READ—the following paper—

From Lieutenant-Colonel C. CARTER, Officiating Controller of Military Accounts,
to the Secretary to Government, Military Department, dated Fort St. George,
5th July 1883; B.

In forwarding the accompanying letter from the Quartermaster-General, I have the honor to state that the cost (Rs. 520) of weeding the Ulsoor Tank should, it appears to this office, be legitimately debited against the Budget Estimate of the Public Works Department ("Repairs to Military Works"), a special allotment for the purpose being obtained by that department, if necessary.

2. I should add that, as no such charges have hitherto been adjusted to this department, no provision exists from which the present application can be met.

ENCLOSURE.

From Lieutenant-Colonel R. C. STEWART, Quartermaster-General, to the Secretary to Government, Military Department, dated Fort St. George, 3rd July 1883, No. 1441—(Through the Controller of Military Accounts.)

I have the honor, by order, to forward for submission to Government, the letter, as per margin, from the General Officer Commanding Bangalore Division, asking for a grant of Rs. 520 from Military Funds to carry out the work of clearing out a part of the Ulsoor Tank from weed.

2. It is unfortunate that the annual saving on the Budget allotment of the Ulsoor Water-works, which General Payn assumes does not exist, but the Commander-in-Chief quite concurs with him in thinking that the charge should be met from Military and not Public Works Department Funds; and therefore feels that it will be found practicable to make the small grant available from those funds, for it is a matter of great importance that full advantage should be taken of the present comparatively low state of the tank to do what is possible towards removal of the weeds, the rapid growth of which in the past few years threatens serious consequences.

3. The early orders of Government on this matter are solicited.

From J. W. PAYN, Esq., Commanding Bangalore Division, to the Quarter-
Master-General, dated Bangalore, 18th June 1883, No. 185.

Under the order of the Government, Bangalore, 18th June 1883, No. 185, I have the honor to acknowledge the receipt of your letter of the 18th inst. regarding the Ulsoor Tank, and to inform you that the same has been forwarded to the Government for their consideration. I have also the honor to inform you that the Government have decided to grant Rs. 520 from Military Funds to carry out the work of clearing out a part of the Ulsoor Tank from weed. I have the honor to be, Sir, your obedient servant.

No. 4334.

Referred to the Controller of Military Accounts for favor of remarks and information whether there has been an annual saving in the amount estimated as cost of establishment and working expenses of the Ulsoor Water-works.
To be returned.

Sir,

Under instructions from the Chief Engineer, the Sd^o Engineer Presidency, submitted an estimate for my approval, for clearing a portion of the Ulsoor Tank for use.

As this work is essentially one pertaining to the water supply of the British Troops, I am of opinion that it should be charged specially to that head - being met from the amount that is annually found to be in excess of usual expenditure - instead of

the charge falling under the
General head of "repairs to

allotment for which is usually
much below requirements.

The Ex^e Engineer has re-
quested that No 520 may
be placed at his disposal,
should my suggestion be
practicable.
