No. 134.

READ—the following papers :—

From G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle,
to the Chief Engineer for Irrigation, dated Dowlaisheram, 25th November,
1882, No. 1987 G.D.

The Central Delta has hitherto been a sub-division of the Eastern Division, and, as such, its establishment has been permanent. As the Delta has now been made a temporary division with two sub-divisions, I have the honor to inquire whether, under these circumstances, the establishment of one of the sub-divisions remains on the permanent staff, or how is it to be treated.

2. I have referred the above question to the Examiner of Public Works Accounts, who in reply simply refers me to the G.O., No. 2750 W., of 23rd October 1882, which does not contain the information I require.

Office Note from the Examiner, Public Works Accounts, to the Chief Engineer for Irrigation, dated 23rd December 1882, No. 818.

No. 4 E.W.

Forwarded to the Chief Engineer, Public Works Department, for disposal.

2. If there are no vacancies on the permanent establishment, it would seem necessary to treat one of the sub-divisions in the Central Delta as permanent, to enable the men belonging to the old Central Delta Sub-division to count continuous service for pension.

Sir,

The Central Delta has hitherto
to been a Sub Division of the Eastern Delta
and as such its establishment has been
permanent. As the Delta has now been
made a Temporary Division with 2 Sub
Divisions, I have the honor to enquire
whether under these circumstances the Estab-
lishment of one of the Sub Divisions re-
mains on the permanent staff or how is it
to be treated.

I have referred the above
question to the Examiner of P.W. Accounts
who in reply simply refers me to the G.O.
No 2750 W of 23rd October 1882 which does
not

It contains the information I require

Please peruse the
accompanying letter received
from the Supg. Engineer
1st Circle, and return
with any remarks you
may have to offer.

Please say whether the
Old Central Delta Sub
Division, attached to
Eastern Division, and
establishment therein
employed, should be con-
sidered as abolished.

by the formation of the
temporary Central Delta
Division and if so,
whether the establishment
can count towards pension
the service during their
employment in the tem-
porary Division.

2. As the sanctioned
scale of permanent
office establishment
is based on the number
of divisions and sub-
divisions, I think it
is inconsistent to con-
sider the establishment
as permanent when the
sub division has
been suspended.

It is ^{therefore} necessary
to constitute the late
sub division ~~estab.~~
as permanent, and the
extra establishment
required for the temporary
as temporary ~~estab.~~

The Establishment belonging to
the old Central Delta Sub Division
was permanent, and to enable the
men belonging thereto to count as
continuous service for pension, they
must be provided for in some other
permanent Establishment where
vacancies existed, from the date
from which the Sub Division and
its Establishment was abolished.
Having a lien on some permanent
appointment, there is no objection to
their services being considered
as detached on temporary duty
in the new temporary Sub Division
under the provisions of Section 71 of
Civil Pension Code.
