GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 30th March 1883, No. 131:—

I have the honor to submit a plan and estimate, the latter amounting to Rs. 5,600, for repairing and re-roofing the Sub-Collector's Cutcherry at Tellicherry, and to inform you that they have been prepared at the request of the Collector of Malabar, and have been countersigned by him in token of his approval.

1 Plan.
1 Estimate.
1 Abstract.
1 Specification.

2. The old roof of the building in question is supported on Malabar trusses, and is in a very dangerous state; a portion of it has fallen in; it is therefore proposed to remove the old trusses and substitute king and queen post trusses made of good seasoned teakwood.

3. As the amount of the estimate, Rs. 5,600, exceeds one-fourth of the value of the building,* it has been treated as "Original Work" under paragraph 960 of the Public Works Code.

* $\frac{9345}{4} = 2,336\cdot25$.

4. At present the Sub-Collector holds his office in a rented building. If the estimate be sanctioned and funds allotted, the work may be commenced early in next official year and finished in about six months.

ORDER—dated 3rd April 1883, No. 1014 W., Public Works.

The estimate, amounting to Rs. 5,600, for improvements to the Sub-Collector's Cutcherry at Tellicherry, in the Malabar District, is sanctioned.

2. Funds will, if possible, be provided from the Provincial Reserve after the usual demands on account of minor and incomplete works and repairs have been disposed of.

3. This sanction has been registered as Provincial No. 5 W. of 1883-84 and classified as Civil Buildings, Original Works.
