REVENUE BOARD OFFICE,

(Signed) C. D. MACLEANE,
Acting Sub-Secretary.

No. 1083.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 20th April 1882.

Read the following papers:—

Proceedings of the Madras Government, Financial Department, dated 17th March 1882, No. 301.

ABSTRACT.—Passing orders on Proceedings, Board of Revenue, reviewing the Local Fund Budget Estimate of the Coimbatore Circle for 1882-83.

From A. J. STUART, Esq., Acting President of the Local Fund Board, Coimbatore, to the Secretary to the Board of Revenue, dated 17th March 1882, No. 19.

WITH reference to the Proceedings of the Board of Revenue, No. 3278, dated 15th December 1881, reviewing the Local Fund Budget for 1882-83, I have the honor to submit the following explanations as therein called for.

2. In regard to the Board's remark in paragraph 2 as regards the remission of Rs. 60,000 arrears of land-cess, I have to state that I will submit a separate report on the subject.

3. It has not been reported that any inconvenience is caused to travellers by the occupation of portions of the chuttrams by the Police as station-houses. Sufficient accommodation is reserved for travellers.

4. *Paragraph 4.*—Under the Rules 11 and 21 of the Local Fund Rules, a reserve of 10 per cent. on the estimated receipts under Road and General Funds is set aside, while this is not the case with Endowment Funds. At the time of framing the budget, there was a sufficient balance under the Road Fund reserve and only Rs. 62 under the General Fund reserve. As all the closing balances calculated with reference to the regular estimates of receipts and charges for the current year were to be transferred to the budget of 1882-83, it was thought desirable to provide for works which might be resolved upon during the remaining five months of the current year and for which no provision was made in the regular estimate. So Rs. 7,584 and Rs. 3,091 were deducted from the closing balances under Endowment and General Funds, and set aside as reserve for further allotment. At that time no proposals had been received in this office nor was it possible to know what works would have to be provided for. I beg to annex two separate statements showing the proposals since sanctioned, and for which allotments have been made from the said sums.

With reference to the latter part of paragraph 4 of the Board's Proceedings, I beg to be furnished with a statement showing the sum or sums which, together with the sum of Rs. 1,942 therein referred to, amount to Rs. 3,091.

5. *Paragraph 7.*—The Local Fund Engineer having been permitted by the Local Fund Board to draw the full budgeted salary of Rs. 400 per mensem from 1st January 1881, the amount of Rs. 25,200 entered as cost of Local Fund Engineering Establishment cannot be reduced.

6. *Paragraph 10.*—A statement showing the markets where it is proposed to employ watermen, and the salary assigned to each, is herewith submitted. The amount of the salary of the servants—viz., Rs. 1,650—is included in the sum of Rs. 5,740 shown under Market Establishment.

The bungalow at Dharapuram has not been transferred to the Local Fund Board. It is a small building built during the late famine for the use of famine officers. As Dharapuram is a cusba Tahsildar's station, and as there is no bungalow at that place for European travellers, the Sub-Collector recommended that it might be taken charge

of and maintained by the Local Fund Board; and the Local Fund Board consented. The sanction of Government for its formal transfer to Local Fund Board should have been separately applied for, and this will now be done.

ENCLOSURES Nos. 1 to 3—Statements.

THE Local Fund Budget Estimate of the Coimbatore Circle for 1882-83 is herewith circulated to all officers concerned.

2. *Paragraph 2 of the Government Order.*—The report promised on the irrecoverable arrears of land-cess should be expedited.

3. *Paragraph 8 of the Government Order.*—As the allotment of Rs. 500 is intended for building grants, the Director of Public Instruction is of opinion that it should be shown under "Grants-in-aid." The entry has accordingly been transposed.

4 The sum of Rs. 3,091 alluded to in paragraph 4 of the President's letter read above is made up of Rs. 1,149, the unallotted portion of the current year's General Reserve according to the registers of this office, and Rs. 1,942 taken out of the General Fund Balance.

5. The application for the transfer of the Dharapuram Bungalow was submitted to Government with Board's Proceedings, dated 3rd April 1882, Miscellaneous No. 2706.

6. With reference to paragraph 5 of the President's letter, the allotment for Local Fund Engineering Establishment has been raised to Rs. 25,200—the amount originally entered by him in the budget.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 15th December 1881.

Read the following papers:—

From F. A. NICHOLSON, Esq., Vice-President of the Coimbatore Local Fund Board, in charge, to the Secretary to the Board of Revenue, dated Coimbatore, 5th October 1881, No. 46.

ABSTRACT.—Submitting the Local Fund Budget of the Coimbatore Circle for the year 1882-83.

From Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Fort St. George, 1st November 1881, No. 6333.

I HAVE the honor, by desire of the Surgeon-General, to report to your Board that the allotment made in Grant III of the 1882-83 Local Fund Budget Estimate of the Coimbatore Circle for the maintenance of the eight dispensaries calls for no remarks save in the item of "Diet of Patients."

2. The estimate for "Diet of Patients" is Rs. 2,520, and the actual expenditure in 1880-81 was Rs. 1,580. It may therefore be reduced to Rs. 2,000.

3. A sum of Rs. 1,210 is entered as the contribution towards the expenses of the Medical College.

From Surgeon-Major M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Palghat, 5th November 1881, No. 2889.

I HAVE the honor to report, for the information of the Board of Revenue, that the provision made by the Local Fund Board, Coimbatore District, for 1882-83, in respect to Sanitation and Vaccination, is the same as that for the current year, viz., Rs. 21,000 and 8,330, respectively, and has my approval generally. The allotments appear to be well distributed.

THE Local Fund Budget Estimate of the Coimbatore Circle for 1882-83 will be submitted for the orders of Government.

REGULAR ESTIMATE FOR 1881-82.

2. Receipts.—The opening balance is given as Rs. 1,35,452, but according to a statement recently furnished by the Accountant-General, it is Rs. 1,46,097, distributed as hereunder:—

Road	Fund	...	...	...	...	...	Rs.
Endowment	do.	...	...	...	...	...	17,192
General	do.	...	...	...	...	...	88,253
		...	...	...	...	...	40,652
							<u>1,46,097</u>

The Accountant-General's figures will be adopted. The large increase over the balance anticipated in the budget is due to short expenditure in 1880-81. The increased revenue from Land-cess—Rs. 2,37,600—seems to be due to greater efforts in making collections and to larger arrears outstanding at the opening of the year than had been anticipated. The sum of Rs. 60,000 will, it is expected, have to be written off as irrecoverable. Immediate inquiries should be instituted as to whether the remission of such a large amount is necessary. The receipts from tolls and market rents show an increase of Rs. 2,158 and Rs. 3,000 respectively over the budget, owing to the adjustment of the deposit made by a Toll Contractor and to higher bids offered at the auction sale of markets. Rs. 136 payable by the Coimbatore Municipality as result grant to the pupils of the practising branch of the Local Fund Normal School is shown against "Miscellaneous" under "Receipts from Endowment, &c." The amount will be transferred to the head "Contributions from Municipalities." The Miscellaneous receipts from Choultries are expected to amount to Rs. 400 against a Budget entry of Rs. 70, chiefly owing to portions of chuttrams having been rented as Police Stations. The Board trust that no inconvenience is experienced by travellers in consequence of this appropriation of portions of the buildings to other purposes. The trifling variations in the other items of receipt do not require to be noticed. The total assets are—

Road	Fund	...	...	...	...	...	Rs.
Endowment	do.	...	...	...	...	...	2,12,534
General	do.	...	...	...	...	...	1,21,761
		...	...	...	...	...	<u>1,23,577</u>
							<u>4,57,872</u>

3. *Expenditure.*—The Budget contained no provision for new roads, but a sum of Rs. 3,643 was sanctioned subsequently by the Board. This alone the President has entered in the Regular Estimate under "New Works, Communications," without taking into account the transfer sanctioned in G.O., dated 5th October 1881, No. 1896. Rs. 37,855 so transferred for the reconstruction of certain roads from the year's maintenance allowances of other roads will be included in the provision for New Works, a corresponding reduction being effected in that for Repairs. Rs. 1,067 since sanctioned from the Reserve for road repairs will be added to the amount entered against that item. For Civil Buildings, the assignment under "New Works" accords with the amount sanctioned by the Board, but that under Repairs exceeds the aggregate amount allotted by the Board by Rs. 231, which will be struck out. The unallotted portion of the Road Fund Reserve is Rs. 8,345 and not Rs. 9,412.

4. The amounts entered under Grants II and III of the Regular Estimate differ but slightly from the Budget and are fully accounted for. They may be left untouched except the provision of Rs. 1,470 for Vaccine Inspecting Agency, which will be struck out, as it is not likely that the establishment will be organized within the current year. Besides the expenditure proposed in the regular estimate, a sum of Rs. 10,675 (Rs. 7,584 under Endowment and Rs. 3,091 under the General Fund) is reserved for further allotment during the current year. The reservation of lump sums for allotment without details for the same being furnished is inconsistent with the principles of an estimate. Pending the submission however of proposals, which should be expedited, for utilizing the amount, the sum reserved under Endowment Fund will be retained, but that under the General Fund will be reduced to Rs. 1,942, which together with the balance of the reserve made in the Budget will amount to the sums required by the President.

5. The following is an abstract of the regular estimate as revised by the Board:—

Balance	37,920	29,449	35,086	1,02,455

These balances will be carried over to the Budget of 1882-83.

6. A sum of Rs. 1,84,758 is claimed from this Circle on account of famine expenditure, but funds not being available, only Rs. 30,000 will be reserved for the purpose, and shown as a charge under Grant I of the ensuing year's Budget.

BUDGET OF 1882-83.

7. *Statement I—A. Revenue and Receipts.*—Land cess is estimated at Rs. 1,76,000, against Rs. 2,25,000 in the Budget and Rs. 2,37,000 in the Regular Estimate. In his calculation, the Vice-President takes the arrear demand at Rs. 78,400, after deducting Rs. 60,000 on account of irrecoverable arrears, and expects to realize three-fourths of that amount in the ensuing year. The estimate of current collections is 60 per cent. of the demand. Of the total outstanding arrears, nearly half the amount is set down as irrecoverable; the whole of the remainder should therefore properly be collected before the close of the following year. But if that is not feasible, there can be no reason why the balance, after providing a margin of Rs. 10,000 for doubtful cases, should not be realized. The anticipated collection of 60 per cent. of the current demand also appears very low. Excluding the March kist—that is, Rs. 24,500 or one-eighth of the year's beriz—at least 75 per cent. of the remainder should be easily collected within the year. The beriz being Rs. 1,96,000, the current collections will thus amount to three-fourths ($1,96,000 \times \frac{3}{4}$) or Rs. 1,47,000. Taking together the current and arrear collections, it will be observed that the Vice-President's estimate can safely be raised by Rs. 21,000. The Budget will be altered accordingly. The other items of receipt do not call for remark.

The total assets are:—

Road	Fund ...	...	...	...	...	...	...	Rs.
Endowment	do. ...	...	...	...	...	...	...	2,04,080
General	do. ...	...	...	...	...	...	...	63,340
								1,04,410
								<u>3,71,860</u>

7. *Statement B. Expenditure—Grant I, Public Works.*—Under “New Works, Communications,” Rs. 5,250 are provided for constructing a road from Mathamputty to Tondamuthur, for which an estimate has been sanctioned—*Vide* G.O., Public Works Department, dated 25th November 1881, No. 2950 W. The allotment of Rs. 30,000 for reconstructing certain metalled roads shown under Repairs will be transferred to New Works. The total allotment for New Works will thus be Rs. 35,250, and for Repairs to Communications will be Rs. 99,340. The share of cost of General Management chargeable to Road Fund should be Rs. 5,720. The Road Fund Reserve calculated at 10 per cent. on receipts amounts to Rs. 16,620, but only Rs. 14,930 are available. Of the sum of Rs. 6,530 provided for New Works, Civil Buildings, Rs. 4,890 are for constructing a chuttram at Gopichettipalayam, an estimate for which has been sanctioned in Board’s Proceedings, dated 15th November 1881, Miscellaneous No. 9,930. The sum of Rs. 40,000 provided for works connected with markets and shown under Grant III in Statement I-B, and in Column 9 of Statement IV, will be transferred to Grant I, “Miscellaneous Public Improvements.” Rs. 3,000 and Rs. 2,150, against Rs. 6,000 and Rs. 2,000 in the current year’s budget, are provided respectively for repairing chuttrams and for the maintenance of avenues. The cost of the Local Fund Engineering Establishment is put down at Rs. 25,200; the amount will be reduced to Rs. 24,000, as the Local Fund Engineer is only paid 300 rupees a-month, and not Rs. 400 according to the sanctioned scale. Two Lascars on 6 rupees each are sanctioned for the additional Supervisor.

9. *Grant II, Education.*—The charges under this grant are fully explained in paragraph 21 of the Vice-President’s letter. The commission on sale of books should be Rs. 60.

10. *Grant III, Sanitation, &c.*—The cost of Hospitals and Dispensaries is estimated at Rs. 13,820, against Rs. 13,050 in the current year’s budget. The increase is mainly due to provision having been made for Civil Apothecaries in lieu of Hospital Assistants for all the dispensaries in the Circle under G.O., Financial Department, dated 3rd November 1880, No. 1645. As recommended by the Surgeon-General, the provision for dieting patients will be reduced to Rs. 2,000. The allotments for Vaccination and Sanitation are approved by the Sanitary Commissioner, and are reported by him to be well distributed. The provision for Midwives is increased by Rs. 240, as it is proposed to employ a Midwife for the Udumalpet Dispensary. The proposal is sanctioned. There is an increase of Rs. 1,650 under Market Establishments, and is due to the proposed entertainment of a Waterman at each of the principal markets to supply drinking-water to the people resorting to them. The President will report the names of the markets where these men are to be employed, together with the salaries proposed to be paid to them. An increase is also observed under Bungalows. It is proposed to maintain three more bungalows, viz., Sirumugai, Pollachi and Dharapuram. The first bungalow, which was the old Taluk Cutcherry at Sirumugai, was transferred to the Local Fund Board so far back as 1873, and the second was constructed out of Local Funds in 1878, but no establishment appears to have been maintained for looking after them. The third bungalow does not appear to have been transferred to the Local Fund Board. The President will report whether, and when, the Dharapuram Bungalow was made over to the Local Fund Board. The contribution to the Medical College should be Rs. 1,350. A similar amount will be provided for “Vaccine Inspecting Agency.”

11. *Grant IV, Miscellaneous.*—The contribution for the Controlling Establishment at the Presidency will be altered to Rs. 2,480. It is proposed to raise the pay of the Chief Auditor from Rs. 45 to 50, and to meet this increase Rs. 1,380 are provided. Under G.O., Financial Department, dated 20th October 1881, No. 2021, the amount will be reduced to Rs. 1,020. Under Local Fund Board’s Office Establishment, an increase of Rs. 40 is provided. The amount is intended to meet the increase of pay recommended to be given to the Attender attached to the establishment. As it is represented that the Attender performs both the duties of a Moochi and of a Dufferbund, the Board accord their sanction to the proposed increase of Rs. 3 to his present salary of Rs. 7 per mensem.

2. *Regular Estimate for 1882-83.*—The regular estimate of receipts shows that the Land Cess collections are expected to be Rs. 12,600 more than the amount entered in the budget and Rs. 41,600 more than the current demand of the year. The note at the foot of the regular estimate shows that the arrear demand was very little short of the current, and that in reality nearly two years' taxes had to be collected during the year. A sum of Rs. 1,38,400 is expected to outstand at the close of the year, of which Rs. 60,000 appertain to past years. The President considers that the whole of this latter amount will have to be remitted. The Government await the result of the inquiries ordered to be instituted by the Board of Revenue. The Land Cess collections in Coimbatore do not appear to have been satisfactory, and the Government noticed this in the Board's general report for 1879-80. The President should give his careful consideration to the matter and bear in mind the ruling* of Government in G.Os., 1st February 1877, No. 349, and 28th March 1877, No. 1107, Financial, that the cess should not, as a mere matter of course, be remitted with the Land Revenue demand.

3. The market rents should be shown under "Endowments," not "Miscellaneous."

4. The regular estimate of charges is fully explained and does not call for remark.

5. *Budget Estimates for 1882-83.*—In the budget for 1882-83 the Land Cess estimate as revised by the Board of Revenue is accepted; but, as it is based on the assumption that Rs. 60,000 of the arrears will be written off, it will be held subject to revision with reference to the remarks of Government on the regular estimate.

6. The market rents should, as observed in regard to the entry in the regular estimate, be transferred to "Endowments."

7. Under Grant I provision is made for the reconstruction of two old roads in pursuance of the arrangement sanctioned in G.O., 5th October 1881, No. 1896, and Rs. 40,000 are allotted for market improvements. The Government observe that a

provision of Rs. 12,180 is made for the maintenance of village roads and of Rs. 2,570 for roads in seven of the more important towns in the circle.

8. Under Education the provision for the Normal School is slightly lower than that in the regular estimate owing to the female students completing their course by the end of the current year and their places not being expected to be filled up. It is noted that increased provision has been made for Coimbatore System Schools in the expectation that their number will increase from 39 to 64. The allotment of Rs. 500 for school buildings should appear under Grant I, not Grant II.

9. The provision for travellers' bungalows is considerably in excess of the receipts anticipated from them.

10. The other items are approved as revised by the Board of Revenue.

11. With these remarks the Right Honorable the Governor in Council passes the budget of the Coimbatore Circle for 1882-83.
