G.O., dated 28th April 1883, No. 1748, Revenue.

Read—the following Proceedings of the Board of Revenue, dated 14th April 1883, Mis. No. 3155 :—

Read—G.O., dated 6th March 1883, No. 1022, and the following reference thereon, dated 13th March 1883, to the Collector of Madras.

Referred to the Collector of Madras for report. It is improbable that the site contemplated by the Surgeon-General forms any part of the portion ordered to be sold ; but if this should be the case, the Collector will postpone the sale as directed by Government.

Read—the following letter from R. W. BARLOW, Esq., Collector of Madras, to the Secretary to the Board of Revenue, dated Madras, 10th April 1883, No. 142 :—

In reply to the reference on Government Register No. 1034 of 1883, dated 13th ultimo, I have the honor to report that the site contemplated by the Surgeon-General does not form any part of the land ordered by G.O., No. 114, dated 14th January 1881, to be sold, as rightly surmised by the Board. It forms part of the plots reserved by that Government Order.

2. The Assistant Government Architect has since solicited four pieces of land out of the blocks advertised for sale under the Government Order quoted above, and the sale of such pieces has accordingly been stopped.

Resolution—dated 14th April 1883, Mis. No. 3155.

Submitted for the information of Government with reference to G.O., dated 6th March 1883, No. 1022.

From W. R. CORNISH, Esq., F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 27th February 1883, No. 95.

With reference to G.O., No. 3313 W., of 15th December 1882, referring the subject of the building of a new Ophthalmic Hospital for report, I have the honor to state that, after considering eligibility of land sites, the Government Architect, myself, and Ophthalmic Surgeon consider that a portion of the Government land at Poodupett would be most convenient and central for the purpose.

2. As I observe from public papers that this Government land is to be submitted for public auction, I have the honor to recommend that the sale be postponed, pending the selection of a suitable site for the new Ophthalmic Hospital.

Order—dated 2nd March 1883, Mis. No. 449, Public.

Communicated to the Public Works Department, with reference to the Order in that department, dated 15th December 1882, No. 3313 W., and also to the Revenue Department with reference to paragraph 2 of the Surgeon-General's letter.

READ—the following letter from W. R. CORNISH, Esq., F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Secretary to Government, Public Works Department, dated Madras, 1st December 1882, No 332 :—

With reference to Proceedings of Government, No. 3072 W., of 20th November 1882, I have the honor to state, for the information of His Excellency the Governor in Council, that judging from the report of the Superintending Engineer, Fifth Circle, it does not seem to be prudent to enter into a new lease for the rental of the Eye Infirmary premises unless the landlord could be brought to carry out the substantial repairs thought to be necessary by the Public Works Department.

2. I am of opinion that it would be more economical in the long run to build a suitable Ophthalmic Hospital than to expend from three to four thousand rupees per annum in rental and repairs. The house and premises have been in occupation as an Eye Infirmary for about 40 years, and the sum already paid in rent and repairs has exceeded by about four times the present value of the property.

No. 103.

ORDER—dated 15th December 1882, No. 3313 W., Public Works.

The Consulting Architect to Government will, in communication with the Surgeon-General, frame a design for a new Ophthalmic Hospital in Madras, either as a separate building or as an adjunct to the General Hospital, as may on consideration be deemed most suitable.
