
Civil Works.

Read the following papers:—

No. 205. Endorsement of the Acting Assistant Secretary to Government, Judicial Department, dated 11th March 1882, No. 781.

From Colonel H. D. CLOETE, Officiating Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 8th March 1882, No. 1211.

I HAVE the honor to forward copies of correspondence between the District Magistrate and the Superintendent of Police, North Arcot, regarding the supply of arms-racks for the use of Police guards at certain Treasuries and Subsidiary Jails in that district, and to request instructions whether these fixtures should be furnished by the Magistrate or by this Department.

2. It is usual for the Public Works Department to provide for arms-racks in their estimates for new Cutcheries, but these appear to have been omitted in the case of Cutcheries at Tirupati and Puttūr.

REFERRED to the Public Works Department for remarks with reference to the omission pointed out in paragraph 2.

(By Order.)

(Signed) G. S. FORBES,
Ag. Assistant Secretary.

No. 634 C.

REFERRED to the Superintending Engineer, Fourth Circle, for explanation.

14th March 1882.

(Signed) ROSS THOMPSON, Lieut.-Col., R.E.,
Ag. Under Secy. to Govt., P.W.D.

No. 205-A. From Major H. R. MEAD, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 20th March 1882, No. 110.

WITH reference to your No. 634 C, of 14th March 1882, calling for explanation regarding the non-supply by this Department of arm-racks to the Tirupati and Puttūr Cutcheries in North Arcot, I have the honor to return the papers and to remark that the Inspector-General of Police is wrong in supposing it is usual for the Public Works Department to provide arm-racks for the Police in new Cutcheries, and a reference to the standard plans, estimates, and specification will show that arm-racks for the Police are not provided or allowed for.

2. As far as I am aware the only buildings in which arm-racks for the Police are provided are Police stations, and in those the arm-racks are fixtures.

3. I would suggest that the Police Department should furnish their own arm-racks.

No. 206. ORDER THEREON, 27th March 1882, No. 803 W.

THE Superintending Engineer, Fourth Circle, will take steps to provide the Cutcheries at Tirupati and Puttūr with arm-racks for Police guards.

2. Future estimates for first, second, or third class Cutcheries should always make provision for such fixtures, and Superintending Engineers will make the necessary notes in the standard designs and estimates.
