GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Lieutenant W. L. C. BADDELEY, R.E., General Superintendent, Public Works Stores, to the Deputy Chief Engineer, Public Works Department, dated Madras, 18th June 1883, No. 374 S.:—

I have the honor to request that the sanction of Government may be obtained for reducing the rate of copper tubes for lightning conductors from Annas 11-1 per lb. to Annas 8 per lb., the book rate for copper sheet.

2. In November 1876, 1,104 running feet of copper tubing, $1\frac{1}{2}$ " diameter, $\frac{1}{8}$ " thick, in 12 feet lengths, were obtained by indent from England by order of the Deputy Chief Engineer; but since the receipt of this tubing in store, a period of about $6\frac{1}{2}$ years, only 72 feet have been issued, and there is no demand for them in their present state; as I have lately received an indent for 2,500 feet of lightning conductor, I propose cutting these tubes into straps, as their length and thickness is suitable. Their sale by public auction will not realize more than Annas 8 per lb. If Government sanction the reduction in the rate as proposed, the amount to be written off will be Rs. 443-8-0.

ORDER—dated 25th June 1883, No. 1790 W., Public Works.

Sanctioned.

(True Extract.)

Major, R.E.,

To

THE Deputy Chief Engineer N. S. W.
Chepauk

SIR,

Enclosures.

I have the honor to request
that the sanction of Government may be
obtained for reducing the rate of Copper tubes
for Lightning Conductors from Annas 11-1
per lb. to Annas 8-0 per pound, the book
rate for Copper sheet

2. In November 1876-1104 Running
feet of copper tubing 1 1/2" diameter 3/8" thick in
12 feet long the were obtained by indent from
England by order of the Deputy Chief Eng.
but since the receipt of this tubing in store
a period of about 6 1/2 years, only 42 feet
have been issued, and there is no demand
for them in their present state, as I have lately
received an indent for 2500 feet of Lightning
conductors, I propose calling these tubes into
store, as their length and thick ness is satis-
-fying. Their sale by public auction will not be
less than annas 8-0 per lb. I
General Superintendent
