GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Duggirala, 27th June 1883, No. 271 N.L.:—

I have the honor to forward, herewith, for approval and sanction, revised estimates for the Sub-jail at Darsi, in the Nellore District, amounting to Rs. 4,550.

3 Plans.
1 Detailed and Abstract Estimate of Sub-jail.
1 Do. do. for Sub-Magistrate's Cutcherry.
1 Do. do. for Sub-jail compound wall.
1 Abstract Estimate (duplicate).
1 Do. General.
1 Executive Engineer's Report.
1 Superintending Engineer's Report.

2. Proposals will shortly be made for utilising the balance of the current year's allotment.

3. If the revised estimate is approved, please wire sanction to enable the work to be pushed on.

ENCLOSURE.

Report on Revised Estimate, amounting to Rs. 4,550, for constructing Sub-jail at Darsi.

The necessity for the revision of the estimates is explained in the Executive Engineer's report.

The construction of the out-buildings has proved a mistake elsewhere, and their omission is therefore recommended.

The foundations are to be of rough stone in mortar, and the walls of brick-work. The thickness of the walls allowed in the design and estimate is 15 inches. I have ascertained that the size of the bricks already made for this work is 9½ inches by 4½ inches by 2½ inches. The walls should be made of 1½ bricks, and will be somewhat under 14½ inches; as the bricks are reported by Captain Henderson to be of fairly good quality, and there is no thrust on the walls, this thickness may be considered sufficient.

The planking of roof is a good thing, but the planking need not be more than ½ inch thick, and the estimate has been altered accordingly.

As the original sanction included alterations and improvements to the Sub-Magistrate's Cutcherry, such repairs as are now necessary have been included in the present estimate.

The saving on the original sanction will amount to Rs. 4,630.
The revised estimates are recommended for sanction.

No. 1274 C., Public Works.

Forwarded for the approval of Government in the Judicial Department, with reference to G.O. in that Department, No. 1488, dated 11th August 1874.
Early return requested.

(By Order.)

CHEPARK,
5th July 1883.

(Signed) C. BOWEN, Major, R.E.,
Under Secy. to Govt., P.W.D.

No. 1275, Judicial.

Approved and returned to the Public Works Department.

O. G. CAMUSO,
10th July 1883.(Signed) M. HAMMICK,
Asst. Secy. to Govt.ORDER—dated 18th July 1883, No. $\frac{1994 \text{ W.}}{A}$ Public Works.

The revised estimate, amounting to Rs. 4,550, for constructing a Sub-jail at Darsi, in the Nellore District, is sanctioned.

2. The present estimate is less by Rs. 4,650 than the one for Rs. 9,180 sanctioned in G.O., No. 222, dated 28th August 1874. The reduction is explained in the Superintending Engineer's report above recorded.

3. A sum of Rs. 6,000 has been provided for the work in the current year's Provincial Budget. The difference between this amount and that of the revised estimate, viz., Rs. 1,450, is resumed and credited to the Provincial Reserve.

4. This sanction has been registered as Provincial No. 74 W. of 1883-84 and classified as Civil Buildings, Original Works.

Forwarded

Report on Revised Estimate amounting
to Rs. 4,550 for Constructing Sub jail at
Darsi.

1994A

The necessity for the revision of the
Estimate is explained in the Executive
Engineer's Report.

The Construction of the Outbuildings
has proved a mistake elsewhere, and
their omission is therefore recommended.

The foundations are to be of rough
stone in mortar, and the walls of brick
work. The thickness of the walls allowed
in the Design and Estimate is 15". I have
ascertained that the size of the bricks
already made for this work is $9\frac{1}{2} \times 4\frac{1}{2} \times 2\frac{1}{2}$.
The walls should be made of $1\frac{1}{2}$ bricks,
and will be somewhat under $14\frac{1}{2}$ ", as
the bricks are reported by Captain Henderson
to be of fairly good quality, and there
is no thrust on the walls, this thickness
may be considered sufficient.

The planking of roof is a good
thing, but the planking need not be
more than $3\frac{1}{4}$ " thick, and the Estimate

9944
S-

has been altered accordingly.

As the original Sanction included alterations and improvements to the Sub Magistrates' Cacheri, such repairs as are now necessary have been included in the present Estimate.

The Savings on the original Sanction will amount to Rs 4,630.

The revised Estimates are recommended for Sanction.

Superintending Engineer's Office, 2nd Circle, Camp Duggurda 27th June 1883	} J. W. Randall Superintending Engineer, 2nd Circle.
