Adverting to para 2 of G. O. No. 1357/W dated 2nd May 1883, it now appears that the Storekeeper therein referred to is employed solely in connection with the new Post and Telegraph offices buildings. The pay of the menial will therefore, under para 1090 of the P.W. Code, continue to be charged

I have therefore the honor to request that the entertainment in this Division of a Storekeeper on Rs 20 per mensem may be sanctioned; Even when the Post and Telegraph offices are completed useful employment might be found for him in the Government Brickfield the stock accounts of which are now rather confused.

With reference to para 2 of G.O No 1357 W of May 9th last on the Examiner's report of his examination of the accounts of this office, in which it is ordered that if the entertainment in the Division of a Storekeeper is found absolutely necessary — Sanction thereto should be requested, I have the honor to report that after very careful consideration I am of opinion that it is impossible to keep the store accounts of the new Post and Telegraph office works in proper order without the Sanction of a Storekeeper. The amount of stores received on the works is large, and the space available being extremely confined great attention is necessary to prevent confusion, and this I think cannot be given by the subordinate in charge of the works without prejudice to his more important duties.
