READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 27th May 1883, No. 799 :—

I have the honor to submit, for sanction, an estimate of Rs. 1,047, approved by the District Judge, for additions and improvements to the District Munsif's Court-house at Poonamallee. The construction of the Court was sanctioned in G.O., No. 2863, dated the 26th October 1876, and the

work was completed only in last official year; but the additional work now called for was not provided for when the estimate was made some seven years ago.

2. The principal item is a shed for the accommodation of witnesses and others attending the Court. Wooden rails for the dais and the bar are always considered necessary in a Court. Weather-boards to protect the windows and punkahs are accessories usually provided; and the only other item is a gate to close the entrance to the compound. There are no funds at my disposal at present. I have applied for Rs. 1,000 as anticipated outlay in the year on Minor New Works in the Chingleput Division.

ORDER—dated 6th June 1883, No. 1590 W., Public Works.

The estimate, amounting to Rs. 1,047, for certain additions and improvements to the District Munsif's Court-house at Poonamallee, is sanctioned against the Minor Works grant to the Chingleput Division.

2. The wooden rails to dais and bar and the punkahs should be provided at once in anticipation of an allotment to be made hereafter by the Superintending Engineer from funds which will shortly be placed at his disposal.

3. This sanction has been registered as Provincial No. 45 W. of 1883-84 and classified as Civil Buildings, Original Works.

It seems to me the Drain & Sewer
works should go on at once pending allot-
ment as building must be occupied early.
The By-laws provide that & rate can wait
till funds are available.
Unless there are orders to the contrary,
claims to claim effect may be added now.

The work should form
a charge against the
sums now granted to the

large funds he has no
sufficient funds, he
will doubtless propose
a re-appropriation.
