Offg. Under Secy. to the Govt. of India.

No. 313 (Financial), dated 28th September 1882.

From—The Secretary of State for India,
To—The Government of India.

With reference to Lord Salisbury's Despatch, dated the 18th of February 1875, No. 84, in para. 2 of which it was requested that the recovery in India of sums noted for recovery on Pay Certificates sent from this country might be immediately advised to the Secretary of State, I find it necessary to draw the attention of your Government to the fact that the method of advising such recoveries differs in the three Presidencies.

2. From Bengal advices of recoveries are generally not received until the whole amount has been recovered, though occasionally monthly advices are received; from Madras the advice is always received after the whole amount has been recovered, whilst from Bombay advices are received monthly.

3. It appears to be very desirable that monthly advices of recoveries of this nature should be regularly received from all Presidencies, and I request that such instructions as you may consider necessary may be issued with this view.
