Drill and Instruction - Garrison.

In reply to your letter, No. 3190-D, "Military Instruction," dated the 2nd July 1880, I am directed to acquaint you, for the information of the Commander-in-Chief, that the Government of India sanction the issue of the instruments marginally noted to each centre of Garrison Instruction in India for the instruction of officers attending the classes, especially those desirous of qualifying for staff employment.

2. On the return of the troops from field service several aneroids which were sanctioned for Staff Officers in the field under the authority of the letter from the Quartermaster-General in India this department marginally quoted with it is understood, be surplus, and I am to request that these spare instruments may be utilised for the purpose now sanctioned, and that application may be made to the Mathematical Instrument Depot for the remaining articles necessary to complete the requirements.

3. As regards tracing cloth, the Governor-General in Council considers that the supply of this article comes under the head "Drawing Materials," and as such should be provided by officers at their own expense—*vide* para. 15, Section 9, Bengal Army Regulations.
