GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper :—

From Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 23rd June 1883, No. 164.

I have the honor to bring to the notice of Government the unsatisfactory condition of the Subsidiary Jail accommodation at Calicut.

2. The Subsidiary Jail is that portion of the old District Jail at Calicut formerly used for civil debtors and female prisoners. The buildings are ill-ventilated, and are crowded into a small enclosure surrounded by a wall which is too close to the buildings. The Deputy Magistrate, who accompanied me during my inspection, informed me that as many as twenty prisoners had been locked up in this jail at one time, and that owing to the position of the buildings the supervision is exceedingly difficult.

3. In November last an under-trial prisoner committed suicide by hanging. This man, a domestic servant, was charged with the theft of his master's property. The Town Sub-Magistrate remanded the prisoner for five days to enable the Police to collect further evidence, but on the second day after his admission the man was found hanging at the back of one of the jail buildings, and the body was not discovered until the man has been some time dead. The Civil Surgeon, who was called in to make a post-mortem examination, reported the case to me, but no report was made by the Magistrate to Government on the subject, and in the annual statement, showing the mortality in the Subsidiary Jails of the District of Malabar during the year 1882, no mention is made of this suicide. It, however, appears from the sub-jail records that a full inquiry was made by the District Magistrate. I think that all cases of suicide in Subsidiary Jails, or death from other than natural causes amongst the prisoners, should be reported by the Magistrate to the Inspector-General of Jails for communication to Government in accordance with Rule 617 of the new Jail Code.

4. Mr. Burrows, when District Magistrate, made certain recommendations for the improvement of the Calicut Sub-jail, but I think the buildings are so radically bad that it is very doubtful whether the defects can be remedied in a manner at all commensurate with the expense which the attempt would entail. I would therefore suggest the construction of a new Subsidiary Jail, which, I believe, in the end will be less costly and far more satisfactory than in endeavouring to improve the present defective old jail.

5. Meanwhile, as there is accommodation in the District Jail, I would suggest, as a temporary measure, that all prisoners sentenced by the Calicut Magistracy to fifteen days' imprisonment and upwards be committed to the District Jail, the present practice being to send all prisoners sentenced by the above authorities to one month's imprisonment and under to the Subsidiary Jail.

6. I enclose for information a rough plan of the jail, also copy of a letter from the Acting District Magistrate to the address of the Superintendent of the Jail.

No. 1594, dated 4th May 1883.

ORDER—dated 2nd July 1883, No. 1744, Judicial.

The letter from the Inspector-General of Jails will be transferred to the Public Works Department with reference to the remarks contained in paragraph 4.

2. The proposals made in paragraph 5 of the letter are sanctioned, and the attention of all District Magistrates will be called to Rule 617 of the new Jail Code, copies of which will in a few days be forwarded to all Police Officers and Magistrates. Under Rule 1491 of that Code, the District Magistrate is the Superintendent of all Subsidiary Jails in his district, and as such should submit the report referred to in Rule 617 of the Code.
