Copy of Letter No. 294 of 16th January
from the Executive Eng. Bellamy Division
to the Supog Eng. III Circle.

I have the honour to request that
you will be good enough to get the sanction
of Government to pay rent (viz Rs. 25) for
the accommodation of this Office as
required in para 890 of the Madras
P.W. Code.

Copy of Letter No. 394 of 7th February
1882 from the Executive Engineer
Bellamy Div. to the Supog Eng. III Circle.

I have the honour to inform you
that I was under the impression that
the Office in the fort had always been
the Sub (Divisional) Office. This I
find is not the case. At present the
Sub (Divisional) Officer, the Cantonment
Overseer, and the Store Keeper transact
their business in this building, and if it
be now used as a Divisional Office, accom-
modation would have to be provided for them.

The buildings and out-buildings being also so full of old records, I hardly think there would be room for my office, unless these are disposed of, an operation that will take some months to do.

The present office is convenient but if you are not disposed to sanction its continuance, I have the honour to request that the rent for the time it has been so occupied may be paid.

Copy of letter No. 468 dated 19th February 1882 from the Executive Engineer Bellamy Esq. to the Supog. Engineer 3rd Circle.

In reply to your Docket No. 416 of 14th February 1882 I have the honour to inform you that the Office is at present in my own house and the total rent is Rs. 50 per mensem. The entire lower story is occupied by the Office, and a room in the upper story is used as my own Office.

2- There is no doubt that the accommodation of the existing Office is insufficient, and though it would not be absolutely impossible for the Executive Engineer to do his work there, it would only be done at great inconvenience.

3. On the whole the balance of advantage to the State is in favour of the existing arrangement, by which Lieut. Boddy has his Office in his own house, and the continuance of this arrangement has been sanctioned, but he has been informed that it must rest with Government to decide whether any, and if so, what allowance will be made on account of rent.

4. The sum of Rs. 25 asked for by the Executive Engineer is considered reasonable and recommended for sanction.
