READ—the following letter from J. F. PRICE, Esq., Collector of the Chingleput District, to the Secretary to Government, Public Works Department, dated Saidápet, 1st June 1883, No. 262 :—

I have the honor to submit, for publication in the *Fort St. George Gazette*, two draft notifications in regard to land to be acquired under Act X of 1870, on behalf of the Public Works Department, for the diversion of the Buckingham Canal from Shadayankuppam Lock to Ennore, in the villages of Kattivakum and Shrotriern Eranavur, Saidápet Taluk, and to request that you will be good enough to obtain the sanction of Government for the proposed acquisition.

2. The General Charge Deputy Collector, whom I directed to negotiate for the transfer of the land in question, states that there will be difficulty in regard to the village of Eranavur, as some of the owners of land required reside in Madras, and are likely to give trouble.

3. He hopes to be able to procure the land at Kattivakum by private negotiation, but I am not by any means sure that he will in every case be successful.

4. The Executive Engineer in charge Buckingham Canal is pressing to have matters settled as soon as possible, as this is the most favorable period for working. I have therefore included in the notifications *all* the private land required. I cannot say what we shall be able to acquire by private negotiation and what not. If I wait until we know, time will be lost. I have therefore instructed the General Charge Deputy Collector to go on with private negotiation, and to make over the land to the Executive Engineer as terms are come to and money is paid, leaving those cases in which the law has to be put in force to the last. This will give him a start, and before he has worked out the land given over to him on private sale we shall, I hope, have the other ready to make over.

ORDER—dated 11th June 1883, No. 1629 W., Public Works.

The action of the Collector is approved.

2. The draft notifications submitted with the above letter will be published in the *Fort St. George* and *District Gazettes*.

the owners of land required, reside in Madras and are likely to give trouble.

He hopes to be able to procure the land at Kattivakam by private negotiation but I am not by any means ~~so~~ sure that he will in every case be successful.

The Executive Engineer in charge Buckingham Canal is pressing to have matters settled as soon as possible, as this is the most favourable period for working. I have, therefore, included in the Notifications all the private land required. I cannot say what we shall be able to acquire by private negotiation and what not. If I wait until we know, time will be lost. I have therefore instructed the General Charge Deputy Collector to go on with private negotiation and to make over the land to the Executive Engineer as terms are come to and money is paid, leaving those cases in which the Law has to be put in force to the last. This will give him a start and before he has worked out the land given over to him on private sale, we shall, I hope, have the other ready to make over.
