Read also—

Letter No. 2551 P., dated 18th February 1882, from Messrs. Burn & Co., Managing Agents
of the Indian Portland Cement Company, Limited.

RESOLUTION.—In the Resolution read above, the Governor-General in Council directed that whenever Portland cement was required for the public service in India, it should be obtained of Indian manufacture. The Managing Agents of the Indian Portland Cement Company, Limited, now say that the Company has determined to erect, at a cost of Rs. 4,50,000, new works to enable them to meet the increasing Government demand. They represent that they "would like to have their hands strengthened by contracts from Local Governments as authorised by the Supreme Government," and they request that the attention of the various Departments and local authorities interested may be called to the establishment of the additional works at Raniganj, "with the view of entering into contracts for a supply of the cement for a period of five years." His Excellency the Governor-General in Council has no objection to making known the information communicated by Messrs. Burn and Co., in order that Local Governments and Administrations or Public Departments may contract for a term of years not exceeding five if they find that they can rely on obtaining cement of good quality and at prices not higher than the market prices ruling at the time of delivery for imported cement of equal quality.

ORDERED, that the foregoing Resolution be communicated to all Local Governments and Administrations and to the Public Works Department for consideration, and to Messrs. Burn & Co. for information.

Also, that it be published in the *Gazette of India* for general information.
