No. 119.

READ—the following letter from H. E. STOKES, Esq., Acting Collector of Tanjore, to the Executive Engineer, Tanjore Division, dated 13th December 1882, No. 7109 :—

In reply to your letter, No. 3113, dated the 11th ultimo, I have the honor to inform you that as regards the record-room, I have moved the Board of Revenue to obtain the sanction of Government for the estimate for Rs. 6,030 framed in 1878 and disposed of in the Government Orders marginally noted.

2. With regard to the Huzur Treasury, the Superintending Engineer having since expressed his opinion that nothing is now required for it beyond two reflecting kerosine lanterns, I think it unnecessary to forward the estimate.

No. 1709 T.J.

Endorsement on the above.

Copy forwarded to the Chief Engineer in reply to his memorandum, No. 926 E. dated 21st October 1882.

As the Collector agrees with the Superintending Engineer that two reflecting kerosine lanterns (which it is supposed will be supplied by the Revenue Department) is all that is required to render the Treasury under the Police guard safe, it is believed that no estimate for alterations is necessary.

TRICHINOPOLY,

No. 193. Proceedings of the Madras Government in the Revenue Department, dated 14th February 1879, No. 620.

Read the following Proceedings of the Board of Revenue, dated 7th February 1879, Miscellaneous No. 1,196, on letter from the Acting Collector of Tanjore, dated 16th December 1878, No. 4,689:—

With reference to Board's Proceedings, No. 12,385, dated 4th instant, I have the honor to report that I am at present unable to state what portion of the records can very well be destroyed as the records require to be arranged and those to be destroyed separated from those to be retained. Temporary establishment was sanctioned for this purpose in G.O., dated 8th October 1878, No. 1,635 (R.D.), but I propose to postpone its entertainment in consequence of G.O., dated 29th November 1878, No. 2,128.

2. I am, however, of opinion generally that for the records that may be found to be retainable there is not now room enough, and that the addition proposed is not more than necessary to receive the daily increasing records of the department.

SUBMITTED to Government in reference to their order, dated 22nd November 1878, No. 2,861.

The alterations and improvements in the old record room may be postponed until the records have been sorted.

COMMUNICATED to the Public Works Department with reference to Government Order in that Department, dated 8th November 1878, No. 4,305 W.

Read the following paper :—

No. 135. From Captain R. R. E. BROCKMAN, R.E., District Engineer, Tanjore, to the Chief Engineer, Public Works Department, Buildings and Roads, dated Tanjore, 3rd October 1878, No. 2,325.

I HAVE the honor to forward, for the sanction of Government and for the necessary allotment of funds, the enclosed plan and estimate (approved by the Collector) amounting to Rupees 6,030 for restoring the old record-room adjoining the Deputy Collector's Office in the Tanjore Fort and providing an upper story and a verandah in front of the building.

2. The plan and estimate were prepared at the special request of the Collector for the accommodation of the English and Vernacular records of his office, which are annually increasing in bulk and for which the present provision is much limited.

3. The Collector desires that these alterations and improvements should be completed as early as possible, as much inconvenience is experienced at present for want of proper accommodation. I request that you will move the Government to accord their early sanction to admit of the work being commenced immediately after the monsoon is over.

No. 136. ORDER THEREON, 8th November 1878, No. 4,305 W.

BEFORE sanctioning this large expenditure and great extension of record-room accommodation, the papers will be referred to the Revenue Department in view to inquiry being made as to how far the retention of this bulk of records is needful or useful.
