READ—the following letter from Colonel G. CHESNEY, Secretary to the Government of India, Military Department, to the Inspector-General of Military Works, dated Simla, 23rd June 1883, No. 579 M.W. :—

In reply to your letter, No. 2636, dated 15th June 1883, I am directed to convey the approval of the Government of India to your suggestion that "buildings for Sub-Marine Mining Service" should in future appear under the head "Staff and Miscellaneous" in the Budget Estimate for Military Works.

I am, however, to remark, with reference to the selection of sites for these buildings, that the Government of India are of opinion that a definite statement by the Inspector of Sub-Marine Defences to the effect that any proposed site is suitable for the purposes of the building which is to occupy it should be considered indispensable; and that it is desirable that this officer should be a member of every Committee assembled to select sites for this class of buildings. The Commander-in-Chief will be informed accordingly.

The proper location of the Sub-Marine Mining Service Buildings being an important element in the defences of the ports, their sites will require the sanction of the Government of India.

Copy of the above forwarded to the Secretary to the Government of Madras, Public Works Department, for the information of His Excellency the Governor in Council.
