I certainly would prefer
a higher basement, as suggested
by T - but I presume the design
is in all respects similar to the
existing quarters to which no objection
has been raised. -
When project has been passed by
Mil. E. Dept. & sanction given, attention
of C.E. might be called to what T
says regarding the estimate from R.

T. The scantlings for verandah &
to summers seem to be rather under
the mark, but probably correspond with
those of the old building. The number
of cupes seems in excess of number required.

* They are rather in excess
of the standard scantlings.

* The number provided is
for two blocks.

NOTE OF REMARKS.

1. The accompanying plan and estimate provided for the construction of two blocks of Quarters, with the necessary out offices, for the accommodation of 3 Warrant and 5 Non-Commissioned officers of the Commisariat Dept. at Madras. Amount of estimate is Rs. 26,740.
2. The detailed and abstract estimates have been carefully prepared as to form, and no 'general abstract' has been submitted.
3. The scantlings of timbers differ but slightly from those laid down in the standard. It would be an improvement if the height of basement were raised to 3 feet. It now stands at 1 1/2 ft. The work may be completed in 1 year after sanction.
4. The estimate has been countersigned by the Offg. Engr.
