GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

Office Note from the Examiner, Public Works Accounts, dated 24th April 1883, No. 92.

From G. H. W. WALKER, Esq., Officiating Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 5th May 1883, No. 676 G.

In reply to your letter, No. 1180 W., dated 19th April 1883, I am directed to state that the Government of India does not wish to offer any objection to events connected with Upper Subordinates in Madras being notified in Part II of the *Fort St. George Gazette*, if the Madras Government so desire.

ORDER—dated 18th May 1883, No. 1436 W., Public Works.

Under existing rules the following events in regard to the Engineer Establishment are notified in Part I of the *Fort St. George Gazette*:—

(1.) Appointments.
(2.) Postings.
(3.) Transfers.
(4.) Promotions.
(5.) Reversions.
(6.) Dismissals and Resignations.
(7.) Leave (except Privilege Leave).

2. The same course will now be followed in regard to the Upper Subordinate Establishment; but the Notifications will appear in Part II of the Gazette, and will issue under the authority of the Chief Engineer, or Superintending Engineer as the case may be.

3. Transfers sanctioned by Superintending Engineers, whether connected with the Engineer or Upper Subordinate Establishment, will be notified in Part II of the Gazette under the signature of the Superintending Engineer concerned.

4. Part I of the Gazette is thus reserved for certain events specified above in connection with the Engineer Establishment, and which are published under the authority of the Governor in Council; while Part II is to be employed for similar events connected with the Upper Subordinate Establishment, and for transfers of such members of the Engineer Establishment as may be ordered by Superintending Engineers under the authority vested in them by Code Rules.

5. The dates of making over and receiving charge of an office, or of departure on, or return from, leave of any kind, will not in any case be notified in the Gazette. This information is required principally for audit purposes, and will in future be communicated on Monday in each week direct to the Examiner, Public Works Accounts, instead of through the Chief Engineer as hitherto.

(5)

Ja W No. 1436/4

In re the subject of reports of events connected with Establishment now under consideration.

The following are the matters now dealt with by the Central Office either by orders emanating from this office or by reports from Sup.g Engineers

5 Orders of
(a) Appointment
(b) Promotion
(c) Reversion
(d) Dismissal
(e) Posting
(f) Transfer
(g) Leave [illegible]

7 Date and hour of

assumption and relinquishment of office in connection with the foregoing

III Transfers and leave under the authority of Supg. Engineers

IV Date and hour of assumption and relinquishment of office as regards III.

The orders emanating from the Central Office are communicated in manuscript to the Examiner P. W. Accounts, Supg. Engineers concerned, and sometimes to the Chief Engineer for Irrigation.

Reports made by Supg Engineers are received in this office, are then passed on to C and E.S.,

and on return are finally recorded in this office.

The amount of manuscript work involved in the procedure above indicated and the number of reports which have to pass through the various offices is considerable.

It is proposed that all works under

I (a)(b)(c)(d)(e)(f)(g), and

III

shall in future be gazetted in Part I of the Gazette as regards the Engineer Establishment and in Part II as regards Upper Subordinates.

Events under II and IV are required for audit purposes principally and

it would expedite and lessen work if they were reported to & direct by Supp. Engineers, instead of passing thro' this office as at present.

In the case of promotions to be made in consequence of officers proceeding on long leave, it is necessary to know the date on which an officer proceeds on leave but the information will, under the arrangements now proposed, be on record in C's Office, and as the draft notifications are passed thro' that Office for check prior to publication, the dates can be filled in without any trouble.

In no other case that I can imagine will any inconvenience be experienced by the absence of reports to this office of date and hour on which an officer may assume or relinquish an office, particularly as the information will be on record in C's office, and therefore accessible if required.
