No. 23 Executive Engineer's Office
Coimbatore 1st Feby 18

From
The Executive Engineer
Coimbatore Dn.

To
The Superintending Engineer
4th Circle

Sir,

I have the honor to state in continuation of my letter No. 7/C of 18th ultimo that on the 30th idem I inspected the progress made with the work "constructing Barracks at Malliapuram" and discussed with the Sub Dn. Officer and Contractor the question of further expenditure likely to be incurred within the current official year.

2. The balance of the original grant of Rs 21568 still at my disposal is Rs 11,568 while the probable expenditure will be only Rs 11000; I

request therefore to surrender a further sum of Rs 3568.

3. My reasons for this surrender are these viz.—

(1) The original grant of Rs 21568 was given in G.O. No 1658 W of 10th July 1882 and an order issued to collect materials; this order was received in my Office on the 18th idem and a Contract was arranged with Varatharaju Naidu; before this contract could be submitted for approval to Supg: Engineer and Chief Engineer, an order No 2470 W of 22d September 1882 was received withdrawing Rs 21500 of the grant.

(2) The entire grant was re-placed at my disposal in G.O. No 2897 W of 4th November/82 received in this Office on the 10th idem; after some delay in ascertaining the whereabouts of the Contractor who had previously come forward, a Contract was entered into on the 29th November. this contract received the approval of the Chief Engineer on the 7th Decr/82

(3) The Contractor was confident that he could spend the entire allotment and I considered it only fair to give him a trial; I do not think however that he had fully realized the difficulties of working in a Country quite new to him, and at a place which is so out of the way as Malliapuram; it is now two full months since the Contract was signed & as the expenditure is not by any means in proportion to

the time which has elapsed, the present further surrender has to be made.

4. I do not think there is any reason to doubt the ability of the Contractor to make good & steady progress with the work now that he is fairly started, but I would again bring to your notice that an Overseer for this work is very necessary, and with the present weak state of my subordinate establishment I am quite unable to post a man there.

5. Sergeant Healy lately in charge at Malliapuram, has, the Sub Dn Officer tells me, sent in a Medical Certificate and applied for three months leave.

6. Mr. Timothy in Manara has done the same. This leaves me my establishment on the West Coast 3 men short.

	As allowed.	As existing
Calicut	1. S. Dn. Officer 3. Overseers	1 Sub Dn. Officer 1 Overseer
Manara	1. Sub Dn. Officer 1 Overseer	1. Sub Dn. Officer 1 Overseer
Cannanore	1 Sub Dn. Officer 1 Overseer	1 Sub Dn. Officer . no Overseer

7. I would further mention that the sanctioned scale of one Overseer is quite insufficient for Manara, the Military Station not ~~being~~ having been abandoned as originally anticipated, and numerous, large works having been sanctioned in outlying stations.

8. In Coimbatore Division proper, there is one Overseer short of the sanctioned

scale. The two men posted to the division on 5th December/82 have not yet joined — I have the honor to be

Coimbatore, 2nd February 1883.

From,

To,
The Chief Engineer
P. W. D.

Sir,

Enclosure 1.

In forwarding the accompanying report from the Executive Engineer Coimbatore on the necessity for surrendering Rs 3,568 of the allotment of Mulliapuram barracks, thus reducing the proposed expenditure of the year on those works to Rs 11,000 I have the honor to bring to your notice that the operations of the Department in that Division are carried on with the greatest difficulty, and that it is no wonder that grants cannot be spent in the present very reduced State of the Establishment.

2 No Subdivisional Officer

has been granted to take the place of Mr. Trail, who was transferred some months since to the Nilgiri Division; and consequently there is now, for the Supervision of Works at Cannanore, one subordinate (Serjeant Webb) where there should be a Subdivisional Officer and a Subordinate.

3 In Mangalore, as pointed out in para 7 of Mr. Davidson's letter, the sanctioned scale of one Overseer is quite insufficient, because the Military have not been removed (and will not be removed) as was expected when that scale was fixed, and several outlying works have been sanctioned; whereas it was supposed there would only be work for one Overseer.

4. In the Coimbatore subdivision there is an Overseer short, and another short in the Calicut Subdivision, and two Overseers have submitted sick certificates.

5. In addition to all this the two new × Overseers, Rungasawmy Iyer and Ragava Iyengar, have never joined.

× Chief Engineer's memos No. 2216 C of 2nd Decr./82 and No. 218 of 19th Jany./83

On

6 On the whole, it may be stated briefly that the Division is entitled according to the sanctioned scale to 5 Subdivision Officers and 10 Subordinates; it should have 11 Subordinates if works are to be properly supervised and allotments spent; and at present there are in the Division only 4 × Subdivision Officers and nine subordinates, of whom 2 will be absent sick for the next three months. The effective strength of the Establishment is therefore 4 instead of 5 Subdivision Officers, and 7 instead of 11 subordinates.

× Smith
West
Lafrenais
Nicholson

7. And it must at the same time be remembered that the staff of the division is so scattered, that the Divisional Officer cannot exercise that oversight that he could elsewhere, so that difficulties are here vastly increased.

8. Moreover I cannot help him by reducing elsewhere as both North Arcot and the B. Project Division are already short of hands. The former wants a Subdivision Officer and the latter

3 Subordinates.

I have the honor to be,
Sir,

GOVERNMENT OF INDIA,

MILITARY DEPARTMENT.

Fort William, the 12th March 1883.

Orders on the Madras Military Works Budget Estimate for 1883-84, and Revised Estimate for 1882-83.

READ—

Military Department Resolution No. 1102-M-W, dated 6th November 1882.
Letter No. 122-W, dated 12th January 1883, from Government of Madras.

RESOLUTION.—The following estimates of revenue have [illegible] accepted by the Government of India :—

	Actuals, 1881-82.	Budget Estimate, 1882-83.	Revised Estimate, 1882-83.	Budget Estimate, 1883-84.
	Rs.	Rs.	Rs.	Rs.
In the Public Works Department ...	46,836	30,000	30,000	30,000

2. The budget estimate of expenditure for 1883-84 has been submitted for the provisional grant of Rs. 6,20,000 sanctioned in the Resolution above read, detailed by departmental heads as shown in the following statement :—

		Actuals, 1881-82.	Budget Estimate, 1882-83.	Revised Estimate, 1882-83.	Budget Estimate, 1883-84.
		Rs.	Rs.	Rs.	Rs.
Original works	In progress ...	1,15 574	60,361	2,94,400	1,15,400
	Not commenced...		1,62,103		1,06,400
Repairs		2,69,097	2,75,000	2,73,100	2,75,000
Establishment		96,161	1,15,126	1,15,100	1,15,800
Tools and Plant		9,603	7,410	7,400	7,400
Suspense		......	......	......	......
Barrack Department ...		......	......	......	......
Total ...		4,90,435	6,20,000	6,90,000	6,20,000

3. Pressing requirements elsewhere render it necessary for the Government of India to reduce the grant provisionally sanctioned in the Resolution of November last by the withdrawal of the following grants :—

	Rs.
Item 2.—Raising walls of harness rooms, St. Thomas' Mount	4,000
Item 7.—Armourer's shop, Bellary ...	2,700
„ 8.— „ „ Vellore ...	2,800
„ 9.—Renewing portion of terrace roof of Armoury, Grand Arsenal, Fort St. George ...	4,900
Minor Works	600
Percentages of establishment and tools and plant on above	3,700
Total ...	18,700

The final issue of the budget estimate of the coming year should therefore be prepared for a total grant of Rs. 6,01,300.

4. The statement of works in Part I of the estimate seems to indicate that the important preliminary duty of preparing and approving estimates lags behind the provision of funds. It appears far from desirable to allot funds for works for which even the estimates are not yet prepared, while the progress of other and duly sanctioned works, the necessity for which is recognized, and which are already begun, is spread over many years from the smallness of the appropriations made. In this view the amount provided for the following works, for which estimates have not yet been sanctioned, are disallowed :—

	Rs.
Constructing stables for a field battery at Bellary	20,000
Covered gymnasium in the ball alley of the European regiment, Fort St. George	5,000
New wash-houses, &c., for the married quarters, Wellington	2,880
Housing for half a company of Queen's Own Sappers and Miners, Ootacamund	7,500
Stables for two field batteries, St. Thomas' Mount ...	14,000
Public buildings for cavalry regiment at Bangalore ...	15,000
Stables for three Royal Horse Artillery and field batteries, Bangalore	14,000
Two latrines for the Queen's Own Sappers and Miners, Bangalore	3,800
Constructing a bakery at Cannanore	5,000
Total ...	87,180

This total should be added to the grants proposed for—

I.—Barracks for European troops, Poonamallee,

II.—New barracks for Royal Artillery, St. Thomas' Mount,

III.—Barracks for detachment of British infantry, 100 men, Mallapuram,

in such proportion as the Government of Madras may consider desirable.

With regard, however, to the new barracks at Poonamallee, the attention of the Government of Madras is drawn to the circumstance that since the estimates were sanctioned the establishment of married men for British regiments in India has been largely reduced, and a report is requested whether so many as 30 families will now need to be provided for, and whether this head of the estimate may not therefore be reduced.

5. The Government of India are not prepared to sanction stables at Bellary, St. Thomas' Mount, and Bangalore, while so many works remain to be undertaken in different parts of the country of greater necessity. The necessity for the remaining items which have been disallowed should be explained.

6. Item No. 19—The Government of India decline to sanction any more expenditure on the Lawrence Asylum, Ootacamund, and the Boys' Hospital should be omitted in the final issue of the budget estimate for 1883-84 from the list of class C works.

7. Notwithstanding that strict injunctions were issued in the orders on the budget estimate of the current year, to the effect that outlay should on no account be incurred without duly sanctioned estimates, it is observed that outlay is either being, or is proposed to be, incurred on the following items in the current year for which estimates were not even received when this budget estimate was submitted :—

	Probable outlay. Rs.
Stables for a field battery at Bellary	21,500
Gymnasium for Europeans in Fort St. George ...	2,500
New wash-houses for married men's quarters, Wellington	3,120
Housing for half a company of Queen's Own Sappers and Miners at Ootacamund	10,000

No further expenditure should be incurred on the stables at Bellary, and that on the remaining three items must be deferred until the detailed estimates have been sanctioned.

8. With these remarks the budget and revised estimates are passed, on the understanding that outlay must on no account be incurred without

the strictest adherence to the rules in force in regard to the financial regularity of departmental work.

ORDER.—Ordered, that this Resolution be communicated to the Government of Madras for information and guidance, with the request that 30 printed copies of the budget estimate, *as now passed*, may be submitted, so as to reach the Government of India on the 1st May 1883.

Ordered also, that a copy of the Resolution be forwarded to the Public Works Department for information.

With reference to your telegram, dated 15th instant, I have the honor to explain that the covered Gymnasium in *Fort St. George*, Budget item No. 7, is the only work from which funds are surrendered, viz., Rs. 2,500. Rs. 10,000 can also be given up from the Rs. 80,000 allotted for the Exchange House in G.O., No. 1493 W., dated 15th June 1882, as the purchase is likely to be effected within Rs. 70,000.

From K. F. NORDMANN, Esq., Officiating Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Bellary, 16th September 1882, No. 1060.

I have the honor to report that a sum of Rs. 5,000 from the grant of Rs. 21,500 for the stables for one Field Battery at Bellary, Item No. 6, Imperial Budget of 1882-83, is available for transfer, as it is not likely that the estimate for the work will be sanctioned before the end of this month.

2. With reference to G.O., No. 1610 W., dated 27th June 1882, I beg to state that materials are being collected; but nothing further can be done, as the plan recommended by the Officer Commanding the Royal Artillery deviates from the standard plan. For this reason I hesitate to commence building until the revised plan, which has been sent to the Military authorities, receives the sanction of Government.

3. After sanction of the estimate has been communicated, it will take nearly twelve months to complete the work; hence I think I am quite safe in surrendering Rs. 5,000 of the current year's allotment.

No. 163.

READ—the following letter from Lieutenant-Colonel ROSS THOMPSON, R.E., Officiating Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Bellary, 13th January 1883, No. 1769 :—

With reference to your memorandum, No. 2263 C., dated 8th December 1882, and telegram dated the 7th instant, I have the honor to report that a sum of Rs. 12,000 is not likely to be expended out of the allotment of Rs. 21,500 provided for the stables for the Field Battery at Bellary.

2. As there are but two months left in the official year, there is no chance of the allotment being utilized in full, even supposing that the estimate is sanctioned by the end of this month.

3. The estimate has been prepared and is expected to be received shortly.

No. 164.

ORDER—dated 16th January 1883, No. 175 W., Public Works.

The following transfer of funds is sanctioned, subject to the approval of the Government of India, which will be applied for in the usual form :—
