GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Muthur, 5th May 1883, No. 188 :—

One original letter, No. 112, of 22nd April 1883.

I have the honor to forward herewith a letter from the Executive Engineer, Coimbatore, bringing to notice the insufficiency of the Draftsmen attached to his office, and requesting that he may be allowed an extra 1st-class Draftsman while the West Coast Districts are attached to the Coimbatore Division, *i.e.*, that instead of his present establishment of one 1st-class and one third-class Draftsman, he may be allowed two 1st-class and one third-class.

2. From my knowledge of the work of the division, and the large increase of Draftsman's work necessitated by the addition to it of the West Coast Districts, I consider that the Executive Engineer's request is a reasonable one, and recommend it for sanction.

ORDER—dated 12th May 1883, No. 1401 W., Public Works.

The Government do not consider it desirable at present to sanction any permanent increase of establishment, but the temporary employment of an additional 1st-class Draftsman in the Coimbatore Division during the current official year is authorised. The Superintending Engineer will report the amount to be appropriated from the budget grant for temporary establishment.

2. Renewed application should be made next official year if the continued employment of the man be found necessary.

3. This sanction has been registered as Provincial No. 14 W. of 1883-84 and classified as Establishment, Temporary.

Additional Draftsman for the Coimbatore Division

Sanctioning the temporary appointment of an —.

No 112 Executive Engineers office
Coimbatore 22nd April 1883.

1401
2

From

The Executive Engineer
Coimbatore Division

To,

The Superintending Engineer
Ist Circle

Sir,

I have the honor to bring the following facts to your notice and request that you will obtain early orders on the subject.

2. At the time of the amalgamation of the Coimbatore Division with West Coast portion of the West Coast Division, provision was made for the increased office work entailed by the new arrangement by making the Coimbatore Division previously a 2nd class into a 1st class Division

3 Again on my letter No 285 of 8th December 1882

1882, a temporary establishment in addition to the ordinary establishment was sanctioned.

4. The number of draughtsmen was however in no way increased and the necessity for this was not at the time apparent.

5. The establishment allowed for the original Coimbatore division was one 1st class draughtsman one 3rd class draughtsman and this was then sufficient.

6. Since the amalgamation an immense amount of extra work belonging to the West Coast has been thrown on the draughtsmen and especially on the Head draughtsman, and now after the experience of the last 7 months I am able to report that the ordinary establishment of one 1st class and one 3rd class draughtsmen is not sufficient to keep the work of this Division up to the mark.

7. It is with great difficulty that current

work is kept up to date, while many old standing references relating to irrigation projects in Coimbatore District, and also various calls for estimates and plans for buildings on the West Coast have to be deferred months by month for want of time on the part of the draughtsmen to attend to them.

8. I am of opinion that to carry on ordinary work and also to attend to the various calls for estimates for new works there should be a 1st class draughtsman for each portion of the division, viz. one for the West Coast and one for the Coimbatore District, the 3rd class man being employed generally as assistant to either.

9. I request therefore that you will recommend to Government that the scale of draughtsman for this division be increased from one 1st class to two 1st class one 3rd class to one 3rd class.
