GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.

READ—the following letter from G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, Public Department, dated Ootacamund, 6th May 1883, No. 976 T. :—

In the Proceedings of the Government, Judicial Department, No. 616, Miscellaneous, dated the 3rd March 1883, sanction was granted for renting a building for the Sub-Registry Office at Udipi, in the district of South Canara, temporarily, until the repairs of the Taluk Cutcherry were completed.

2. The Sub-Registrar has now sent up the enclosed sketch plan of the Taluk Cutcherry, showing the portion allotted to him, 18 feet by 18 feet, and states that he experiences considerable difficulty in carrying on his work within this small space. He adds that a separate building is absolutely required for the following reasons :—

“(1.) That there is no sufficient and secure place to keep the records free from damp and dust.

(2.) That the Sub-Registrar and his establishment sit within elbow's distance from each other.

(3.) That there is scarcely a decent space left for the parties to wait.

(4.) That there is no verandah attached to the office where parties can sit.

(5.) That parties dislike the idea of the contents of their documents being known to outsiders, who also come to the office on business.

(6.) That as there is no separate accommodation, it is not possible to prevent the public from entering the office, when any inquiry is being held under Section 34 of the Act (Rule 9).”

3. Agreeing with the Sub-Registrar, I have the honor to recommend that the sanction of the Government may be procured for the construction of a separate office, on the standard design, for the Sub-Registrar of Udipi.
