GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Establishment.

READ—the following :—

From the Superintending Engineer, Third Circle, dated 3rd May 1883, No. 367.

ORDER—dated 16th June 1883, No. 1694 W., Public Works.

The Superintending Engineer, Third Circle, makes two recommendations in this letter—

- (1) That the pay of subordinates in Cumbum Taluk be raised owing to the high price of provisions and the unhealthiness of the locality.
- (2) That their families as well as themselves should receive medical attendance and medicines free of charge.

2. As regards (1) it would have been well if the Superintending Engineer had supported his application by figures showing the comparative prices of provisions in Cumbum and the adjoining taluks. As at present advised the Government are not prepared to accede to the request preferred.

3. With reference to (2) orders will issue in the Public Department after communication with the Surgeon-General.

From

To The Chief Engineer.

In

M.D.
Madras

I have the honor to report that
frequent appeals have been made by the
Subordinates located in the Cumbum Taluk
Kurnool District, that their pay may be
proportionately raised, as in the case of
those employed in the Wynad and Malabar
Districts as provisions of every description
are abnormally high in that Taluk and
that their families as well as themselves
should receive medical attendance and
medicines free of charge.

2. I am not aware whether their claims
for some extra monthly allowance have
ever been brought to the notice of Government
before, but it would appear that the very
unhealthiness of the climate, they have
to reside in and the dearth of provisions

generally, would call for some indulgence
being granted to them. and I trust that
you will be good enough to take their case
into consideration with the view of endeavour-
ing to ameliorate their present unfortunate
condition.

3 With reference to the second request
I say that the Medical Department
may be induced upon to grant the Families
of the Subordinates, medical aid &c. free
of charge - for the constant drain on
their pockets for medicine must be
most harassing to their feelings, not
having possibly too much money to meet
their monthly House Rent, and Boarding

4 Some such inducement, as that recom-
mended above would go far to make the
Subordinates of this Department, more
ready to take their turn of serving in the
Cannibum Salug and more contented whilst
there.

I have the honour to be
Your most ^{devoted} servant.

My dear Sir
Offg. Supy. Regiment

Intended to take up
this paper with the
question of increased
travelling allowances
of certain localities
included by the fact of
India from the new
code - but on looking
more closely into the
matter I find that
the "Subordinate of the
Cantonment" would be
not beneficial to any
great extent by ^{the} double
travelling allowances which
has been recommended
in the other cases.

Increased pay to execu-
tive & office subordination
which is what Major
Clarke apparently ad-
vocates. Such a request
is, it is thought, quite
inadmissible.

As regards Medical

attendants however to
families of Subordinates
in the Cumbum Taluk
there seems no reason
why it should not
be granted under the
circumstances explained
and this matter
might be referred
for consideration to the
Public Dept?

FOR ORDERS.

The Suptg Eng^r Third
Circle makes two recommendations
in this letter.

In the
families
and
as well
in charge

With regard to (1) it would
have been as well if the
3 Engineers had supported
his application by figures
showing the comparative
prices of provisions in Cumbum
the adjoining Taluks
As regards (2) I am under
the impression that all
Government servants
are entitled by regulation
to medical attendance
wherever there is a Medical
Officer stationed. The Surgeon
General might be referred
on this point.

(1) That the pay of Subordinates
in Cumbum Taluk be raised
owing to the high price of
provisions and the unhealthiness
of the locality.

(2) That their families as well
as themselves should receive
medical attendance and
medicines free of charge.

There would be some con-
siderable inconvenience in
complying with (1). Any

4. increase of pay that might
 be sanctioned would be
 immediately claimed by
 subordinates of all other
 Departments in the Salug.
 and it has not been shown
 that Cumbum is more expensive
 than other parts of the Presidency
 for which no increased allowances
 are given. In some special
 localities increased Travelling
 Allowances are conceded to
 meet the enhanced cost of
 Travelling, but Cumbum is
 not one of these.

As regards (2) a concession
 might, it is thought, be made.
 There is no question as to
 the extreme unhealthiness of
 the place - and medical
 attendance free of charge for

unhealthiness of Cumbum
 being traded on - For many
 years it was the head
 quarters of the Sub Division
 of Cuddalore who lived
 there with their families.
 A detachment of the Regt.
 from Cuddalore was
 always posted there
 and it was preferred to the
 head quarters. My nephew
 lived there for six years
 which included the
 fever period and
 complained. During
 the fever in Kene he
 some or breaks of fever
 in many other places
 at the same time but
 normally Cumbum
 by its means unhealthiness
 to compare it to the Hydrabad
 is absurd - H.V.

Subordinates and their families,
 1094 with free issue of medicines
 would be a sensible relief.
 This matter is however one
 which the Public Department
 will have to dispose of.

Should there be no
 serious objection to the con-
 -cession it is recommended
 that it be sanctioned
 in that Department.
