Sir,

In reply to your Memo No. 572, of 1st instant, I have the honor to inform you that it would be very inconvenient to me to lose the services of Overseer Campbell at present, unless another overseer can be appointed to the Circle to take his place.

2 He is a young and comparatively inefficient hand, but he has been many years on the hills, and is steady and willing and appears to be able to stand the climate.

3 I saw him a few days since at Ootacamund, and he appeared to be

3 unwilling

unwilling to take up the appointment at the Civil Engineering College; except on the understanding that his promotion would go on in the Public works Department and that he would be allowed to return to it when he desired to do so.

4. Mr Campbell understood the offer to be that he might return to the Public works Department during, or at the termination of, his period of probation; but that, after that time, he would cease to have any claim to revert to the Department.

I have the honor to be,
Sir,
