I have the honor to submit an application with its enclosures from the Executive Engineer, Nílgiri Division, for employment of an extra Draughtsman (1st Class) for four months at a cost of Rs. 200 for bringing up the arrears of work in his office, as explained in his letter herewith forwarded, and to recommend that it may, if possible, be sanctioned.

1. Statement showing the proposed changes.
2. List of estimates to be prepared.
3. Executive Engineer's letter, No. 273, dated 14th December 1882.

Enclosure.

From J. C. LARMINIE, Esq., Executive Engineer, Nílgiri Division, to the Superintending Engineer, Fourth Circle, dated Ootacamund, 14th December 1882, No. 273.

I have the honor to bring to your notice the urgent need there is for the employment in this office of an extra Draughtsman (1st Class).

The estimates for almost every work now in progress, notably Post and Telegraph Office, Ootacamund, and Cinchona buildings, Naduvatam, will have to be revised. My Draughtsmen are at present engaged on plans and estimates for military works to be carried out next year. Calls for estimates for new works are being constantly received from various departments. It will be impossible to get through all the work there is to be done *in time* without some additional aid. I therefore trust you will be able to obtain sanction to the entertainment of an extra 1st-class Draughtsman on Rs. 50 per month for a period of four months.
