19TH MAY 1883, No. 1448 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

1448
1

READ—the following letter from G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 2nd May 1883, No. 55 G.L. :—

The building erected at Dowlaishweram under sanction of G.O., No. 910, dated 6th April 1875, was intended for the "District Engineer's" Office only, which then consisted (exclusive of the Printing Press) of ten Clerks and Draughtsman.

2. The office of the Eastern Division was then located in a very unsuitable building in the workshop yard.

3. That building, besides being unsuitable, became unsafe, and about two years ago I moved the Divisional Office into the "District Engineer's" (now "Superintending Engineer's") Office building, and this arrangement I have found saves much time and written correspondence between the offices.

4. It was possible at first, with some crowding, to get both the offices into the rooms, but now the Eastern Division Office Establishment has grown to fourteen members, and they can no longer all be crowded into the rooms, and some have to work in verandahs and unsuitable places.

5. I therefore propose to make additions as shown in the accompanying plan and estimate (Rs. 2,450), which I trust you will sanction.

6. The proposed cost is, I need hardly say, very much less than would be that of a new building for the Division Office, and is also considerably less than would be the cost of patching up and extending the unsuitable building where the Divisional Office used to be.

ORDER—dated 19th May 1883, No. 1448 W., Public Works.

The plan and estimate, amounting to Rs. 2,450, for enlarging the Superintending Engineer's Office at Dowlaishweram, is sanctioned.

2. Funds will, if possible, be provided from the Provincial Reserve, after the usual demand on account of minor and incomplete works and repairs have been disposed of.

3. This sanction has been registered as Provincial No. 36 W. of 1883-84 and classified as Civil Buildings, Original Works.

FOR IRRIGATION.

DOWLAISHWERAM, 2nd May 1883

SIR,

The building erected at Dowlaishweram under sanction of G.O. No. 910-6/4/83 was intended for the "District Engineer's" Office only which then consisted (exclusive of the Printing Press) of 10 clerks & Draughtsman.

2. The Office of the Eastern Division was then located in a very unsuitable building in the Workshop yard.

3. That building besides being unsuitable became unsafe. & about 2 years ago I moved the Divisional Office into the "District Engineer's" new "Supr Engineer's" Office building and this arrangement I have found saves much time, & written correspondence between the offices.

4. It was possible at first with some crowding to get both the offices

into the rooms but now the Eastern
Division Office Establishment has
grown to 14 members, and they can
no longer all be crowded into the
rooms and some have to work in
verandahs & unsuitable places.

5. I therefore propose to make
additions as shown in the accom-
panying plan and estimate (Rs 2450)
which I trust you will sanction.

6. The proposed cost is I need
hardly say very much less than
would be that of a new building
for the Division Office - and is
also considerably less than would
be the cost of putting up & extending
the unsuitable building where the
Divisional Office used to be.

I have the honor to be,

Sir,
your most obedient

C. P. Paul
