Civil Works.

READ—the following letter from G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Ootacamund, 25th June 1883, T. No. 1731 :—

I have the honor to request that you will be pleased to obtain the sanction of the Government for the preparation of plan and estimate for a Sub-Registrar's Office on the standard terraced design at Radhapuram, in the Tinnevely District. The necessity for an office was brought to the notice of the Executive Engineer in May 1881, but no action has been taken in the matter, while Mr. Broadfoot, the Acting Head Assistant Collector, who inspected the office on the 14th May ultimo, remarks :—

“The building is very insufficient. It is dark, and so small that part of the records have to be kept in another place. This is not as it should be. The room forms part of the Sub-Magistrate's Office, who complains that he needs it for his own use. It is indispensable that a proper building should be provided.”
