Comibator, 12th July 1883

From,

The Superintending Engineer

To,

The Chief Engineer
P.W. Depart.

Sir,

With reference to para 2 of G.O.
No. 1659 W of 13th June 1883 I have
the honor to report that the building
in question was an old one, in a
delapidated condition, which had
not been used as a drum house for
many years; and the Superintendent
of the Remount Depot requested
its removal, because it was not re-
quired, and was falling down.

2 The old Drum house is not
borne on the Register of Public Build-
ings of the Cassoor Taluk, Form
No. 102, maintained in this Office;

and owing to its disused and ruined
state the Executive Engineer—
considered it so much useless rub-
bish, to be cleared off land that is
now in charge of the Military
Department; and the removal
was therefore classed as "Repairs
Military," which apparently
led the Examiner to imagine
that it must be a military
building.

I have the honor to be
Sir

Your most obt. servt.

READ—the following letter from D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Chief Engineer, Public Works Department, dated Madras, 6th June 1883, No. 12 E.W. :—

According to the Return of Sanctioned Estimates of the Salem Division for April 1883, the Superintending Engineer, Fourth Circle, has sanctioned an estimate, amounting to Rs. 15, for dismantling a drum-house near the sick-lines at Remount Depôt.

2. As this building is classed under "Military" the sanction of the Government of India should have been obtained for its dismantlement according to Code paragraph 1217 and Government of India letter printed with G.O. No. 1111 W. of 28th April 1881. I have the honor, therefore, to inquire whether the required sanction was obtained, as it does not appear to have been communicated to this office.

ORDER—dated 13th June 1883, No. 1659 W., Public Works.

The sanction of the Government of India will be requested to the demolition of the building in question.

2. The attention of the Superintending Engineer is called to his non-observance of the rule in paragraph 1217 of the Public Works Code.
