REVENUE BOARD OFFICE,
Madras,
th March 1882,

(Signed) E. GIBSON,
Acting Sub-Secretary.

Exd. A. S. Rodgers.

No. 803.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th March 1882.

Read the following Proceedings of the Madras Government, Financial Department, dated 8th February 1882, No. 211.

READ—the following Proceedings of the Board of Revenue, dated 18th November 1881, No. 2867 :—

ABSTRACT.—Reviewing and submitting for the orders of Government *Local Fund Budget Estimate* of the Chingleput Circle for 1882-83.

READ—the following Proceedings of the Board of Revenue, dated 24th November 1881, No. 2939.

Read—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Coimbatore, 28th October 1881, No. 2795 :—

I have the honor to report, for the information of the Board of Revenue, that it is proposed by the Chingleput Local Fund Board to set apart a sum of Rs. 8,500 for sanitary purposes for the year 1882-83. This gives a percentage of 18·2 on available income, and is a slight improvement over the grant for the current year. It may be accepted. I also approve of the manner in which it is proposed to dispose of the allotment. The conservancy of ten of the more important towns will be looked after, and water-supply and improvements of village-sites will also receive attention.

2. Rs. 5,000 has been allotted for vaccination, which appears to be ample. No details of the establishment to be employed are given; I observe, however, that provision has been made for a Second-class Deputy Inspector of Vaccination in addition to the staff at present employed. A Second-class Deputy Inspector appears to be a desideratum in the Chingleput District, where the President takes a great interest in working the system of compulsory vaccination in Result Grant Schools. I would recommend that the appointment be sanctioned.

Resolution—dated 24th November 1881, No. 2939.

Submitted to Government in continuation of Board's Proceedings, dated 18th November 1881, No. 2867, reviewing the Local Fund Budget Estimate of the Chingleput Circle for 1882-83.

(A true Copy and Extract.)

(Signed) E. GIBSON,
Acting Sub-Secretary.

READ—the following Proceedings of the Board of Revenue, dated 22nd December 1881, No. 11026 (Miscellaneous).

Read—the following letter from J. F. PRICE, Esq., President of the Local Fund Board, Chingleput District, to the Acting Secretary to the Board of Revenue, dated Saidápet, 20th October 1881, No. 53 :—

In reference to the Proceedings of the Board of Revenue, Miscellaneous No. 413, dated 17th January last, I have the honor to transmit an extract from the Proceedings

of the Local Fund Board of the Chingleput Circle, No. 19, dated 28th September 1881, Resolution 1, on the subject of the establishment of an Elementary Normal School in the district.

2. The details of the scheme, rules, &c., will be sent up, when forwarded by Sub-Committee.

Resolution—dated 22nd December 1881, No. 11026, Mis.

Submitted to Government in continuation of Board's Proceedings, dated 18th November 1881, No. 2867.

(A true Copy and Extract.)

(Signed) E. GIBSON,
Acting Sub-Secretary.

ENCLOSURE No. 1.

EXTRACT from the Proceedings of the Local Fund Board of the Chingleput Circle, No. 19, dated 28th September 1881.

PRESENT:

1. J. F. Price, Esq., President.
2. M.R.Ry., P. Vedantachariar Avergul, Deputy Inspector of Schools, Chingleput Range.
3. Rev. W. Stevenson, M.A.
4. M.R.Ry., P. Rungiah Naidu Gáru.
5. " P. Elayalwar Naidu Gáru.
6. " G. Rajagopaul Naidu Gáru.
7. " V. Streenivasa Raghava Chariar Avergul.

B.—Education.

- (1). Read Board's Proceedings, Miscellaneous No. 413, dated 17th January 1881, requesting the President to lay the Director of Public Instruction's letter, No. 5770, dated 13th December 1880, before the Circle Board, and ascertain their views regarding the opening of an Elementary Normal School in the Circle.
- (2). Read letter from the Director of Public Instruction, Mysore and Coorg, furnishing, in reference to the Circle Board's Resolution, No. 6, dated 28th April 1881, information regarding the working of the Hubli Normal Schools.
- (3). Read also Minutes of the Members and President on the subject.

The Board approve of the scheme proposed, for which they have already provided in the budget for the coming year. They consider that two Normal Training Schools should be opened, one in each education division, and that measures should be adopted by which the Masters of all Result Schools should be compelled to obtain a certificate of proficiency from the Training School or forego the grants.

They resolve that the consideration of the scale and qualifications of the educational staff to be entertained, the question as to where the schools shall be located, the time within which Masters should qualify, and the drafting of the rules, under which the scheme shall be worked, be referred to the undermentioned Committee with power to add to their number:—

The Inspector of Schools.
The Rev. W. Stevenson.
The Deputy Inspector of Schools, Saidápet Range.
The Deputy Inspector of Schools, Chingleput Range.

ORDER—dated 8th February 1882, No. 211, Financial.

The estimated receipts and charges of the Chingleput Circle for 1882-83 are compared below with the sanctioned and regular estimate for the current year.

2. The regular estimate of receipts, omitting balances as revised by the Board of Revenue with reference to the Accountant-General's latest accounts, shows an increase of Rs. 8,010 chiefly under "Tolls," "Contribution from other Circles," and "Special Funds." The increase under Tolls is attributed to transfers of some of the toll-gates to better sites, and that under Contributions to the payment by the Chittoor Circle Board of Rs. 2,060 for the maintenance of the roads in the Tiruvallūr Taluk passing through the North Arcot District with reference to G.O., 15th June 1881, No. 1089.

3. The estimate of receipts for 1882-83 follow closely the regular estimate figures and do not call for remark.

4. The Public Works provision is fully explained by the Board of Revenue and is approved except the amount reserved for famine adjustments which it is desirable to reduce from Rs. 20,000 to Rs. 10,000, considering the extremely inadequate provision under Road Fund Reserve, the absence of any Road Fund balance, and the necessity which has been urged for increasing the maintenance grants of some roads. The Road Fund Reserve should be raised by the amount so saved. The Government regret the necessity for continuing to reserve funds for the famine debt notwithstanding their opinion in paragraph 3 of G.O., dated 16th May 1881, No. 864, that the system should close with the current year. The increased provision under Education, rendered necessary by the contemplated opening of the Normal School and enhanced grants for Results Schools, is passed pending the approval of the Director of Public Instruction, whose report should have been before the Board of Revenue when the Budget Estimates were reviewed by them. The opening of two new Dispensaries (one at Sriperumbudur and the other at Tirupórá) is sanctioned, as also the increase of pay from Rs. 25 to 30 proposed to be given to the pensioned First-class Hospital Assistant attached to the Sembiam Dispensary. Under the explanation furnished by the Sanitary Commissioner in his letter printed in Board's Proceedings, 24th November 1881, No. 2939, the employment of a Second-class Deputy Inspector of Vaccination is sanctioned. The rule that unvaccinated children will not be admitted for Results Grants Examination has doubtless operated to stimulate vaccination. The provision for Sanitation is satisfactory; but it is hoped that larger grants will be made in the course of the year for the removal of the prickly-pear in villages where it has become an intolerable nuisance.

5. With the above remarks the Right Honorable the Governor in Council passes the budget of the Chingleput Local Fund Board for 1882-83.

(True Extract.)

(Signed) R. DAVIDSON,
Chief Secretary.

THE Local Fund Budget of the Chingleput Circle for 1882-83 is herewith circulated to all officers concerned.

2. *Paragraph 4 of the Government Order.*—The Road Fund reserve is raised by Rs. 10,000, a corresponding reduction being made in the amount reserved for famine adjustment.

3. The remarks of the Director of Public Instruction on the Educational portion of the budget were submitted to Government in Board's Proceedings, dated 23rd February 1882, No. 567.

4. The provision for Vaccination is raised to Rs. 5,000 to meet the salary of the additional Deputy Inspector of Vaccination sanctioned by Government. The enter-

tainment of a Peon on Rs. 5 per mensem is also sanctioned, and he will be allowed batta at one anna per diem under G.O., Financial Department, dated 27th January 1879, No. 133.

General Fund		23,705	22,080	3,210
Total		2,59,162	3,13,760	2,97,400

2. *Regular Estimate for 1882-83.*—Excluding opening balances which, as advised by the Accountant-General, exceed the estimate by Rs. 57,380, owing to causes explained in paragraph 2 of the Board's Proceedings, the receipts under the regular estimate show an increase of Rs. 30,280, occurring mainly under "Land-cess" and "Tolls," and due, in the latter case, to the transfer of certain toll-gates to better localities. On the charge side it is observed that a subsequent allotment of Rs. 470 under Grant III, Sanitation, has been sanctioned in Board's Proceedings, 15th January 1883, No. 259, Routine. The figures in the abstract at the head of these Proceedings are altered accordingly.

3. *Budget Estimate for 1883-84.*—The estimated receipts for 1883-84, less the opening balance, show an advance over the regular estimate of Rs. 1,520 occurring principally under "Tolls," and due to the cause already noticed. Under Charges, the

provision under Grant I for New Works and Repairs has been redistributed with reference to the explanations furnished by the President in his letter printed in Board's Proceedings, dated 29th March 1883, No. 882. With reference to paragraph 6 of the Board's Proceedings submitting the budget, it is observed that the effect of G.O., Financial, 22nd March 1880, No. 609, appears to have been misconceived both by the President and by the Board, and that it was not intended by that order to affect, in any way, previously existing rules as regards sanctioning powers. Paragraph 9 of the Order is sufficiently clear on the subject. The proposed increase in the salaries of the Local Fund Engineering Establishment is approved, as is also the provision for the repayment of the balance due on account of famine adjustment. The increased allotment provided for education has the approval of the Director of Public Instruction, and is passed accordingly. Under Grant III, the proposal to establish two more dispensaries at Nágálápúram and *Utramérúr* is approved and sanctioned.

4. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Chingleput Local Fund Circle for 1883-84.

Local Funds—Budgets.

Reviewing the Budget Estimates of the Chingleput Local Fund Circle for 1883-84.

BOARD OF REVENUE, 24TH NOVEMBER 1882, No. 2893.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from J. F. PRICE, Esq., President of the Local Fund Board, Chingleput District, to the Secretary to the Board of Revenue, dated Saidápet, 2nd October 1882, No. 57 :—

I have the honor to submit the Budget Estimate of the Chingleput Circle for 1883-84, which was passed by the Local Fund Board at their meeting held on the 28th ultimo.

2. REGULAR ESTIMATE, 1882-83—*Receipts*.—The actual balance on the 1st April 1882, as communicated by the Accountant-General in his result statement on the supplemental accounts for March last, was Rs. 1,08,480, distributed amongst the minor Funds as under :—

	RS.
(a) Road Fund	82,330
(b) Endowment Fund	2,450
(c) General Fund	23,700
Total ...	1,08,480

These figures have been adopted as the opening balances of the Regular Estimate for 1882-83.

The receipts, including the balance, have been estimated at Rs. 3,13,760 against the Budget Estimate of Rs. 2,26,100 and the actuals of 1881-82 of Rs. 2,56,535, which exclude the Miscellaneous Debt Accounts. The causes of variations under each head, between the Budget and the Regular Estimates, are fully explained in the remark column of the latter statement. The large increase of Rs. 87,660, as compared with the Budget figure, occurs under the following heads :—

	As per Budget Estimate	As per Regular Estimate	Increase.
	RS.	RS.	RS.
1. Balance... ..	51,100	1,08,480	57,380
2. Land Cess	1,40,000	1,60,000	20,000
3. Tolls	24,000	31,100	7,100
4. Interest on arrears of Revenue	500	2,100	1,600
5. Other items	7,090	8,670	1,580
Total ...	...	...	87,660

3. *Expenditure*.—The amount fixed for expenditure in the Regular Estimate is Rs. 2,23,760 against the Budget grant of Rs. 2,16,230. The increase is due chiefly to the fresh allotment of funds for the payment of compensation for lands taken up for roads and for special repairs to the Western Trunk Road. Increased provision has also been made in the Regular Estimate for medical contingencies as the Budget grant has been found insufficient for the purpose. Deducting the expenditure from the receipts, there is a balance of Rs. 90,000, which is made up of—

	RS.
Under Road Fund	65,630
Do. Endowment Fund	2,890
Do. General Fund	21,480
Total ...	90,000

These figures have been carried forward to the Budget of 1883-84.

4. **BUDGET ESTIMATE, 1883-84—Statement I-A, Revenue and Receipts.**—The receipts under all heads, excluding the opening balance, have been estimated at Rs. 2,06,800, the details of which are explained below.

5. **Allotment from General Revenues—Fishery Rent.**—As directed in paragraph 3 of the Board's Circular Memorandum, No. 2095, dated 21st August 1882, "Fishery Rent" has been shown in the Budget as a separate minor head under "Allotment from General Revenues." Against the Budget Estimate of Rs. 1,200 for the current year, the Regular Estimate has been fixed at Rs. 1,700, as, during the first five months, large deposits paid by some of the renters were credited to this head in addition to the ordinary collections. For 1883-84, the sum of Rs. 1,200 (at Rs. 100 a month), which is the current year's figure, is all that can be expected.

6. **Special Funds—(i) Surplus Pound Fund.**—Rs. 1,500 have been calculated under this head in reference to the current year's Regular Estimate (Rs. 1,500) and the actuals (Rs. 1,503) of 1881-82. The sum of Rs. 1,700 entered in the Budget for 1882-83 was somewhat a high figure.

(ii) **Interest on Promissory Notes.**—This is a fixed item, being interest drawn at 4 per cent. on Rs. 24,800 invested in Government securities derived from the late surplus Pagoda Fund.

7. **Land Cess.**—It will be observed, from the Demand Collection, and Balance Statement of Land Cess, which has been prepared in the form prescribed in the Board's Circular Memorandum, quoted in paragraph 5 *supra*, and which is annexed to the Budget, that an approximate balance of Rs. 85,980 will remain uncollected at the end of the current year. As regards the current demand for 1883-84, the only data available are the figures of the actual demand for 1880-81 (Fasli 1290), which was settled during the Jamabandi of that year at the increased rate of one anna in the rupee. As the accounts relating to Fasli 1291 are not yet available, the figures of Fasli 1290 alone should be taken for the purpose of the Budget Estimate, viz., Rs. 1,48,710. The total demand for next year will thus be Rs. 2,34,690. Making due allowance for such sums as may remain uncollected as well as for such arrears as are irrecoverable and which will eventually have to be written off, the sum of Rs. 1,60,000 is all that can safely be expected in 1883-84 in reference to the actuals and the Regular Estimates of the past and current years, respectively. Deducting the estimated collections from the demand above referred to, the balance remaining on the 31st March 1884 will be Rs. 74,690, which is Rs. 23,940, less than that existing on the corresponding date in this year.

8. **Tolls.**—Owing to the removal of the toll-bar at the Kortalayár bridge on the Northern Trunk Road to the Red Hills on the same road (G.O., Financial Department, No. 320, dated 23rd February 1881) and of the gates at Pallávaram and Madurantakam, both on the Southern Trunk Road to Vandalúr (G.O., Financial Department, No. 1738-A, dated 11th September 1880), and the north bank of the Pálár river (G.O., Financial Department, No. 50, dated 10th January 1881) also on the same line, the income under this head in 1881-82 amounted to Rs. 27,270 against the Budget and Regular Estimates of Rs. 19,000 and Rs. 24,000, respectively.

G.O., Financial Department, No. 241 (Routine), dated 14th February 1882.

G.O., Financial Department, No. 711, dated 18th July 1882.

During the current year the tolls at Damal and Uthukottah were, under the orders of Government marginally noted, transferred on the 1st September 1882 to better localities, the former to Noombul on the Western Trunk Road and the latter to Poroor on the branch from Sriperumbudur to Kódambákam, in the Saidápet Taluk. The latter is intended chiefly as a stop-gate. Though there are no sufficient data to determine what the revenue at the new sites will eventually be, yet the receipts obtained during the first fortnight after the change showed that a large increase might be expected. Under these circumstances, the current year's Regular Estimate for the income under "Tolls" has been fixed at Rs. 31,100, or Rs. 7,100 more than the Budget figure and the Budget Estimate for 1883-84 at Rs. 34,000. I

may here mention that the removal of the Damal Toll, as stated above, put an end to the ticket exemption between the Local and Municipal Boards authorized in G.O., Financial Department, No. 1572, dated 30th July 1875. The one-third contribution * payable to the Chingleput Local

* *Vide* paragraph 6 of Board's Proceedings, No. 4968, dated 10th November 1879. Fund Board from the Municipal Tolls of Conjeeveram has therefore been fixed for

1883-84 on the gross receipts at Rs. 1,000 against Rs. 600 for 1882-83. The subjoined memorandum shows the income expected from each toll-gate, as compared with the Budget and the Regular Estimates for the current year:—

	Budget Estimate, 1882-83.	Regular Estimate, 1882-83.	Budget Estimate, 1883-84.
	RS.	RS.	RS.
1. Red Hills	14,000	15,570	15,000
2. Vandalúr	3,600	4,430	4,500
3. North Bank of the Pálár	2,400	2,800	2,800
4. Noombul	2,400	5,000	7,200
5. Poroor	1,000	2,500	3,500
6. Contribution from the Municipal Tolls of Conjeeveram	600	800	1,000
Total	24,000	31,100	34,000

9. **School Fees.**—Rs. 400 were estimated for the current year on account of fees to be collected in the Saidápet Primary School in reference to the estimate and the actuals of the previous years. But, in June last, the two divisions of the second class were transferred from the Saidápet High School to this institution, and its numerical strength has been considerably increased (*vide* Board's Proceedings, Routine No. 4164, dated 26th July 1882). Owing to this cause, the Regular Estimate for 1882-83 has been fixed at Rs. 950. For 1883-84, Rs. 1,100 have been estimated as the income to be derived from this source, made up of Rs. 1,000 to be collected from the Saidápet School and Rs. 100 from the pupils attending the practising classes of the Elementary Normal School at Poonamallee which is shortly to be opened.

10. **Contribution from other Circles and Municipalities.**—In his letter, No. 1220, dated 8th March 1882, embodied in G.O., Financial Department, No. 300, dated 16th idem, the Director of Public Instruction recommended that the contribution of Rs. 100, hitherto paid by the Conjeeveram Municipality to the Local Fund Board on account of educational inspection, might, from the current official year, be paid either to the Head Master of the Free Church Mission School at Conjeeveram or to the Master of the Patcheappah's Branch School at the same place, as it would be a better arrangement for securing an efficient supervision over the Municipal schools. As the views of the Commissioners on the subject have not yet been received, credit has been taken for this amount in the Regular Estimate, but, in the Budget, nothing has been entered under this head, as it is likely that effect may be given to the new scheme from the beginning of the next official year.

As regards the contribution to be made by the Chittoor Local Fund Board for the up-keep of certain roads in the Tiruvallúr Taluk, passing through the North Arcot District, sanctioned in G.O., Financial Department, No. 1089, dated 15th June 1881, the current year's figure has been repeated, both in the Regular and Budget Estimates for 1882-83 and 1883-84, respectively, as no change is considered necessary for the present.

11. **Hospitals and Dispensaries.**—Credit has been taken for Rs. 50, both in the Regular and Budget Estimates, for the rent of the Inam lands attached to the

chattram at Nungumbaukum, which were transferred to the Local Fund Dispensary at Saidápet, under G.O., Revenue Department, No. 551, dated 17th February 1882, communicated with Board's Proceedings, No. 1641, dated 23rd idem. Adding to the amount above referred to Rs. 140, being the interest due on the promissory notes belonging to the Chingleput Dispensary, the receipts of the two endowed hospitals have been raised to Rs. 190.

12. *Choultries*.—The only endowed chattram now in charge of the Local Fund Board is the one at Chingleput, that near Sriperumbudur called "Venkatarunga Pillai's Choultry" having been demolished and its endowments transferred to the institution just mentioned (*vide* G.O., Revenue Department, No. 1922, dated 13th December 1881). The receipts for the Chingleput Choultry have, therefore, been estimated at Rs. 120 against Rs. 60 for the current year.

13. *Interest on Arrears of Revenue*.—The current year's estimate, under this head, was Rs. 500, which is very low. As the system of charging interest on arrears of revenue of all kinds is being strictly attended to, Rs. 1,116 were credited up to 31st August last. Estimating the income for the remaining seven months at Rs. 984, as there are large arrears under land cess upon which interest should be charged, the Regular Estimate for 1882-83 has been fixed at Rs. 2,100. For the Budget of 1883-84, Rs. 2,000 have been put down.

14. *Public Works Receipts and Refund of Expenditure*.—These items have not been budgeted for as they are not fixed sources of revenue.

15. The remaining items which have been estimated in reference to the actuals of 1881-82 and the Budget and Regular Estimates for 1882-83 need no explanation.

16. The total receipts for 1883-84, including the opening balance, amount to Rs. 2,96,800, distributed amongst the minor Funds as under:—

	Balance.	Receipts.	Total.
	RS.	RS.	RS.
Road Fund	65,630	1,48,070	2,13,700
Endowment Fund	2,890	710	3,600
General Fund	21,480	58,020	79,500
Total ...	90,000	2,06,800	2,96,800

17. B, Expenditure—Grant I, Public Works—New Works—Communications.—

	RS.
1. Recoating the 6th mile of the road from Madras to Ennore ..	5,700
2. Restoring the worst portions of the road from Kódámbakam to Sriperumbudur	5,150
3. Restoring the worst portion of the road from Sathiavedu <i>viá</i> Tiruvallúr and Poonamallee to St. Thomas' Mount	2,280
4. Forming a roadway across the Arani river near Uthukottah	1,320
Total ...	14,450

The Local Fund Board have allotted Rs. 14,450 for the restoration and improvement of the four roads noted in the margin, the estimates for which have been, under the authority conveyed in paragraph 8 of G.O., Financial Department, No. 609, dated 22nd March 1880, duly sanctioned by the Local Fund Board. According to orders, 5 per cent. of the Road Fund receipts ought to be devoted for the improvement of village roads. The amount to be set apart for 1883-84 will thus be Rs. 7,400, of which Rs. 6,000, at Rs. 1,000 for each taluk have been provided. The sum of Rs. 1,000 has also been assigned for such emergent works as may be found necessary during the course of the year.

As stated in paragraph 8 *supra*, the toll-gates at Damal, Uthukottah, and Madrántakam were transferred to Noombul, Poroor, and the north bank of the Pálár river, respectively. Rs. 1,050 have been allotted for the erection of three toll-sheds at these places, at a cost of Rs. 350 each. The construction of these works will be taken in hand only when the new sites prove a success. The total allotment under New Works—Communications amounts to Rs. 22,500.

18. *Civil Buildings*.—The want of public latrines is much felt in the towns, and in view to provide for this, a provision of Rs. 1,290 has been made for the construction of six latrines, two of which will be built in the town of Saidápet, two in Chingleput, and two in Tiruvallúr.

19. *Repairs—Communications*.—Against the current year's grant of Rs. 87,170 for the maintenance of roads, Rs. 90,850 have been allotted for 1883-84. The excess is due to increased allotments having been made for certain roads, the necessity for which was urged when the current year's Budget was submitted (*vide* paragraph 6 of Board's Proceedings, No. 2867, dated 18th November 1881). The annexed statement shows the roads for which increased grants have been assigned. The last two items, of which one is a railway feeder, have been newly added to the list of village roads:—

Item No.	Roads.	Length.	Existing Rate per Mile.	Grant for 1882-83.	Proposed Rate per Mile.	Grant for 1883-84.	Increase.	Remarks.
Bud- get.	Part II.	MILES.	RS.	RS.	RS.	RS.	RS.	
2	Southern Trunk Road	60	300	18,000	8 miles at Rs. 500 and 52 miles at Rs. 300.	19,600	1,600	
4	Road from Madras to Ennore ..	8½	120	1,020	150	1,270	250	
7	Road from Kavarapettai to Sathia- vedu	13½	80	1,080	100	1,350	270	
12	Road from Sathiavedu to St. Thomas' Mount	45	100	4,500	39 miles at Rs. 100 and 6 miles at Rs. 200.	6,100	600	Increased grant applied for in 1882-83.
	Appendix.							
3	Road from Saidápet to Kathipara ..	1½	200	300	300	450	150	
	Part II.							
5	Road from Tiruvettore Bridge to Ponnéri	22	80	1,760	100	2,200	440	
	Appendix.							
15	Saidápet Town Roads	2	150	300	200	400	100	Now asked.
	Village Roads.							
19	Road from Damal to Musarapákam.	2	..	..	35	70	70	<i>Vide</i> Part II, Statement A, Railway Feeder.
20	Do. Acharapákam to Puriam- bakum	5	..	..	40	200	200	
	Total ..	..	..	..	..	..	3,680	

The sum of Rs. 1,000 has been set apart for unforeseen minor repairs against Rs. 600 for the current year; the grant for lighting the Marmalong bridge (Rs. 300) is the same as in the current year's Budget and Rs. 50 have been entered for the repair of toll-sheds. The total grant for the repair of communications is Rs. 92,200.

20. *Civil Buildings.*—For the next official year, Rs. 500 against Rs. 250 for 1882-83 have been allotted for the repair of Civil buildings as noted below :—

	RS.
For annual repairs and whitewashing of dispensary buildings ...	100
On account of school-houses ...	100
For travellers' bungalows ...	200
For Chingleput chattram and other minor repairs ...	100
Total ...	500

The large increase is rendered necessary owing to the grant for the current year having been found inadequate for the requisite repairs to the several buildings and provision being made for repairing the Poonamallee Normal School-house and the chattram at Chingleput.

21. *Miscellaneous Public Improvements.*—The Local Fund Engineer, under whose supervision the improvement and maintenance of avenues are, has asked for Rs. 3,000 for 1883-84, which is the same as the current year's figure. This amount has been accordingly provided.

22. *Local Fund Engineering Establishment.*—In their Order, Financial Department, No. 1783, dated 14th September 1880, Government sanctioned the scale of the Local Fund Engineering Establishment to be entertained for the Chingleput Circle at a cost of Rs. 18,900. Deducting from this Rs. 2,952, being the provision for pension, which the Board of Revenue in their Proceedings, No. 1771, dated 20th November 1880, paragraphs 5 and 10, struck out as being unnecessary until the final orders of Government on the subject of Local Fund pension were issued, as well as a further sum of Rs. 780 for contingencies, &c., which is separately provided, the net cost of establishment including travelling allowances is reduced to Rs. 15,168. As the travelling allowance drawn by the Local Fund Engineer does not on an average exceed Rs. 140 a month, Rs. 15,050 was allotted in the Budgets for 1881-82 and 1882-83. The Local Fund Board are of opinion that it having been definitely decided by Government that Local Fund service carries with it no pension, it is but just to make the salaries of the Local Fund Establishment what they would have been had the members of it been taken on without the consideration of a future pension. For 1883-84 provision has been made accordingly as per annexed scale which gives an increase on the whole of 25 per cent :—

Particulars.	PRESENT SCALE.			PROPOSED SCALE.			Increase.	Remarks.
	Salary.	Travelling Allowance.	Total.	Salary.	Travelling Allowance.	Total.		
One Local Fund Engineer	RS. 350	RS. 140	RS. 490	RS. 450	RS. 140	RS. 590	100	
One Local Fund Supervisor	100	30	130	125	60	185	55	
Two Overseers, First Grade	120	30	150	150	30	180	30	
Two do. Second Grade	100	30	130	120	30	150	20	
Two do. Third Grade	80	30	110	100	30	130	20	
<i>Office.</i>								
One Head Accountant	40	..	40	50	..	50	10	
One Draftsman	30	..	30	40	..	40	10	
One Head Clerk	25	..	25	35	..	35	10	
One Clerk	15	..	15	20	..	20	5	
Two Storekeepers at Rs. 20 each ..	40	..	40	50	..	50	10	
One Messenger	7	..	7	7	..	7	..	
Three Lascars to Local Fund Engineer at 6 Rs. each	18	3	21	18	3	21	..	
Two Lascars to Supervisor at 6 Rs. each ..	12	2	14	12	2	14	..	
Six do. to Overseers at	36	6	42	36	6	42	..	
One Watchman or Office Peon	6	..	6	6	..	6	..	
One Masaljee or Sweeper	3	..	3	3	..	3	..	
Total Per Mensem	..	..	1,254	..	..	1,524	270	
Total Per Annum	..	..	15,048	..	..	18,288	3,240	
Or in round figures							18,290	

It will be seen from the above that the cost of the proposed scale will be Rs. 18,290, or Rs. 3,240 in excess of that of the existing one.

23. *Tolls.*—As two of the important toll-gates (Red Hills and Vandalúr) were leased out, only Rs. 1,250 have been provided under this head for the remaining three gates.

24. *Tools and Plant.*—For the next year the Local Fund Engineer has applied against Rs. 1,600 for the current year for only Rs. 1,200 for tools and plant, Rs. 700 for new supplies, and Rs. 500 for the repair of old tools. This gives a percentage of 100 on the proposed expenditure on public works and is considered sufficient.

25. *Road Fund Reserve.*—The receipts of the Road Fund excluding the opening balance are Rs. 1,48,070. The Road Fund reserve calculated at 10 per cent. on this amount is Rs. 14,810, which has been provided in full.

The total expenditure under Grant I amounts to Rs. 1,70,600, of which Rs. 1,65,020 are debitable to the Road Fund and Rs. 5,580 to the General Fund.

26. *Grant II, Education.*—The amount allotted for next year for charges connected with elementary education in the circle is Rs. 27,000 against Rs. 22,000 sanctioned for the current year, the whole of which has been debited to the General Fund. The increase as due to larger provision made for the training school at Poonamallee and for the primary school at Saidápet in reference to the actual requirements of each institution, as well as for payment of results grants. The reason for increase in each case will be explained when the minor items are treated.

27. *Inspection.*—There are at present six Inspecting Schoolmasters in the circle, one for each taluk, drawing the maximum salary of Rs. 35 per mensem with a daily batta of 8 annas. The current year's provision (Rs. 3,500) has therefore been repeated for 1883-84. The estimate furnished by the Inspector is Rs. 3,680, which is more than necessary as compared with the actuals of the previous years.

28. *Training Schools.*—When the current year's Budget was prepared, neither the Local Fund Board nor the Educational Officers had a clear idea of the scheme regarding the establishment of an Elementary Normal School in the Circle and the probable charges to be incurred on account of it. According to the proposal sanctioned in G.O., Financial Department, Miscellaneous No. 916, dated 11th August 1882, communicated with Board's Proceedings, Routine No. 4908, of the 29th idem, the cost of the school in question would be Rs. 4,225. Adding to this amount the sum of Rs. 175 required for payment of increments to masters and for furniture and sundries, Rs. 4,400 have been entered in the Budget for 1883-84. The Inspector's figure is Rs. 4,720, the excess being chiefly due to larger provision made on account of increments to masters than they would be entitled to in the first year.

29. *Local Fund Schools.*—The sum of Rs. 1,000 has been provided in the current year's Budget on account of the Saidápet Primary School in reference to the actuals of the previous years. But owing to the transfer of the second class from the Saidápet High School in June last, the cost of establishment and other charges have been increased (*vide* Board's Proceedings, Routine No. 4164, dated 26th July 1882). According to the particulars given in Statement III of the Budget, Rs. 1,600 have been set apart for expenditure in the next year. The only item requiring notice is the pay of the toty employed for cleaning the latrine, which has been raised from eight annas to one rupee in consideration of the extra work he has to perform owing to the transfer of the second class as stated above.

30. *Salary Grants.*—The only schools in the circle which receive salary grants are the three Free Church Mission Schools at Wálajábád, Rájampet, and Iyem-petta in the Conjeeveram Taluk. In the current year's Budget, the sum of Rs. 470 was provided, but the Rev. Mr. Stevenson, the Secretary of the Mission, forwarded, though the Inspector of Schools, five applications for increase and transfer of grants to certain teachers. As these applications have not yet been disposed of by the Local Fund Board, the current year's figure has been repeated for 1883-84.

31. *Results Grants.*—Against Rs. 14,000, sanctioned under this head for the current year, the Educational Officers asked for 1883-84 the sum of Rs. 19,070, which considerably exceeds the amount sanctioned for any previous year. Making due allowance for the increase in the number of Results Schools, for the higher standards of which a larger number of pupils may be prepared in next year, and for the liberal grants allowed under the revised Grant-in-aid Code, Rs. 16,500, which is Rs. 2,500 more than the current year's figure, have been provided in the Budget for 1883-84. Should this grant prove insufficient, and funds admit, application may be made for an additional allotment during next year.

32. The remaining items under this grant require no explanation. The ratio of the cost of inspection to the expenditure under results grants is 21 per cent., which is small as compared with the results of the previous years.

33. *Grant III, Sanitation, Medical Services, &c.—Dispensaries.*—There at present ten Local Fund Dispensaries in the Circle at the places noted in the margin. As funds are available under the General Fund, provision has been made in the Budget for 1883-84 for two new dispensaries, one at Nágálápuram, in the northern part of the Tiruvallúr Taluk, and another at Utramérúr, in the Madurántakam Taluk, which is the head-quarter station of a Deputy Tahsil-

dar. Both these places form the centre of a number of villages which do not at present enjoy the benefit of a dispensary. They have been selected in accordance with the programme already drawn up (*vide* this office letter printed in Board's Proceedings, No. 1427, dated 2nd June 1882). The total number of Dispensaries in the Circle, exclusive of the Municipal Hospital in the town of Conjeeveram, will be twelve with an aggregate allotment of Rs. 14,340 as against Rs. 10,050 for ten institutions for the current year. In the original Budget for 1882-83, submitted from this office letter, No. 42, dated 28th September 1881, a provision of Rs. 12,500 was made on account of dispensaries, but this grant was reduced in the Board's Office to Rs. 10,050, the consequence of which has been that the provision for medicines and apparatus has not only proved insufficient, considering the actuals of the previous year, but also that the expenditure during the first five months on account of perishable articles and sundries has exceeded the Budget allotment by about Rs. 400. The provision for next year has been carefully fixed in reference to the estimates furnished by the several Medical Officers and the actuals of the previous years; any reduction in this grant will only result in subsequent application for additional allotments.

34. *Midwives and Midwifery Pupils.*—In the current year's Budget, a provision of Rs. 360 was made for six midwifery pupils, at Rs. 5 each per mensem. Only three pupils could be procured, and they were sent to the Lying-in Hospital, Madras, to receive instruction in practical midwifery. As these women complained that the sanctioned rate of pay (Rs. 5) was not sufficient for their maintenance in the Presidency Town, it was subsequently raised, on the recommendation of the Superintendent in charge of the Hospital, to Rs. 7 a month (*vide* Board's Proceedings, Miscellaneous No. 1681, dated 24th February 1882). It is not possible, at present, to determine when these pupils will be passed out for service in the district, the dispensaries to which they may be attached, and the rate of pay to be allowed to them. Neither is it known how many pupils can be procured during the next year for instruction in this branch of science. Under these circumstances, the lump sum of Rs. 500 has been provided in the Budget of 1883-84, to be utilized by the Local Fund Board in such manner as may seem to them to be most advantageous.

35. *Vaccination.*—Rs. 5,200 have been allotted for Vaccination against Rs. 5,000 sanctioned for the current year. The increase is chiefly due to the travelling allowance of the Second-class Deputy Inspector, who is in charge of the Sub-Division taluks, having been, in consideration of the larger area he has to travel, raised by the Local Fund Board from eight annas to one rupee per diem. No changes are proposed in the existing scale, and the strength of the vaccine staff will be the same as in the current year.

36. *Sanitation.*—For 1883-84, the sum of Rs. 11,000 has been assigned for sanitation in the district, which exceeds the current year's provision by Rs. 2,500. It is proposed to appropriate the amount for the following purposes, the details of which are given in Statement IV-B of the Budget:—

	RS.
1. Conservancy of the important villages in the district ...	6,190
2. Improvement of water-supply (at Rs. 380 for each taluk) ...	2,280
3. Do. of village-sites (at Rs. 340 for each taluk) ...	2,040
4. Sanitary arrangements at fairs and festivals ...	400
5. Other sanitary outlay ...	90
Total ...	11,000

Adding to this amount Rs. 400 contributed to the Conjeeveram Municipality on account of sanitary arrangements during the grand festival, as well as Rs. 1,290, being the cost of six latrines, the total expenditure under this head (excluding vaccination and avenue charges) will be Rs. 12,690, which is 21·87 per cent. of the General Fund receipts, less the opening balance. Under Board's Proceedings, No. 1315, dated 13th May 1882, the fixed percentage to be set apart for village sanitation is only 15 per cent.

37. *Choultries.*—The only choultry in charge of the Local Fund Board is the chatram at Chingleput; that at Sriperumbudur having been, as stated in paragraph 13 *supra*, demolished, Rs. 100 have been provided for next year, made up of Rs. 84 for establishment and Rs. 16 for contingencies. The pay of the watchman has been raised by the Local Fund Board from Rs. 3 to 4 per mensem.

38. *Travellers' Bungalows.*—The travellers' bungalows now being maintained by the Local Fund Board are four, viz., (1) Karunguli, (2) Chingleput, and (3) Gúduvancheri, all on the Southern Trunk Road, and (4) Gummidipoondi on the Northern Trunk Road. The current year's provision of Rs. 400 has been adopted for 1883-84 and is considered sufficient. Deducting from this amount Rs. 250, being the fees expected to be realized from travellers, a balance of Rs. 150 is left which will be met from the General Fund revenue. The reasons why these institutions could not be made self-supporting were fully explained in paragraph 35 of my letter, No. 42, dated 28th September 1881, submitting the current year's Budget Estimate.

39. The remaining items call for no remarks. Grant III amounts to Rs. 36,000, of which Rs. 290 are chargeable to the Endowment Fund and Rs. 35,710 to the General Fund.

40. *Grant IV, Miscellaneous.*—As directed in Board's Proceedings, No. 1565, dated 17th June 1882, the cost of the Controlling Establishments at the Presidency has been provided at Rs. 1,354, or, in round numbers, Rs. 1,350. The cost and the scale of the establishment in the Collector's and the Local Fund Board's offices remain the same. As regards the District Audit Establishment, a provision of Rs. 1,020 was made in the current year's Budget made up of—

	RS.
One District Auditor at Rs. 50 per mensem ...	600
One Assistant Auditor at Rs. 25 per mensem ...	300
One Attender at Rs. 10 per mensem ...	120
Total ...	1,020

Under the Accountant-General's general letter, No. 13, dated 21st March 1882, the services of the second Auditor were dispensed with from 1st April 1882, and the pay of the first Auditor was, in reference to the scheme sanctioned in G.O., Financial Department, No. 2021, dated 20th October 1881, raised from Rs. 50 to 60. No attender was appointed as was originally proposed. Owing to these changes, the current year's Regular Estimate has been fixed at Rs. 770. For 1883-84, Rs. 810 have been allotted as shown in the margin.

Pay of the District Auditor at Rs. 65 (including increment) for six months.	Rs. 390
Pay of the District Auditor at Rs. 70 (including increment) for six months.	420
Total ...	810

41. In reference to the actuals of 1881-82 and the Budget and Regular Estimates for the current year, adequate provision has been made on account of pensionary allowances, travelling batta to non-official members, and the stationery, printing and postal charges.

42. Grant IV amounts to Rs. 8,000, of which, Rs. 5,600 are chargeable to Road Fund and the remainder to General Fund.

43. The General Fund receipts excluding the balance are estimated at Rs. 58,020; 10 per cent. of this amount, which is Rs. 5,800, has been entered as the General Reserve. The total expenditure under all heads including the Road and General Fund Reserves amounts to Rs. 2,47,400. If this sum be deducted from the receipts, the following balances will be left at the credit of the several Funds:—

	RS.
Road Fund ...	43,080
Endowment Fund ...	3,310
General Fund ...	3,010
Total ...	49,400

It will be observed from the above that under the Road Fund a large balance is left, which is reserved for the adjustment of famine expenditure, the exact amount of which has not yet been communicated.

44. The map of the circle is herewith returned duly verified.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated 25th October 1882, No. 5593:—

I have the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of 1883-84 Local Fund Budget Estimate of the Chingleput Circle for the maintenance of the twelve dispensaries including the two unauthorized institutions at Nágálápúram and Utramérur is adequate and calls for no remarks save in the items of "Medical Subordinate" and "Furniture, &c."

2. The pay of the Hospital Assistant attached to the Sríperumbudur Dispensary should be increased from Rs. 300 to Rs. 420, as he is entitled to charge allowance of Rs. 10 per mensem sanctioned in G.O., Miscellaneous No. 728, of 10th August 1882, Public Department.

3. The provision under "Furniture and Sundries" may be curtailed to a certain extent, although the past expenditure exceeded the current year's grant.

4. This department will be in a position to depute Medical Subordinates to the new hospitals in question in July 1883. Under G.O., dated 3rd November 1880, No. 1645, no more Civil Hospital Assistants should be posted to dispensaries, and those now held by Hospital Assistants should be made over to Civil Apothecaries. It is noticed that provision has been only made for the Hospital Assistant Class.

5. A sum of Rs. 1,030 is entered as contribution towards the expenses of the Medical College.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Tuticorin, 3rd November 1882, No. 994:—

I have the honor to report, for the information of the Board of Revenue, that the Chingleput Local Fund Board propose to allot Rs. 11,000, or 20·6 per cent. of available income for sanitation during the year 1883-84. To this must also be added Rs. 400 and 1,290, being the contribution to the Conjeeveram Municipality for sanitary arrangements during the festival and for the erection of six latrines in that town. This will raise the total sanitary allotment to Rs. 12,690, which is a percentage of 23·7 on available income. It is on the whole an improvement over the grant for the current year, and I approve generally of the manner in which it is proposed to spend the money. Water-supply, improvement of village-sites and conservancy have a fair share of the allotment. Twelve of the more important towns and villages will have the benefit of a scavenging establishment.

Rs. 5,200 are set apart for vaccination against Rs. 5,000 sanctioned for the current year; the increase is due to the travelling batta of the Second-class Deputy Inspector, who was entertained at the commencement of the current year, having been raised from eight annas to one rupee per diem. The allotment appears to be ample, and is irrespective of Rs. 1,030 provided for for "Vaccine Inspecting Agency."

RESOLUTION—dated 24th November 1882, No. 2893.

The Local Fund Budget of the Chingleput Circle for 1883-84 is submitted for the orders of Government.

REGULAR ESTIMATE FOR 1882-83.

2. *Statement I-A, Revenue and Receipts.*—The opening balance adopted by the President agrees with the closing balance of 1881-82 advised by the Accountant-General. It is distributed among the minor Funds as under:—

	RS.
Road Fund...	82,330
Endowment Fund...	2,450
General Fund ...	23,700
Total ...	1,08,480

Compared with the Budget, the increase in the balance occurs mainly under the Road Fund owing to the increased collections under Land Cess and Tolls in 1881-82 and to the refund from Provincial Funds of Rs. 30,438 over debited in past years for Public Works Department Supervision and Tools and Plant on account of the Kortalayár bridge (*vide* G.O., Financial Department, dated 12th June 1882, No. 451). The Cess on land is estimated to yield Rs. 1,60,000, or Rs. 20,000, more than the figure entered in the Budget. The estimate is slightly less than the actual

collections in 1881-82 and is only 65 per cent. of the total demand. The Collector should endeavour to realize a larger proportion of the demand. Owing to the transfer of the toll-bars to better localities, the income from *Tolls* is expected to bring in Rs. 7,100 more than in the sanctioned estimate. The increase of Rs. 500 under *Fishery rents* is attributed to the large deposits paid by some of the renters having been credited to this head in addition to the ordinary collections. Rupees 2,100 are put down under *Interest on arrears of Revenue* against an estimate of Rs. 500. The increase is ascribed to the strict observance of the system of charging interest on arrears of revenue of all kinds. The variations in the other items of receipt are fully explained in the remark column of the Regular Estimate and do not require to be specially noticed. The total assets including the balance amount to Rs. 3,13,760 distributed as shown below:—

	RS.
Road Fund	2,28,430
Endowment Fund	3,160
General Fund	82,170
Total ...	3,13,760

3. *Statement I-B, Expenditure.*—Under Grant I, the assignment for Public Works, Rs. 1,15,300, shows an increase of Rs. 19,930 over the Budget sanction of Rs. 95,370, due especially to subsequent allotments aggregating Rs. 17,273 sanctioned for payment of compensation for lands taken up for works undertaken in the previous years, and for special repairs to the Western Trunk Road executed in 1881-82. The sum of Rs. 10,000 reserved for the adjustment of famine dues in the Budget was appropriated for the above purposes under G.O., Financial Department, dated 31st March 1882, No. 317, but the President has re-entered the same amount which is available from the enhanced receipts now expected under Land cess and Tolls. The entries under Grant II do not call for remark. As regards Grant III, it is observed that increased provision is made for the undermentioned items with reference to their actual requirements:—

	Budget.	Regular Estimate.	Excess.
	RS.	RS.	RS.
(a) Hospitals and Dispensaries—			
Medical and Surgical Apparatus ...	2,550	3,000	450
Contingencies and Miscellaneous ...	1,050	2,720	1,670
(b) Miscellaneous—			
Dieting, &c., of Lunatics	600	770	170
Total ...	4,200	6,490	2,290

This is contrary to the instructions issued in paragraph 2 of the Board's Circular Memorandum, dated 21st August 1882, No. 2095. The President should have separately applied for allotment of funds for these purposes. As money is, however, available in the General Fund, the President's figure will stand. Rs. 870 provided for Vaccine Inspecting Agency will be expunged, as there is no likelihood of the charge being incurred in the current year. The variations in the entries under Grant IV are not important. The unallotted portion of the General Reserve will be entered against that head.

4. The following is an abstract of the charges as modified by the Board.

	Road Fund.	Endowment Fund.	General Fund.	Total.
	RS.	RS.	RS.	RS.
New Works. { Communications.	11,670	...	...	11,670

Receipts	2,28,430	3,160	82,170	3,13,760
Balance	65,628	2,890	22,553	91,071

These balances are taken to the Budget of 1883-84.

BUDGET ESTIMATE FOR 1883-84.

5. *Statement I-A, Revenue and Receipts.*—As in the Regular Estimate, *Land Cess* is estimated at Rs. 1,60,000. The President states that for the current demand, he has adopted the figures of 1880-81, but in column 4 of the Demand, Collection, and Balance Statement forwarded with his letter, dated 19th October 1882, No. 548, the demand for that year is shown as Rs. 1,79,795, whereas the figure given in the Budget Statement is Rs. 1,48,710. The difference should be explained. Even accepting the latter figure, the anticipated collections are only 68 per cent. of the total demand. The President is requested to state whether the estimate may not be raised. The revenue from *Tolls* is put down at Rs. 34,000 against Rs. 31,100 in the Regular Estimate and Rs. 27,271, the actuals of 1880-81. The increase is due to the transfer of the position of the toll-bars as explained in paragraph 8 of the President's letter. The variations in the other items of receipt are clearly accounted for by the President.

6. *Statement I-B, Expenditure—Grant I, Public Works.*—Rs. 22,500 are provided under "New Works—Communications." The amount is distributed among main roads (Rs. 14,450), village roads (Rs. 7,000), and toll-sheds (Rs. 1,050). It is stated that the estimates for the improvements to the main roads, each of them costing more than Rs. 1,000, have been sanctioned by the Local Fund Board under G.O., dated 22nd March 1880, No. 609, Financial Department. The order quoted authorizes the Local Fund Board to sanction estimates exceeding Rs. 1,000 only in the case of *Repairs*. If any of the works for which the estimates have been sanctioned by the Local Fund Board are merely special repairs, they should be classed as such and not shown under New Works. The President is requested to state which of those proposed are New Works and which Repairs, and to submit to the Board for sanction the estimates for the former. As regards Road repairs, Rs. 92,150 are set apart against Rs. 88,120 in the current year's Budget. The increase is chiefly due to the enhanced rates of Maintenance Grants provided for the roads specified in the statement annexed to paragraph 19 of the President's letter. Rs. 1,290 entered under "New Works—Civil Buildings" are for the construction of latrines

in the towns of Saidápet, Tiruvallúr and Chingleput. The works appertain to "Miscellaneous Public Improvements" and will be transferred to that head. The increased provision made for "Civil Buildings" is explained and that for "Miscellaneous Public Improvements" under "Repairs" is a repetition of the current year's figure. As regards the Local Fund Engineering Establishment, the Circle Board have provided Rs. 18,290, or Rs. 3,240 in excess of the amount sanctioned for the current year. The increase is due to the proposal of the Circle Board to raise the salaries of the establishment all round. The particulars are given at paragraph 22 of the President's letter, and the sanction of Government is requested for the increase. The total cost, including contingencies, is Rs. 18,590, or 16 per cent. of the allotment provided in the Budget for works, and taking the average expenditure of the last two years, it is 15 per cent. of the outlay. The share of cost of General Management, chargeable to the Road Fund, should be Rs. 5,450. The Board have set apart a sum of Rs. 38,520, being the balance due on account of famine adjustment. The total Road Fund expenditure amounts to Rs. 2,09,120, leaving a balance of Rs. 4,580.

7. *Grant II, Education.*—The current year's grant, Rs. 3,500, is repeated for *Inspection*. For *Training Schools*, Rs. 4,400, or Rs. 1,900 more than in the current year have been entered, in order that the scheme sanctioned in G.O., dated 11th August 1882, No. 916 (Miscellaneous), may be fully worked out. The enhanced provision made for the *Local Fund School* at Saidápet is due to the transfer to it of the second class of the Saidápet High School. The increase of pay recommended for the toty attached to this school, from eight annas to one rupee is sanctioned. The entries made for Salary and Result Grant Schools seem adequate. The remarks of the Director of Public Instruction on this portion of this Budget are awaited.

8. *Grant III, Medical and Sanitary*—"Hospitals and Dispensaries."—In addition to the ten Dispensaries in the Circle, it is proposed to open two more at Nágálápuram and Utramérur, in accordance with the Circle Board's scheme recorded in Board's Proceedings, dated 2nd June 1882, No. 1427. The sanction of Government is accordingly requested for the proposal. The Surgeon-General states that the provision made for the twelve Dispensaries is adequate, but points out that the pay of the Hospital Assistant attached to the Sríperumbudur Dispensary should be raised to Rs. 420, and that the assignment under "Furniture and Sundries" might be curtailed. The former alteration has been made. Regarding the latter, the President states that the provision has been fixed with reference to the actual expenditure in previous years, and that any reduction will only lead to subsequent applications for additional allotments. As the Surgeon-General has not stated by how much the provision might safely be reduced, the President's figure will be allowed to stand. With reference to paragraph 3 of the Surgeon-General's letter, the President will apply for the requisite allotments on Civil Apothecaries being posted by that officer to any of the Dispensaries in the Circle. As requested in paragraph 3 of the President's letter, dated 4th November 1882, No. 67, the provision for servants, in the case of the Chingleput Dispensary, is raised by Rs. 120, being the pay of a Compounder at Rs. 10 per mensem. The increased amount entered for midwifery pupils is fully explained.

9. "Vaccination."—Rs. 5,200 have been allotted for vaccination against Rs. 5,000 sanctioned for 1882-83, the increase being due to the higher rate of travelling batta allowed to the Second-class Deputy Inspector. The provision is accepted by the Sanitary Commissioner as ample.

10. "Sanitation."—The assignment for sanitary purposes in the Circle shows improvement on that of the current year. It is stated that twelve of the more important towns and villages will be provided with scavenging establishments. As requested by the President in his letter quoted in the preceding paragraph, the allotment for scavenging establishment is increased from Rs. 6,190 to 6,330, owing to the entertainment of two toties for cleaning the latrines in Saidápet.

11. "Bungalows, Choultries, &c."—The Board approve of the provision made for these and sanction the increase of pay to the watchman of the Chingleput Choultry from Rs. 3 to Rs. 4 a month.

12. *Grant IV, Miscellaneous.*—The items under this grant do not call for remark.

13. The following is an abstract of the Budget Estimate as proposed by the Board of Revenue:—

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

Proceedings of the Board of Revenue, dated 24th November 1882, No. 2893.

ABSTRACT.—Reviewing and submitting to Government the Local Fund Budget of the Chingleput Circle for 1883-84.

Proceedings of the Board of Revenue, dated 28th February 1883, No. 564.

ABSTRACT.—Submitting, with remark, to Government letter from the Director of Public Instruction remarking on the Local Fund Budget Estimate of the Chingleput Circle for 1883-84.

Proceedings of the Board of Revenue, dated 29th March 1883, No. 882.

ABSTRACT.—Submitting to Government letter from the President furnishing explanation on several points noticed in Board's review of the Local Fund Budget of the Chingleput Circle in Chingleput District for 1883-84.

ORDER—dated 7th June 1883, No. 1134, Financial.

The estimated receipts and charges of the Chingleput Local Fund Circle for 1883-84 are compared below with the regular estimate for 1882-83 and the actuals for 1881-82 :—

Endowment Fund	2,447	2,890	3,310
General Fund	23,705	22,080	3,210
Total	2,59,162	3,13,760	2,97,400

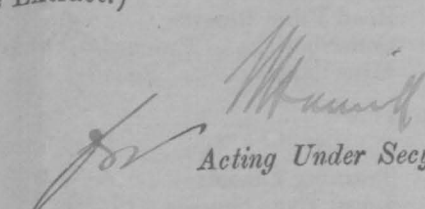

2. *Regular Estimate for 1882-83.*—Excluding opening balances which, as advised by the Accountant-General, exceed the estimate by Rs. 57,380, owing to causes explained in paragraph 2 of the Board's Proceedings, the receipts under the regular estimate show an increase of Rs. 30,280, occurring mainly under "Land-cess" and "Tolls," and due, in the latter case, to the transfer of certain toll-gates to better localities. On the charge side it is observed that a subsequent allotment of Rs. 470 under Grant III, Sanitation, has been sanctioned in Board's Proceedings, 15th January 1883, No. 259, Routine. The figures in the abstract at the head of these Proceedings are altered accordingly.

3. *Budget Estimate for 1883-84.*—The estimated receipts for 1883-84, less the opening balance, show an advance over the regular estimate of Rs. 1,520 occurring principally under "Tolls," and due to the cause already noticed. Under Charges, the

provision under Grant I for New Works and Repairs has been redistributed with reference to the explanations furnished by the President in his letter printed in Board's Proceedings, dated 29th March 1883, No. 882. With reference to paragraph 6 of the Board's Proceedings submitting the budget, it is observed that the effect of G.O., Financial, 22nd March 1880, No. 609, appears to have been misconceived both by the President and by the Board, and that it was not intended by that order to affect, in any way, previously existing rules as regards sanctioning powers. Paragraph 9 of the Order is sufficiently clear on the subject. The proposed increase in the salaries of the Local Fund Engineering Establishment is approved, as is also the provision for the repayment of the balance due on account of famine adjustment. The increased allotment provided for education has the approval of the Director of Public Instruction, and is passed accordingly. Under Grant III, the proposal to establish two more dispensaries at Nágálápura and *Utramérur* is approved and sanctioned.

4. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Chingleput Local Fund Circle for 1883-84.
