No. 675

Tanjore Division Office
13th March 1882.
Sept 14th

From

The Executive Engineer
Tanjore Division

To

The Superintending Engineer
B. Circle

Sir,

With reference to your No. 1962.T.T.
24-2-82

I have the honor to point out that the
Examiners' Statement has reference to the
accounts of September since which time
a large number of Completion reports and
Estimates have been sent in. There are but
few due now, several of the revised Estimates
for the Tanjore Palace have been received
and are being checked in my Office. The
Tanjore Palace work abstracts which are
still in arrears form the subject of special
correspondence. I have pointed out in my
letter recommending the employment of
Extra Sub one Clerk that the Tanjore Sub one
Officer has more work in his Office than can
be punctually disposed of and this is partly
the cause of delay in the submission of
work abstracts by him. The abstracts are
not I think prepared in his Office but they
have to be more or less examined and checked
there.

5/18/4

It is the duty of the Division Office to prepare the work Vouchers on receipt of the work abstracts. I have asked Mr Bird to hasten the submission of such completion reports or estimates as may still be due.

With reference to para 4 of your letter I beg to state that I have been under the impression that no special sanction or allotment of funds for stock purchases is required so long as I keep any reserve within the maximum limit already sanctioned.

I have however informed you in my No. 2642 ⁶⁻¹⁰⁻⁸⁷ that my expenditure on stock this year would be some Rs 6000. It will probably be less than this. If you wish to know the exact amount I can inform you in a few days.

Secretariat Engineer's Office
Bangalore, 22nd March/82

No 790

From,

The Secretariat Engineer, Bangalore

To,
The Superintending Engineer, 6th Circle
Trichinopoly

Sir,

In reply to your No 2102 of the 18th instant, I have the honor to inform that the delay in submission of work vouchers for the Bangalore Palace Repairs has been explained in my No 680 which had probably not reached you when your letter was despatched.

I have received the following revised estimates for the Bangalore Palace and they are being checked & fair copied and will be sent you shortly. Nos 6, 11, 22, 17 (A, C, D, E, F) 30 B, 37 and 41. Complete estimates are thus ready for five divisions of the work, incomplete for two divisions. The remaining 34 estimates are reported by degrees. There has been great difficulty in preparing any of these estimates as the amount of work to be done in any part of the buildings could not be ascertained until it was actually put in hand.

From the Executive Engineer Jaipur
To the Superintending Engineer
Sd.

In reply to your letter No 169C 25.3.82 I have the honor to inform you that the work vouchers for the Jaipur Palace works for August & September have been submitted: that for October will be ready tomorrow; and those for Nov. Dec. & Jan. within a few days. On the despatch of these that for February will be prepared.

I have as yet received none of the revised estimates for the Palace works except the few mentioned in my letter No 800 of 24 instant. I have written to the Asst. Eng. for information when he expects to have the rest ready - those which I have received are being forwarded.

I have to
W. Hughes.

Cutchra nature and in a very decayed state, so that it is impossible to tell by the outer appearance of the work what will be needed to put it in a state of safety. The whole of the works at the Palace are included in 41 separate item estimates and work having been commenced on only 25 of these items up to date, it is only now possible to submit revised estimates for a portion of the works sanctioned. I have requested the Executive Engineer to hasten the submission of these revised estimates as much as possible, and to employ the Assistant Engineer lately appointed to the Division, Mr. Lambert, on his arrival, in bringing up the arrears of these estimates.

2. With regard to the work vouchers of the Tanjore Palace, Item No 3 in the statement forwarded with L.O. No 664W of 14 Inst., I have the honor to report that the work abstracts, from which the work vouchers are made out, have

been received in the Division office and the Executive Engineer now reports that the work vouchers will be submitted within a few days.

3. I send herewith three of the latest reports on the subject by the Division Officer for your information.

I have the honor to be

Yrs

Your most obedient servant.
