READ—the following papers :—

From G. H. W. WALKER, Esq., Officiating Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 19th March 1883, No. 459 G.

With reference to paragraphs 5, 6, 7 and 8 of your letter, No. 3273 W., of the 11th December last, requesting sanction to the appointment of a special Superintending Engineer, for a period of one year, to start the work of tank restoration in the Madras Presidency, and to your telegram of 26th ultimo requesting authority to appoint Colonel Montgomerie to that post in lieu of Colonel Chrystie retired, I am directed to state that the Government of India is unable to authorize any increase, even temporarily, to the number of Superintending Engineers sanctioned for the Madras Presidency, but is pleased to sanction the appointment of a Superintendent of Works within the limits of the present sanctioned staff of Executive Engineers for the work referred to above.

2. The sanction of Her Majesty's Secretary of State to the grant of the usual allowance of Rs. 100 per mensem to the Superintendent of Works for the period of one year will be applied for.

From the same Officer, dated Simla, 4th April 1883, No. 502].

In reply to your telegram of 19th March 1883, pointing out the necessity for an additional temporary Superintending Engineer in place of a Superintendent of Works with local allowance of Rs. 100, as sanctioned by the Government of India in its No. 459, dated 19th March 1883 on the ground that the officer selected for the Tanks Scheme is one of the permanent Superintending Engineers, and that a temporary Superintending Engineer must be appointed in his place, I am directed to point out that if the Government of Madras consider it necessary to appoint Colonel Montgomerie to the Tanks Scheme, there is no objection to the local allowance of Rs. 100 sanctioned for the Superintendent of Works being given to the Executive Engineer who may be placed in charge of one of the regular Superintending Engineers' posts as a temporary measure, but I am to say that the Government of India is unable to sanction an additional Superintending Engineer.

Letter No: 899 W dd 20 March 83 is on the file. The Govt of India letter No: 502 G. dd 12 April 1883, although not a reply to this communication, removes much of Mr Walch's grievances. It will admit of his promotion to Supdg Engr 3d Class (Temporary) on Major Seaver's going home. (this month). The other matters treated of in the letter to India of the 20th March can await a decision till the India mail arrives?

I urged that he should be considered supernumerary, and should not be permanently posted to that grade till after he should had been promoted. The appointment I.S.C. is one of selection, and I consider Mr. Walsh the best selection that can be made. Major Clarke should have charge of the 3rd Circle with Hqrs. at Pers.
