and has been almost complete for some time, the delay in completing it being due to difficulty in obtaining information as to the most suitable style of lightning conductor.

2. The excess in cost (Rs. 566) is for the most part due to utterly insufficient rates having been entered in the original estimate.

3. The estimate is now recommended for sanction.

P.S.—The estimate has been countersigned by the Inspector-General of Police in token of his approval. Funds will be applied for in the statement of demands to be submitted in the current month.

Note of Remarks.

1. Herewith is enclosed
a revised estimate for
the construction of a
powder magazine
for the Police at Lajpore.
The amount of the
revised estimate is Rs. 1640
while that of the original
is Rs. 1074.
2. The difference between
the two estimates, Rs. 566,
arises mainly from the
marked insufficiency
of rates originally pro-
vided for brick work,
wood work and the
setting up of lightning
conductors. The quantity
of teakwood has also been
increased.
3. The abstract of estimates
has been counterchecked.
