Resolution—dated 11th September 1882, No. 2264.

Submitted for the information of Government.

2. The expenditure under Petty Construction and Repairs for 1881-82 as reported in the above letter is shown below in comparison with the budget allotment :—

	Budget allotment.	Expenditure as reported by Collector.	Unexpended Balance.
Petty Construction and Repair under—	RS.	RS.	RS.
Land Revenue ...	7,212	2,160	5,052
Customs...	2,041	1,590	451
Total ...	9,253	3,750	5,503

It is much to be regretted that but little over 40 per cent. of the allotment was utilized during the year.

3. The expenditure on works "Land Revenue" entered above differs from that entered in the Collector's Progress Report for March 1882, viz., Rs. 2,380. The difference, Rs. 220, should be explained.

4. The transfer to Land Revenue of the expenditure of Rs. 30 on Sub-Jails referred to in paragraph 13 is approved.

ORDER—dated 11th December 1882, No. 1392, Revenue.

Miscellaneous.

It is not understood on what principle these so-called reserves are made. It is observed that about 75 per cent.

of the reserves have remained unutilised, while the proportion of total outlay to total allotment was only 40 per cent.

2. It is to be regretted that, while provision of accommodation essentially required for the public service has to be postponed in many cases from want of funds, allotments made from such as are available should be left unutilised. The Board will instruct the Collector to confine his applications in future to actual requirements or to what is likely to be actually expended within the year.

13. In the Treasury account the expenditure on account of Sub-Jails has been shown under "Land Revenue," except a portion (viz., Rs. 50) of the sum of 50 rupees spent on repairs to the Chatrapur Sub-Jail, which is a mistake: adjustment may now be made by a transfer to the item "Land Revenue," if the Board authorize such a course.

14. *Sea Customs.*—The grant for repairs to Sea Customs buildings was Rs. 2,041 inclusive of the reserve. The expenditure was Rs. 1,589-10-10 on the following works:—

	RS.	A.	P.
(1.) Sea Customs Office, Gopālpur	257	10	0
(2.) Do. Calingapatam	256	8	4
(3.) Do. Pāndi	109	7	4
(4.) Do. Sonnappur	55	8	0
(5.) Do. Bāruva	50	0	0
(6.) Do. Bayanapadu	98	12	8
(7.) Merchant's store-shed at Calingapatam	761	12	6
Total	1,589	10	10

15. The buildings have been inspected and are in thorough good order.

16. On inspecting the dead-house at Berhampore, Mr. Leman considered certain repairs to be necessary. The Department of Public Works sent an estimate for Rs. 220, but declined to execute the repairs. They were done by the Berhampore Town Magistrate. The sum was debited to Law and Justice.

17. The following works were also executed by the Civil Department:—

	RS.	A.	P.
(1.) Repairs to the Protestant Church at Chicacole	115	0	0
(2.) Do. do. at Berhampore	215	15	0
(3.) Repairs to Burial-ground at Parlākimedi	3	0	0
(4.) Do. do. at Ichāpur (Raktakanma)	8	11	6
Total	372	10	6

the allotment for churches being Rs. 200 and burial-grounds Rs. 110.

18. The reserve under each head was an approximate amount intended to meet the unforeseen demands. It was utilized so far as estimates were received. Hence the decrease in expenditure against allotment.

19. The following were the works of public utility constructed in 1881-82 by private individuals:—

Six tanks at Samarajodu, Ballaputtuga, and Jayipadu in the Berhampore Taluk, and at Hollondikola, Kattiborali, and Dhumadhunni in the Goomsur Taluk;

Four wells at Ballaputtuga in Berhampore and Padmanabhapuram, Kumarada and Davuni in Pedda Kimedi;

A temple at Vendasingi in Pedda Kimedi;

Two thatched houses at Vendasingi and Pendrabadi in Pedda Kimedi for the accommodation of the travellers;

A well at Bhaiyripuram in Jarada; and

A tank at Rāmachandrapuram Agraharam in Srikurram.

20. The cost of the last two works is Rs. 150 and Rs. 600, respectively; the value of the others is not known.

6. The allotment for repairs, including the reserve, is Rs. 2,383, and the expenditure Rs. 517-12-0 as detailed below:—

	RS.	A.	P.
1. Deputy Tahsildar's Office, Ichākimedi	109	0	0
2. Do. do. Sōmpet	80	4	0
3. Do. do. Ichā	6	0	0
4. Do. do. Raghunāthapuram	60	0	0
5. Do. do. Narsannapet	35	8	0
6. Library-room of the Collector's Office	62	0	0
7. Assistant Collector's Office	5	0	0
8. Principal Assistant Collector's Office	100	0	0
9. Tahsildar's Office, Chicacole	60	0	0
Total	517	12	0

7. The decrease is chiefly due to the reserve not having been fully availed of and to no repairs having been done to the Goomsur Tahsildar's office with the trifling allotment of Rs. 150, pending the conversion, by the Department of Public Works, of its terraced roof into a tiled one. The Executive Engineer promised to begin the work on the 22nd April 1882—*vide* paragraph 5 *supra*.

8. *Jails.*—The following were the new works constructed during the year at a cost of Rs. 1,117, out of an allotment of Rs. 1,070:—

	RS.
1. Constructing two additional wards to the Sub-Jail attached to the Sub-Magistrate's Office, Berhampore	770
2. Constructing an additional ward to the Sub-Jail, Ichāpur	300
3. Constructing two cook-rooms for the use of prisoners at Narsannapet	47
Total	1,117

9. No. 1 was constructed in lieu of the additional verandah to the Sub-Magistrate's Cutcherry and cook-room to the Sub-Jail at Ganjam under the circumstances explained in my letter of the 8th February last, No. 576, and sanctioned by the Board in their Proceedings, No. 625, dated the 2nd March.

10. The slight excess over the allotment under this head is due to the undertaking of the third work which was not provided for in the budget, and the amount was met from the reserve repairs under this head, under the authority conveyed in the Board's Proceedings, dated 25th April 1881, No. 706.

11. The allotment for repairs including that provided under reserve was Rs. 500 while the expenditure amounted to Rs. 315 as shown below:—

	RS.
1. Sub-Jail, Chatrapur	50
2. Do. Chicacole	40
3. Do. Raghunāthapuram	40
4. Do. Narsannapet	40
5. Hospital shed and latrine attached to the Sub-Jail at Narsannapet	115
6. Cook-room and latrine attached to Sub-Jail at Sōmpet	30
Total	315

12. The cause for the decrease under this head is also ascribable to the non-utilization of the full reserve and to the erroneous inclusion, under this head in the budget, of the estimate for repairs to Sōmpet Deputy Tahsildar's Office.

6. The allotment for repairs, including the reserve, is Rs. 2,383, and the expenditure Rs. 517-12-0 as detailed below:

	RS.	A.	P.
1. Deputy Tahsildar's Office, Parlákimedi	109	0	0
2. Do. do. Sampet	80	4	0
3. Do. do. Aska	6	0	0
4. Do. do. Raghunāthapuram	60	0	0
5. Do. do. Narsanapur	35	8	0
6. Library-room of the Collector's Office	62	0	0
7. Assistant Collector's Office	5	0	0
8. Principal Assistant Collector's Office	100	0	0
9. Tahsildar's Office, Chicacole	60	0	0
Total	517	12	0

7. The decrease is chiefly due to the reserve not having been fully availed of and to no repairs having been done to the Goomsur Tahsildar's office with the trifling allotment of Rs. 150, pending the conversion, by the Department of Public Works, of its terrace roof into a tiled one. 2. Constructing an additional ward to the Sub-Jail, Ichapur	300
3. Constructing two cook-rooms for the use of prisoners at Narsanapur	47
Total	1,117

9. No. 1 was constructed in lieu of the additional verandah to the Sub-Magistrate's Cutchery and cook-room to the Sub-Jail at Ganjam under the circumstances explained in my letter of the 8th February last, No. 576, and sanctioned by the Board in their Proceedings, No. 625, dated the 2nd March.

10. The slight excess over the allotment under this head is due to the undertaking of the third work which was not provided for in the budget, and the amount was met from the reserve repairs under this head, under the authority conveyed in the Board's Proceedings, dated 25th April 1881, No. 706.

5. Hospital, and cook-room attached to the Sub-Jail at Narsanapur	115
6. Cook-house and latrine attached to Sub-Jail at Sampet	30
Total	315

12. The cause for the decrease under this head is also ascribable to the non-fulfilment of the full reserve and to the circumstances mentioned under this head in the Budget of the estimate for repairs to the Deputy Tahsildar's Office.

13. In the Treasury account the expenditure on account of Sub-Jails has been shown under "Land Revenue," except a portion (*viz.*, Rs. 30) of the sum of 50 rupees spent on repairs to the Chatrapur Sub-Jail, which is a mistake: adjustment may now be made by a transfer to the item "Land Revenue," if the Board authorize such a course.

(4.) Do. do. at Ichápur (Raktakanna)	8	11	6

the allotment for churches being Rs. 200 and burial-grounds Rs. 110.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 11th September 1882, No. 2264:—

READ—the following letter from H. St. A. GOODRICH, Esq., Collector of Ganjam, to the Secretary to the Board of Revenue, dated Chatrapur, 15th August 1882, No. 2636:—

I have the honor to report on the Public Works executed by the Revenue Department of this district during the past official year 1881-82.

2. The allotments for the year sanctioned by the Board in their Miscellaneous Proceedings, No. 8996, dated 4th October 1881, are shown below, after making the subsequent transfer approved of in their Proceedings, dated 25th January 1882, No. 672, Miscellaneous:—

							Works. RS.	Reserve. RS.
Land Revenue—								
Original	...	...	...	...	...	...	1,527	1,732

Original	...	...	...	...	...	...	1,070	...

						Total	1,340	230
Sea Customs—								
Repairs	...	...	...	...	...	...	330	1,711
						Grand Total	3,732	5,521

3. Land Revenue.—The only new works constructed during the year were—

	RS.
1. Raising a compound wall in front of the Deputy Tahsildar's Office, Aska	150
2. Constructing a thatched shed near the Principal Assistant Collector's Office	60
Total	210

4. The cause for the short expenditure is due to the additions required for the Collector's Cutcherry (Rs. 557) and the fitting of lightning conductors to the Tahsildar's Office, Goomsur (Rs. 760) having been postponed, and to there being no necessity for any expenditure out of the reserve (Rs. 1,732).

5. The work at Goomsur is in progress. The late District Engineer found it necessary to prepare fresh estimates for the repairs to the Collector's Cutcherry; the weak couple roofs of the buildings composing the accommodation of that office are a source of constant expense.
