READ—the following papers:—

From Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Engineer, Public Works Department, dated Ootacamund, 17th April 1883, No. 93.

I have the honor to forward, for the sanction of Government, the accompanying plan and estimate, amounting to Rs. 1,000, for improving the Jailor's quarters at the Central Jail, Coimbatore.

2. In the accompanying letter from Mr. Grimes, the Superintendent, that officer explains the necessity for the proposed additions and alterations on the score of health and decency.

No. 19, dated 10th April 1883.

3. The work will be undertaken departmentally, and funds are available from the grant assigned to this department under "34, Other Public Works in charge of Civil Officers," for the year 1883-84.

ENCLOSURE.

From H. R. GRIMES, Esq., Superintendent of the Central Jail, Coimbatore, to the Inspector-General of Jails, dated Coimbatore, 10th April 1883, No. 19.

I have the honor to submit, for your approval, a plan and estimate for improving the Jailor's quarters.

Mr. North, the Jailor, has a large family, at present consisting of eight children, and the sleeping accommodation available in his quarters is quite insufficient.

Two small rooms (marked A) are at present used as bed-rooms, and in one of these seven children, two of them being big girls, sleep; the rooms are very close during the warm weather, the roof being very low, i.e., 10 feet only.

There are two other small rooms, B the bath-room and C the store-room. The two centre rooms are used as dining and sitting rooms. To improve the quarters and provide proper accommodation for the Jailor's family, I propose to add a story to the present building, thus providing two sleeping-rooms with bath-rooms attached.

I think the addition actually necessary on the score of decency and health.

The work can be carried out by convict labor, and the cost of the materials will be about Rs. 1,000.

I have the honor to request you will obtain early sanction for the work to be put in hand on the plea of necessity.

From Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 7th July 1883, No. 276 G.W.

In returning the plan and estimate, amounting to Rs. 1,000, received with your memorandum, No. 883 C., of 2nd May 1883, for adding an upper story to the

NOTE OF REMARKS.

1. The enclosed estimate and plan provides for the construction of an upper story to the jailers' quarters, Central Jail Coimbatore. Amount of estimate is Rs. 1350.
2. The plan now submitted differs from the former chiefly in a change of roof — By the present arrangement the two central rooms receive a pent roof and the outer rooms and verandah a single terrace, by which the upper story is now better lighted and ventilated. This latter design was effected in communication with the jail superintendent.
3. The scantlings of timbers are in accordance with those of the standard specification.
4. The plan and estimate have been countersigned by the Insp. Genl. of Jails.
