GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Chief Engineer, Public Works Department, dated Madras, 3rd April 1883, No. 2 E.W. :—

I have the honor to submit the following for favor of your opinion.

2. I propose to discontinue the details of receipts and issues of stock, required under present rules, in the latter part of the half-yearly stock register, Form No. M 79, which comes to me from divisional offices.

3. You will observe that these details, to be found at page 266 of the book of forms, are supposed to recapitulate each separate transaction of the half-year, month by month, first regarding receipts, then issues.

4. The origin of this practice is not quite clear, but it is not prescribed by the Government of India for this form, and since it is now found from experience that all the check and record needed in this office regarding stock transactions is obtainable independently of the details now under notice, it would save much labor in divisional offices to dispense with them.

ORDER—dated 10th April 1883, No. 1068 W., Public Works.

The proposal of the Examiner, Public Works Accounts, is approved.
