Read—the following letter from the Registrar of Nellore, to the Inspector-General of Registration, Madras, dated 3rd May 1883, No. 155:—

The Executive Engineer of Nellore informs me that as no funds have yet been allotted for the work, the construction of the new Sub-Registrar's Office at Kandukūr, sanctioned in G.O., No. 2738 W., dated 20th October 1882, has not been commenced. I was in hopes that the necessary appropriation of funds will be made at the commencement of the present official year, and if it has not been already made, I beg you will kindly arrange for the same, through Government, at an early date. The present accommodation at Kandukūr, as you have personally observed, is very inconvenient, the Sub-Registrar doing duty in a shed outside the Taluk Cutcherry, where in a small room the records are secured. Besides the difficulty of moving current records to and fro, the Sub-Registrar is not in a position to exercise a proper supervision over his record-room, which, under the circumstances, must necessarily be inconvenient.
