2. *Regular Estimate for 1882-83.*—Excluding opening balances which, as advised by the Accountant-General, exceed the estimate by Rs. 57,380, owing to causes explained in paragraph 2 of the Board's Proceedings, the receipts under the regular estimate show an increase of Rs. 30,280, occurring mainly under "Land-cess" and "Tolls," and due, in the latter case, to the transfer of certain toll-gates to better localities. On the charge side it is observed that a subsequent allotment of Rs. 470 under Grant III, Sanitation, has been sanctioned in Board's Proceedings, 15th January 1883, No. 259, Routine. The figures in the abstract at the head of these Proceedings are altered accordingly.

3. *Budget Estimate for 1883-84.*—The estimated receipts for 1883-84, less the opening balance, show an advance over the regular estimate of Rs. 1,520 occurring principally under "Tolls," and due to the cause already noticed. Under Charges, the

provision under Grant I for New Works and Repairs has been redistributed with reference to the explanations furnished by the President in his letter printed in Board's Proceedings, dated 29th March 1883, No. 882. With reference to paragraph 6 of the Board's Proceedings submitting the budget, it is observed that the effect of G.O., Financial, 22nd March 1880, No. 609, appears to have been misconceived both by the President and by the Board, and that it was not intended by that order to affect, in any way, previously existing rules as regards sanctioning powers. Paragraph 9 of the Order is sufficiently clear on the subject. The proposed increase in the salaries of the Local Fund Engineering Establishment is approved, as is also the provision for the repayment of the balance due on account of famine adjustment. The increased allotment provided for education has the approval of the Director of Public Instruction, and is passed accordingly. Under Grant III, the proposal to establish two more dispensaries at Nágálápúram and *Utramérúr* is approved and sanctioned.

4. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Chingleput Local Fund Circle for 1883-84.

RESOLUTION—dated 10th July 1883, No. 1971.

The Local Fund Budget Estimate of the Chingleput Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph I of the Government Order.*—It is observed from the abstract appended to this paragraph that Government have adopted in the regular estimate for 1882-83 Rs. 65,630 as the closing Road Fund balance of that year without deducting the additional appropriation of Rs. 28,555, sanctioned by them in their Orders, dated 6th February, No. 220, and 16th April 1883, No. 744, Miscellaneous. According to the circle accounts for March 1883 the Road Fund closed with an approximate balance of Rs. 69,859, the excess over the estimate being explained in the circle report for 1882-83 to be due mainly to short outlay on works. As the figure adopted by Government differs but slightly from the above approximate balance it will be retained, as also the provision in the current year's budget for repayment of the famine debt.

3. With reference to the President's letter, dated 2nd December 1882, No. 71, recorded in the Board's Proceedings of the 16th idem, No. 9902, Miscellaneous, the provision for salary grant will be reduced from Rs. 470 to Rs. 270, and the amended Statement III-A submitted by him will be adopted.

2. *Regular Estimate for 1882-83.*—Excluding opening balances which, as advised by the Accountant-General, exceed the estimate by Rs. 57,380, owing to causes explained in paragraph 2 of the Board's Proceedings, the receipts under the regular estimate show an increase of Rs. 30,280, occurring mainly under "Land-cess" and "Tolls," and due, in the latter case, to the transfer of certain toll-gates to better localities. On the charge side it is observed that a subsequent allotment of Rs. 470 under Grant III, Sanitation, has been sanctioned in Board's Proceedings, 15th January 1883, No. 259, Routine. The figures in the abstract at the head of these Proceedings are altered accordingly.

3. *Budget Estimate for 1883-84.*—The estimated receipts for 1883-84, less the opening balance, show an advance over the regular estimate of Rs. 1,520 occurring principally under "Tolls," and due to the cause already noticed. Under Charges, the

provision under Grant I for New Works and Repairs has been redistributed with reference to the explanations furnished by the President in his letter printed in Board's Proceedings, dated 29th March 1883, No. 882. With reference to paragraph 6 of the Board's Proceedings submitting the budget, it is observed that the effect of G.O., Financial, 22nd March 1880, No. 609, appears to have been misconceived both by the President and by the Board, and that it was not intended by that order to affect, in any way, previously existing rules as regards sanctioning powers. Paragraph 9 of the Order is sufficiently clear on the subject. The proposed increase in the salaries of the Local Fund Engineering Establishment is approved, as is also the provision for the repayment of the balance due on account of famine adjustment. The increased allotment provided for education has the approval of the Director of Public Instruction, and is passed accordingly. Under Grant III, the proposal to establish two more dispensaries at Nágálápúram and *Utramérú* is approved and sanctioned.

4. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Chingleput Local Fund Circle for 1883-84.

RESOLUTION—dated 10th July 1883, No. 1971.

The Local Fund Budget Estimate of the Chingleput Circle for 1883-84 is here-with circulated to all officers concerned.

2. *Paragraph I of the Government Order.*—It is observed from the abstract appended to this paragraph that Government have adopted in the regular estimate for 1882-83 Rs. 65,630 as the closing Road Fund balance of that year without deducting the additional appropriation of Rs. 28,555, sanctioned by them in their Orders, dated 6th February, No. 220, and 16th April 1883, No. 744, Miscellaneous. According to the circle accounts for March 1883 the Road Fund closed with an approximate balance of Rs. 69,859, the excess over the estimate being explained in the circle report for 1882-83 to be due mainly to short outlay on works. As the figure adopted by Government differs but slightly from the above approximate balance it will be retained, as also the provision in the current year's budget for repayment of the famine debt.

3. With reference to the President's letter, dated 2nd December 1882, No. 71, recorded in the Board's Proceedings of the 16th idem, No. 9902, Miscellaneous, the provision for salary grant will be reduced from Rs. 470 to Rs. 270, and the amended Statement III-A submitted by him will be adopted.
