

15TH JANUARY 1883, No. 149 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

No. 149.

READ—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer for Irrigation, dated Trichinopoly, 4th December 1882, No. 1607 T.J.:—

I have, with reference to your memorandum, No. VI-36, dated 6th May, the honor to forward the statement, revised, of the conservancy establishment proposed for the Cauvery Delta Works, and request, if possible, that sanction for it may be obtained without delay, so that it may be entertained by the commencement of the next official year.

2. As ordered by you (paragraph 7 of your memorandum), the Collector was written to regarding the proposed transfer of the Vickramanar head sluice and generally regarding the scheme. I enclose copy of his reply.

3. A properly paid establishment has been for years one of the great wants of Tanjore Delta, and considering the great interests at stake, the monthly cost of Rs. 1,235 proposed, in place of Rs. 808½ as now sanctioned, cannot be considered extravagant. I trust, therefore, it will be sanctioned without further reference.

No. 6 E.W.

Endorsement on the above.

Forwarded to the Chief Engineer, Public Works Department, with a recommendation that the proposed scale of conservancy establishment for the Tanjore District, amounting to Rs. 1,235 per mensem, may be sanctioned in lieu of the present scale, amounting to Rs. 808½.

2. The grounds on which the alterations in the scale have been proposed are shown in the tabular statement.

CHEPAUK,
10th January 1883.
