GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

No. 32.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 9th February 1882, No. 989:—

I have the honor to submit for sanction plans and estimates of Rs. 3,130 for improvements to the Damlur tank at Bangalore. The works consist in forming the channel that conveys the surplus of the Ulsoor tank, into Damlur tank, and conveying the channel by an aqueduct over the drainage channel; in raising the bund of the tank and lengthening the surplus escape.

- 2 Abstract Estimates.
- 1 Sketch.
- 1 Level.
- 4 Plans.
- 1 Report.
- 1 Specification.

2. There has been a good deal of correspondence on the subject, and a final report was sent to you by the Superintendent of Works, No. 2270, dated 22nd September 1881. The general principles, as described, were accepted in your memorandum No. 536 of the 29th September 1881. The channel of supply and aqueduct have been completed, except that the channel banks require raising; the extension of the escape and raising of the bund require to be carried out. The expenditure up to this time has amounted to Rs. 1,776, and there thus remains a sum of Rs. 1,354 to be expended.

3. The budget grant Item 11, Part I, for the current year is Rs. 3,230, and the expenditure in the current year has been Rs. 120. The balance of budget grant, Rs. 1,756, is not required and is surrendered for appropriation elsewhere.

4. I have authorised the Executive Engineer to carry on the work, so as to finish it in this year.

Reference on the above, dated 17th February 1882, No. 438 C.

Forwarded to the Military Department for the approval of His Excellency the Commander-in-Chief and of Government. Early return requested.
