To

The Examiner of
Public Works Accounts.
Madras.

Sir.

With reference to your letter No 849 x, dated 6th ultimo, I have the honor to state that, my personal luggage and the government property in my charge having been shipped together at Madras, and included in the same bill by the Steamer Agents at Vizagapatam, I am unable now to say with exactness what proportion of the amount charged was incurred for personal luggage, and how much on account of government property; but I should say from recollection, that the latter, which included government

government tents, amounted to more than three fourths, and the former to less than one fourth of the sum to be accounted for.

2. The charges for the horse box are, I consider, debitable to Government, who undertook, (vide para 4 of G. O. No 2294 W dated 16th September, 1881) to land me, free of expense, at Vizagapatam.

3. Altogether I am of opinion that Government intended to fully pay for my passage, including servants, horse, tents and baggage.

4. I think that Appendix D Clause VI, which takes into account only ordinary small journeys, is scarcely applicable to this case, where I had to take with me tents, stores and supplies for a large party, for an expedition through wild country, calculated to last six months.

I have the honor to be Sir,
Your most obedient servant,

Letter entered for correspondence 3rd/82
