

14TH JULY 1883, No. 1493, FINANCIAL.

GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

READ—the following papers:—

Proceedings of the Board of Revenue, dated 5th January 1883, No. 12.

ABSTRACT.—Reviewing and submitting to Government the Local Fund Budget of the Chittoor Circle, North Arcot District, for 1883-84.

Proceedings of the Board of Revenue, dated 12th April 1883, No. 1021.

ABSTRACT.—Submitting to Government remarks of the Director of Public Instruction on the Local Fund Budget of the Chittoor Circle, North Arcot District, for 1883-84, and the explanation of the President on certain points noticed in the Board's review of the budget.

ORDER—dated 14th July 1883, No. 1493, Financial.

The estimated receipts and charges of the Chittoor Local Fund Circle for 1883-84 are compared below with the Regular Estimate for 1882-83 and the actuals for 1881-82:—

	RECEIPTS.		
	Actuals, 1881-82. RS.	Regular Estimate, 1882-83. RS.	Proposed Estimate, 1883-84. RS.
Balances—			
Road Fund	1,54,569	1,51,020	96,160
Endowment Fund	11,744	10,710	13,640
General Fund	6,497	300	1,080
Allotments from General Revenue—			
Provincial Funds—			
For Schools	4,177	240	1,060
Special Funds	1,68,542	5,220	4,100
Cess on Land	4,198	2,00,000	1,80,000
Tolls	2,411	2,540	2,820
Fees in Schools	2,411	2,630	3,120
Contributions from other Circles, &c. ..	780	750	750
Receipts from Endowments, &c. ..	11,558	15,370	12,840
Miscellaneous	18,011	4,300	5,000
Total ..	3,92,487	3,93,080	3,20,570

CHARGES.			
	Actuals, 1881-82.	Regular Estimate, 1882-83.	Proposed Estimate, 1883-84.
	RS.	RS.	RS.
GRANT I.			
New Works—			
Communications	17,830	15,890	
Buildings	3,977	7,810	5,000
Miscellaneous Public Improve- ments	1,373	3,070	
Repairs—			
Communications	91,362	1,12,850	1,18,650
Buildings	3,516	820	320
Miscellaneous Public Improve- ments	6,346	10,660	9,300
Engineering Establishment	11,964	13,480	17,020
Tools and Plant	2,213	10,680	2,000
Road Fund Reserve			12,350
Contributions, &c.	2,056	33,380	2,060
Miscellaneous	1,708	1,250	710
GRANT II.			
Inspection	1,941	1,270	1,480
Training Schools	1,854	2,100	2,080
Local Fund Schools	8,167	11,040	13,280
Results Grants	7,927	7,500	6,000
Miscellaneous	998	1,350	1,430
GRANT III.			
Hospitals and Dispensaries	20,071	20,050	19,850
Contribution to Medical College	2,005	1,160	1,050
Sanitary Inspection			1,050
Vaccination	4,088	4,270	4,570
Sanitation	11,678	10,740	11,070
Markets	5,195	670	630
Choultries	1,199	1,110	1,450
Travellers' Bungalows	600	200	270
Miscellaneous	1,667	1,410	1,410
GRANT IV.			
Establishment	10,724	9,440	8,930
General Reserve			2,770
Balances—			
Road Fund	1,51,018	96,160	62,200
Endowment Fund	10,711	13,640	13,640
General Fund	299	1,080	
Total	3,82,487	3,93,080	3,20,570

2. *Regular Estimate for 1882-83.*—The large increase of Rs. 32,268 in the opening balance as compared with the sanctioned budget is ascribed to short expenditure on Communications in 1881-82, as explained in the Board's Proceedings, 1st November 1882, No. 2636. Notwithstanding an advance of Rs. 20,000 in the estimated collections under Land-cess, the arrears at the close of the year were expected to amount to 15·7 per cent. of the aggregate demand. These arrears extend over five years and should be brought to speedy adjustment. In other respects the regular estimate, as reviewed by the Board of Revenue, is approved.

3. *Budget Estimate for 1883-84.*—The estimated receipts for 1883-84, excluding the opening balance, amount to Rs. 2,09,690. Under Land-cess the estimate amounts to 86 per cent. of the total demand. Owing to paucity of funds under the General Fund, the Board of Revenue propose, as in the previous year, to transfer from the Road to the General Fund the revenue derived from Fishery rents, Pound Fund, and Grass rents, aggregating Rs. 4,120. The proposal is sanctioned. The Provincial grant for schools shown in Statement I is Rs. 1,060, whereas that shown in Statement III is Rs. 820. The entries in both statements should be identical.

4. Under Public Works no provision is made for "New Works—Communications;" but, on the other hand, the allotment for the upkeep of existing roads is considerably increased. As regards the large Road Fund balance remaining unallotted, it is gathered from paragraph 4 of the President's letter embodied in Board's Proceedings, 12th April 1883, No. 1021, that the President has already submitted proposals, which have not yet reached Government, for utilizing a portion of it, and has promised to make further proposals in the course of the year. Calculated at one-and-half per cent. on the outlay on Public Works, the total provision for "Tools and Plant" and the share debitable to the Road Fund should be Rs. 2,000 and 1,780, respectively, and not Rs. 3,160 and 2,940 as shown in Statements I and II. So also the cost of Engineering Establishment chargeable to the Road Fund should be Rs. 15,150 and not Rs. 15,970. Under Education it is proposed to establish a girls' school at Chittoor, to entertain additional masters in certain schools, and to employ sweepers at all schools. These proposals meet with the approval of the Director of Public Instruction and are sanctioned. The Director suggests that the assignment for results grants, which at present stands reduced to Rs. 6,000 on the ground of want of funds, should be raised at least to Rs. 7,500. Having in view the actuals of 1881-82, the Government regard the suggestion as worthy of consideration, and trust that the Circle Board will be able to provide the necessary funds either from savings under Education or from some other source.

5. Owing to the paucity of funds already alluded to, the Circle Board are unable to provide the full reserve under the General Fund, which in consequence closes with a *nil* balance. The Board of Revenue will consider whether, in the present state of the law, any means can be adopted to place this fund on a more satisfactory footing. The remaining items call for no remark.

6. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Chittoor Local Fund Circle for 1883-84.

Local Funds—Budgets.

Reviewing the Budget Estimates of the Chittoor Local Fund Circle for 1883-84.

BOARD OF REVENUE, 5TH JANUARY 1883, No. 12.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from A. J. STUART, Esq., President of the Local Fund Boards, North Arcot District, to the Secretary to the Board of Revenue, dated Vellore, 6th October 1882, No. 418:—

I have the honor to submit the Local Fund Budget Estimate of the Chittoor Circle for the ensuing official year 1883-84, prepared with reference to the instructions conveyed in the Board's Proceedings, dated 21st August last, No. 2095. A regular estimate for the current year is also enclosed together with a memorandum explaining all variations, as also the lists and statements, &c., specified in the margin. The road map of the circle, submitted with the current year's budget, is in the Board's Office, and none is therefore submitted with this budget.

REGULAR ESTIMATE.

The current year opened with a balance of Rs. 1,62,028 (*vide* Supplemental account for March 1882). The actual receipts during the five months of the year amounted to Rs. 49,098, and the receipts during the remaining seven months are estimated at Rs. 1,81,953, thus making the total estimated receipts of the year Rs. 2,31,050 against 2,11,200, the sanctioned estimate. The increase in the regular estimate is chiefly anticipated under Land Cess, as a large amount of arrears, which remain uncollected from the Zemindars, is expected to be collected during the remaining seven months of the current year.

2. The total receipts Rs. 2,31,050, together with the opening balance, make the assets available for expenditure Rs. 3,93,079.

3. The budget grant for the current year is Rs. 3,14,380, and, if the Road and General Fund reserves are deducted from it, the net grant comes to Rs. 2,94,870. The additional allotments sanctioned during the year up to date amount to Rs. 35,134, and the works since proposed for sanction to Rs. 4,825, debitable to the undermentioned heads, viz.:—

							Rs.
New Works—							
Communications	...	...	...	...	...	...	1,303
Civil Buildings	...	...	...	...	...	...	765
Miscellaneous Public Improvements	...	...	...	...	...	...	845
Repairs—							
Communications	...	...	...	...	...	...	1,844
Civil Buildings	...	...	...	...	...	...	68
Total ...							4,825

Allotments for these have been applied for in this office application, No. 379, dated 30th August 1882. Thus the total grant is Rs. 3,34,829.

4. The estimated expenditure, as per regular estimate under the four major heads, amounts to Rs. 3,31,155 as follows—

	RS.
Grant I	2,57,718
Do. II	23,257
Do. III	40,711
Do. IV	9,469
Total ...	3,31,155

against the total estimated grant of Rs. 2,34,829 alluded to above, and the balance anticipated at the close of the year amounts to Rs. 61,924 as per details given in the margin.

	RS.
Road Fund	36,750
Endowment Fund	13,639
General Fund	8,535
Total ...	58,924

5. Of this Rs. 6,000 have been reserved from the General Fund Balance for expenditure during the remaining portion of the current year on account of the new dispensary building at Palmanér, and the surplus thereafter remaining have been carried forward to the ensuing year's budget. At the time the current year's budget was framed last year, there were no funds available for this building; but as the construction of the building has been given on contract and is being pushed on, it will be necessary to make payments to the extent of Rs. 6,000 to the contractor, and the above sum has been reserved on this account.

BUDGET FOR 1883-84.

6. The total receipts of the year 1883-84 are estimated at Rs. 2,09,690 against Rs. 2,11,200, the sanctioned estimate for the current year, and if the opening balance of Rs. 52,920 be added to the former sum, the total assets of the year amount to Rs. 2,65,610.

7. *Receipts, Statement I-A—Land Cess.*—It will be observed from the accompanying demand, collection and balance statement that the uncollected arrears of Land Cess expected to remain on the 1st April 1883 are estimated at Rs. 37,290; adding to this the current demand Rs. 1,71,980, the total demand for the official year 1883-84 would be Rs. 2,09,270, of which Rs. 30,000 is under Arrears and Rs. 1,50,000 under Current, or Rs. 1,80,000 in all are expected to be realized during that official year, leaving a balance of Rs. 29,270, or 14 per cent. of the demand.

8. Tolls are calculated as follows:—

	RS.
Net receipts from Wárajápet Municipal Toll	1,160
Do. from Vellore Municipality	1,660
Total ..	2,820

School Fees.—The receipts under this head are estimated at Rs. 3,120 against Rs. 2,630, the sanctioned estimate for the current year, the increase being attributable to an increase in the average attendance in some of the schools.

9. *Hospitals and Dispensaries.*—The decrease is due to the corresponding reduction in the expenditure of the Devasthanam Dispensary at Tirupati (*vide* remark G, Regular Estimate).

10. *Markets.*—The income from this source is estimated with reference to the actuals of the past seventeen months.

11. *Receipts from Provincial Grant.*—The sum of Rs. 820 shown under this head is one half of the grant expected to be paid from Provincial Funds to the Local Fund Combined Schools from the Fourth Standard and upwards, the other half being paid to the Masters of the schools concerned. This provision has been made at the instance of the Inspector of Schools, who states that these grants will be made.

The following items—

	RS.
Grass Rent	20
Fishery	3,200
Pound Fund	900

as in the current year's budget have been transferred from the Road to the General Fund.

12. The other items do not call for special remark.

13. *Expenditure, Statement I-B.*—The total outlay proposed for 1883-84 under the four major heads is Rs. 2,43,220 against Rs. 3,14,280, or Rs. 71,060 less than the current year's budget grant.

14. *Grant I, Public Works.*—No expenditure is proposed under New Works, Communications for want of funds. A sum of Rs. 5,000 is provided under Civil Buildings for the new dispensary at Palmanér. The outlay proposed to be made on repairs is Rs. 1,28,270 as follows:—

	Proposed for 1883-84.	Budget grant for 1882-83.
	RS.	RS.
Communications	1,18,650	1,00,910
Civil Buildings	320	280
Miscellaneous Public Improvements	9,300	13,200
Total ...	1,28,270	1,14,390

or Rs. 13,880 more than the current year's grant. Of the sum of Rs. 1,18,650 shown against the first item, Rs. 90,320 is the usual grant allowed for the maintenance of the several lines of communications in the circle. Provision has also been made in the ensuing year's budget for the following roads:—

- (1) The twelve railway feeders referred to in G.O., dated 31st July 1882, Miscellaneous No. 843-N, Financial.
- (2) Three of the most important roads constructed during the late famine, which are much out of order and which it is very desirable to maintain.
- (3) Four village roads and two old roads for which no provision has yet been made in the budgets, but which have been repaired out of the special allotments obtained for the purpose.

15. In the budgets for this and the previous year large lump grants have been provided for the repair of the street roads of some of the important towns in the circle; the streets are in fair order and do not any longer require so heavy an outlay. The grants have therefore been distributed in the present budget among other important villages in the several taluks, retaining also a sufficient sum for the towns hitherto provided from this source.

16. The sum of Rs. 320 provided under Civil Buildings is for whitewashing and executing petty repairs to the Civil Dispensaries, Travellers' bungalows, &c., particulars of which are given in the Appendix, Part II.

17. The outlay of Rs. 9,300, proposed under Miscellaneous Public Improvements, comprises the following items:—

	RS.
Maintenance of Avenues	2,500
Improvement to Weekly Markets	6,800
Total ...	9,300

The establishment kept up for the maintenance of avenues having been reduced with reference to the actual number of young trees to be looked after, the provision made on that account is less by Rs. 3,200 than the provision made for it in the current year's budget.

18. *Establishment.*—The sum of Rs. 10,770 provided under this head has been wholly debited to this circle as one-fifth of the cost of the same hitherto contributed

by the Vellore Board on account of general supervision has now been stopped owing to the separation of the Vellore Circle under G.O., dated 21st August last, No. 994, Financial.

19. The cost of the old Petty Establishment amounts to Rs. 6,220 against Rs. 5,370 provided in the current year's sanctioned budget; the increase is due to the entertainment of five Clerks for the Overseers in charge of the taluks sanctioned in G.O., No. 1941, dated 10th October 1882.

20. *Tools and Plant.*—The provision under this head has been calculated at $2\frac{1}{2}$ per cent. on the estimated outlay of Rs. 1,26,470 on Public Works.

21. *Road Fund Reserve.*—Estimated at 10 per cent. on the estimated receipts, viz., Rs. 1,23,590 of the Road Fund for the year 1883-84.

22. The total outlay proposed under Grant I is Rs. 1,68,570, and is debitable as follows:—

	RS.
Road Fund	1,52,770
Endowment Fund	6,800
General Fund	9,100

23. The other items provided for under the above grant being the same as in the current year do not require to be explained.

24. *Grant II, Education.*—The outlay proposed under Education is Rs. 24,270, which is Rs. 290 more than the current year's grant and 89 per cent. of one-sixth of the income from the Land Cess. The details of the outlay are given below:—

	1883-84.	1882-83
	RS.	RS.
Inspection	1,480	1,400
Training Schools	2,080	2,080
Local Fund Schools	13,280	11,650
Result Grant... ..	6,000	7,500
Contribution to Provincial Fund	480	480
Purchase of Books and Commission	870	870
Maintaining a Student in the Muhammadan Normal School at Madras	80	...

25. *Inspection.*—The pay of the additional Deputy Inspector has to be raised in accordance with provisions made to Rs. 80 per mensem after he has been a year on Rs. 70, the rate now paid to him. Sanction for this will be applied for, and provision is made under this head for the increase.

26. *Local Fund Schools.*—Rupees 13,280 have been provided for the Local Fund Schools against Rs. 11,650 sanctioned for the current year, the increase being Rs. 1,630. This is attributable to provision having been made for a new Girls' School proposed to be opened at Chittoor and the entertainment of additional masters in some of the existing schools and for servants in all as per details below:—

	RS.
1. Girls' School at Chittoor	10

with Result Grant from Provincial Funds—

Chittoor School.

	Salary.	Result Grant per Mensem.
	RS. A. P.	RS. A. P.
1 Additional Master	10 0 0	2 8 0
1 Hindustani Teacher	6 0 0	3 0 0
1 Do.	5 0 0	2 0 0

Gudiyatam School.

1 Hindustani Master	7 0 0	3 0 0
----------------------------	-------	-------

Puthur School.

1 Headmaster	16 0 0	5 0 0
Second Master	7 0 0	4
Third do.	6 0 0	3 0 0
Fourth do.	5 0 0	2 0 0

Punganur Girls' School.

1 Mistress	9 0 0	...
-------------------	-------	-----

27. As the want of systematic education for the girls at Chittoor is greatly felt, the Local Fund Board, at the recommendation of the Deputy Inspector, propose to open a school at that place.

28. The strength of the Local Fund School at Chittoor having increased to 250, including the Muhammadan class, it is necessary to increase the teaching staff as detailed above.

29. The entertainment of a Muhammadan teacher for the school at Gudiyatam was sanctioned in Board's Proceedings, dated 17th May 1882, No. 1334; provision is made for the same in the budget.

30. As regards the Putur School the number of masters on the rates of salaries as specified above having been employed from the beginning of the current year, sanction has still to be obtained for the increase and will now be applied for; provision is made in the budget at the same scale. Provision is also made in the budget for the entertainment of servants for each of the thirty-five schools at Annas 8 per mensem, the schools being now without servants to sweep and keep them clean. The provision made for the Punganur Girls' School has already been sanctioned by the Board.

31. *Result Grant.*—For want of funds, the provision under this head is reduced to Rs. 6,000, or Rs. 1,500 less than the current year's grant.

32. Under the sanction conveyed in Board's Proceedings* dated

No. the Muhammadan scholar having been sent to Madras to be trained in the Normal School there, a sum of Rs. 80, at Rs. 7 per mensem, is provided in the budget.

33. The other items provided under Grant II being the same as in the current year do not call for special remark.

34. *Grant III.*—The decrease in the provisions against the several items under Hospitals and Dispensaries as compared with the provision made for the current year is attributable to reductions in the establishment, diet, contingencies, &c., of the Devasthanam Dispensary at Tirupati, the reasons for which are given in paragraph 9 *supra*, and to a reduction in the provision under Diet in the Chittoor Dispensary and under Medicines for the Palmaner Dispensary as proposed by the Civil Surgeon. There is an increase of salary to the peon attached to the Branch Dispensary at Venkatagirikota from Rs. 5 to 7 in accordance with sanction conveyed in Board's Proceedings, dated 30th June 1882, No. 3624.

35. *Vaccination.*—The increase under this head is due to a provision of Rs. 300 having been made in addition to the current year's grant to meet the extra allowance to be paid to Vaccinators for cases vaccinated by them above 100 in each month.

36. *Sanitary Establishment.*—No provision has been made under Improvement of water-supply as no money can be spared at present. Any improvement to the fresh-water reservoirs which may be found necessary will be provided for from the General Reserve in the course of the year on special application.

37. *Scavenging Establishment.*—The increase under this head is due to the additional provision having been made, the particulars of which are given below:—

Chittoor Taluk.

	RS.
Three additional Scavengers for the town of Chittoor on Rs. 5 each per mensem sanctioned in Board's Proceedings, dated 7th June 1882, No. 3116	180
Two additional Carts on Rs. 17-8-0 per mensem sanctioned by Board's Proceedings above quoted	210

Chandragiri Taluk.

Two additional Scavengers on Rs. 5 each for the town of Tirupati— <i>vide</i> Board's Proceedings, dated 30th June 1882, No. 3622	Rs.
...	120

Tirutani Division.

Three additional Scavengers for the town of Tirutani on Rs. 5 each per mensem	Rs.
One additional Cart on Rs. 10	180
...	120

This establishment has been employed since January last, but sanction has not yet been obtained through oversight; it will now be applied for.

38. Other sanitary outlay—

Additional allotment for the Sanitary arrangements to be made during the festivals at Tirupati	Rs.
Additional allotment for Punganur Town	100
...	100

39. *Markets*.—The increase of Rs. 130 over the grant for the current year is due to the entertainment of Gumastahs, &c., in the weekly markets at Punganur and Ranipet, sanctioned in Board's Proceedings, dated 5th September 1882, No. 5138.

40. *Travellers' Bungalows*.—Provision is made for one watchman on Rs. 5 for the bungalow at Kátpádi as well as for the contingent charges of the same in addition to the current year's allotment.

41. *Contribution to Provincial Funds*.—The contribution towards the cost of the Medical College and Inspecting Vaccine Agency have each been calculated at 5 per cent. of the total receipts of the circle for 1883-84.

42. The other items provided under Grants III and IV being the same as in the current year do not call for special notice.

43. *General Reserve*.—The amount available for General Reserve is Rs. 4,000 instead of Rs. 7,270, which is 10 per cent. of the estimated receipts of the General Fund. For want of funds the Local Fund Board cannot allot for this purpose more than what they have now done.

ENCLOSURE No. 1.

REMARKS on the Regular Estimate of Receipts and Expenditure of Local Funds of the Chittoor Circle for 1882-83.

A. RECEIPTS.

(a) The increase as compared with the budget grant is attributable to the short expenditure incurred during the past official year on Communications, New Works and Repairs.

(b) The increase is due to the full allotment sanctioned for improvements to the markets not having been utilized for the past official year.

(c) Calculated with reference to the actuals of the past official year and those of the first quarter of the current official year.

(d) Calculated with reference to the actuals of the past seventeen months.

(e) The current official year opened with a balance of Rs. 65,311, and this with the demand of the year, viz., Rs. 1,71,980, makes the arrear and the current demand for the year Rs. 2,37,291. Of this, Rs. 36,806 have been collected up to date, and it is hoped that during the remaining seven months about Rs. 1,63,194 will be collected, making in all Rs. 2,00,000, or 84 per cent. of the total demand. The actual collections of the last seven months of the past official year amounted to Rs. 1,12,836 against Rs. 1,63,194, estimated to be realized during this period. The decrease in the actuals of the past official year was attributable to several of the Zemindars and Poligars, especially the Zemindars of Kárvetnagar and Punganur, not having paid up their kists punctually during that year; but arrangements having been made for the prompt adjustment of the claims of the Local Funds, it is hoped that the total collections of the current year will not fall short of the above estimate.

(f) Calculated as follows:—

Fixed toll contribution from the Vellore Municipality on account of the road from Vellore to Vellore Railway Station	Rs.
...	1,660
Estimated moiety of toll collections of the Wárajápet Municipality based upon the actuals of 1881-82	877
Total	2,537

(g) The sum of Rs. 4,400 shown in column 4 is comprised of the following items:—

Balance of contribution due from the Mahant of Tirupati on account of Tirupati Dispensary for the past official year (only Rs. 1,200 out of the fixed contribution of Rs. 3,600 was paid in 1881-82)	Rs.
...	2,400
Contribution to be paid by the Mahout for the Dispensary for 1882-83. As the establishment has been reduced and no in-patients are admitted for want of proper accommodation, the current expenditure is estimated to amount to Rs. 2,000 only, and hence the reduction of expenditure	2,000
Total	4,400

(A) The receipts under this head have been based upon the actuals of the past five months.

(i) Calculated with reference to the past seventeen months.

(j) Do. do. twelve months.

(k) The increase of Rs. 800 is due to the fact that the regular estimate includes the estimated income from the market at Arkónam, Rs. 600, shown separately in the last year's budget.

(l) Includes refund of expenditure, &c., on Local Fund Public Works.

B. EXPENDITURE.

(a) As directed only the allotments sanctioned up to date have been adopted for the regular estimate, but a lump sum of Rs. 3,000 has been provided before striking the balance, which has to be carried over into next year for expenditure in the remaining months of the current year on works for which estimates and allotments have not yet been passed by the Board. Unless this provision is allowed to stand it is obvious that nearly half of the working year will be lost during which money might be utilized, in place of passing over into next year's budget. Moreover several works to be provided for from this item have been already completed, or are far advanced in anticipation of sanction.

(b) The increase of Rs. 288 is the expenditure incurred on the new Civil Dispensary building at Palmanér during the current year.

(c) The increase of Rs. 1,986 represents the cost of iron-railings purchased from England for the weekly market at Gudiyátam for which the requisite allotment has been sanctioned under "Repairs, Miscellaneous Public Improvements"—*Vide* paragraph 8 of the Board's Proceedings, No. 499, dated 11th February 1882.

(d) For the decrease of Rs. 1,986, *vide* remark (c) above.

(e) Calculated as follows:—

Pay, fixed travelling allowance and trainage of the additional Deputy Inspector of Schools for seven months at (70 + 20 + 5) Rs. 95 per mensem	Rs.
...	665
Pay, fixed travelling allowance and batta of the additional Deputy Inspector's Peon for seven months at (5 + 3) or Rs. 8 per mensem.	56
Contingencies for do.	5
Actuals up to August 1882	540
Total	1,266

(f) The decrease as compared with the sanctioned grant is attributable to the increased rate of pay provided for in the budget for some of the schools not having been paid yet.

(g) Calculated with reference to the actuals of the past seventeen months.

(A) Calculated at 5 per cent. on the regular estimate of receipts.

(i) The increase is chiefly due to the entertainment of a temporary Translator in the President's office.

(j) The sum of Rs. 27 is the proportionate amount chargeable to the Chittoor Circle on account of pensions of the Local Fund Establishments in Imperial offices at the Presidency as per Accountant-General's General letter, No. 37, dated 27th June 1882.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Madras, 14th November 1882, No. 5947 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the allotment made in Grant III of the 1883-84 Local Fund Budget Estimate of the Chittoor Circle for the maintenance of the dispensaries is adequate.

2. The President of the Circle, in paragraph 34 of his letter* to your Board, remarks that reasons for reductions in the headings "Establishment, &c.," are given in paragraph 9 of the letter referred to. This portion should have also been communicated to this office.

3. A sum of Rs. 1,050 is entered as contribution towards the expenses of the Medical College.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 22nd November 1882, No. 1041 :—

I have the honor to report, for the information of the Board of Revenue, that the Chittoor Local Fund Board have made a provision of Rs. 11,070 for sanitary purposes for 1883-84. This gives a percentage of 18.4 on available income, and is an improvement over the grant for the current year; but it is to be regretted that provision cannot be made for improvement of water-supply and village-sites—two important objects of sanitation. Of the total allotment, Rs. 6,012 are to be devoted for scavenging of eighteen towns and villages and Rs. 5,058 for miscellaneous expenditure, including Rs. 1,200 for sanitary arrangements during fairs and festivals.

2. The vaccination grant amounts to Rs. 4,570, being in excess of that for the current year by Rs. 300, due to provision having been made for rewards to Vaccinators who vaccinate above 100 cases in a month. No details of establishment have been given, but the allotment appears to be adequate.

RESOLUTION—dated 5th January 1883, No. 12.

The Local Fund Budget Estimate of the Chittoor Circle for 1883-84 is submitted for the orders of Government.

REGULAR ESTIMATE FOR 1882-83.

2. *Statement I-A, Receipts.*—The opening balance adopted by the President agrees with the closing balance of 1881-82 advised by the Accountant-General. It is distributed among the minor funds as under :—

	RS.
Road Fund	1,51,018
Endowment Fund	10,711
General Fund	299
Total	1,62,028

Compared with the estimate, there is a large increase of Rs. 32,268, due chiefly to short expenditure on communications in 1881-82, as explained in paragraph 5 of the Board's Proceedings, dated 1st November 1882, No. 2636, reviewing the report for that year. The cess on land is expected to yield Rs. 2,00,000, or Rs. 20,000 more than the figure entered in the budget. It is anticipated that the arrears left

uncollected from some of the Zemindars and Poligars will be realized in the current year. The collections according to the revised estimate amount to 84 per cent. of the total demand, and the President states that he has already made arrangements for the prompt adjustment of the arrears above mentioned. The tolls contribution paid by the Vellore and Wárajápet Municipalities has fallen off from Rs. 2,890 to Rs. 2,537. The reason for the decrease is not stated. The increased receipts under "Endowments, &c.," on account of hospitals and dispensaries is due to the arrears of the previous year's contribution for the Tirupati Dispensary being expected to be paid in by the Mahant of Tirupati. It is stated that the current year's contribution has been reduced to Rs. 2,000, with reference to the reduction in the establishment maintained in the institution, and to the fact that no in-patients are admitted at present owing to the want of accommodation. The dispensary building has been pronounced unsafe, and no proper accommodation can be found elsewhere in the town. The increase of Rs. 400 under "Miscellaneous" (not Rs. 800 as stated in the President's explanatory memorandum) is stated to be due to the inclusion of Rs. 600, the income of the Arkónam market. The President is requested to explain why this amount is not shown under 6 (c), Market Rents. It is also observed that this market is omitted in Statement IV of the ensuing year's budget. The variations in the other items of receipt are not important. It is not stated whether the sum of Rs. 414 paid by the Public Works Department for putting in order the roadway over the bund of Kodigal has been taken credit for in the regular estimate—*vide* Board's Proceedings, dated 5th October 1882, R.S. No. 5760. The President will report.

3. *Statement I-B, Expenditure.*—The expenditure proposed by the Circle Board during the current year includes allotments sanctioned up to the date of the submission of the budget, a lump provision of Rs. 4,825 for allotments subsequently applied for, and a sum of Rs. 9,000 omitted in the closing balance without being shown as expenditure under any head. These two amounts will be disallowed, and the allotments sanctioned by the Board of Revenue up to date will be included under the proper heads. Under Grant I, no provision was made in the budget for "New Works." Allotments were subsequently sanctioned principally for the incomplete works of 1881-82 under "Communications" and for the construction of certain school-houses under "Civil Buildings." Rupees 6,000 are now allotted from the available General Fund Balance according to the regular estimate for the construction of the dispensary at Palmanér in the circumstances explained in paragraph 5 of the President's letter. It is stated that the amount entered against "Miscellaneous Public Improvements" under "New Works" includes Rs. 1,986 transferred from "Repairs" on account of the cost of iron railings purchased in England for the weekly market at Gudiyátam. It does not appear that application was ever made for this transfer of funds from one major head to another. The budget figure of Rs. 86,290 reserved for the adjustment of famine dues is repeated, but under G.O., dated 8th June 1882, No. 436, Financial Department, only Rs. 31,316 being payable (*vide* Board's Proceedings, dated 20th November 1882, No. 2842), the remainder will be struck out. Under Grant III, the provision for sanitation should be Rs. 10,738 including Rs. 55 since sanctioned for making certain sanitary improvements in the town of Ranipet. The contribution provided for the "Vaccine Inspecting Agency" is struck out as there is no likelihood of the scheme being organized during the current year. The increased provision made under Grant IV on account of the Local Fund Board's Office establishment is due to the entertainment of a temporary Translator sanctioned in G.O., Financial Department, dated 25th May 1882, No. 554, R. S. The entry against "Superannuation and Retired Allowance" is removed as the amount is included in the provision for the Controlling Establishment at the Presidency.

4. The following is an abstract of the charges as modified by the Board of Revenue :—

Items.	Road Fund.	Endow- ment Fund.	General Fund.	Total.
	RS.	RS.	RS.	RS.

Balance ...	96,162	13,639	1,081	1,10,882

These balances will be brought forward to the budget of 1883-84.

BUDGET ESTIMATE, 1883-84.

5. *Statement I-A, Receipts.*—Credit is taken for a Provincial grant of Rs. 240 for the Middle Class School at Gudiyatam with reference to paragraph 3 of the Board's Proceedings, dated 13th July 1882, No. 1787. In addition to this, Rs. 820 are entered under 7, Miscellaneous, being one half of the grants expected to be paid from Provincial Funds to the Combined System Schools for the 4th Standard and upwards, the other half being paid to the masters of the schools concerned. The two amounts will be added together and shown under the head of Provincial Grant. The estimated income from cess on land is Rs. 1,80,000 as in the current year's budget. Out of a total demand of Rs. 2,09,270, 86 per cent. is expected to be realized. Tolls are expected to yield Rs. 2,820 against Rs. 2,890 in the current year's budget and Rs. 2,537 in the regular estimate. The reason for the variations is not stated. The other items of receipt do not call for remark, further than that, owing to paucity of funds under the General Fund, the receipts from Fishery Rents, Pound Fund and Grass Rents, aggregating Rs. 4,120, have been transferred to it from the Road Fund as was sanctioned in the current year's budget—G.O., Financial Department, dated 14th July 1882, No. 681. The total receipts are—

	RS.
Road Fund	2,19,750
Endowment Fund	26,980
General Fund	73,840
Total ...	3,20,570

6. *Statement I-B, Expenditure—Grant I, Public Works.*—No allotment is made for "New Works, Communications," a very large amount being provided for the maintenance and improvement of existing roads. Provision is also made for repairing all the railway feeders and the streets of the more important towns and villages. It

is noted that the cost of maintaining eight miles of the road from Minnel to Panapauk (Item No. 54 in the Appendix to Part II) at Rs. 150 per mile is Rs. 1,200 and not Rs. 840 as entered in the statement. Rupees 5,000 are assigned under "New Works, Civil Buildings" for the construction of the dispensary at Palmanér. The enhanced provision under Local Fund Engineering Establishment is due to the whole of the charge being now borne by this circle, the Vellore Circle having been relieved of the share of the cost hitherto paid by it. The share of cost of the General Management, Tools and Plant, and Contingencies, chargeable to the Road Fund, is Rs. 6,100, 2,940 and 620, respectively. The total Road Fund Expenditure amounts to Rs. 1,58,710, leaving a large balance of Rs. 61,040. This is due to nearly Rs. 50,000 having been set free from the amount reserved for famine adjustment. The President will submit proposals for utilizing a portion of the balance.

7. *Grant II, Education.*—The increased provision under "Payment for Inspection" is due to the increment of Rs. 10 payable to the additional Deputy Inspector of Schools after a year's service. The assignment for the Elementary Normal School at Chittoor is the same as that of the current year. The provision for Local Fund Schools shows an increase of Rs. 1,630 over the current year, attributed to the proposal to establish a Girls' School at Chittoor, to the entertainment of additional masters in the schools mentioned in paragraph 26 of the President's letter, and to the employment of sweepers on 8 annas each at all the schools. The Board however note that there are other variations in Statement No. III which have not been explained. The provision made for the salaries of the Kálahasti Schoolmasters shows an increase of Rs. 252, while that for the Pólúr School is less by Rs. 144. New schools at Panapauk, Rallabudugur and Sambukur are entered in lieu of the schools at Rangampet, Ramasamudram and Velkar which are sanctioned for the current year. The President is requested to state whether the latter schools have been transferred to the former places, and if so, to specify the number and date of the half-yearly return in which these transfers were reported to the Board. No provision is made for the payment of Rs. 8,200, being the estimated cost of constructing four rooms in the Government High School building at Chittoor—vide Board's Proceedings, dated 2nd September 1882, No. 2200. The omission should be explained. The estimate for result grant is put down at Rs. 6,000, or Rs. 1,500 less than the current year's figure. It is stated that for want of funds the provision under this head has been reduced. The total allotment for education amounts to Rs. 24,270, or 33 per cent. of the General Fund receipts. Pending the receipt of the remarks of the Director of Public Instruction on the educational portion of this budget, the President's figures will be allowed to stand.

8. *Grant III, Medical and Sanitary.*—The provision made for the maintenance of the six dispensaries in the circle is considered adequate by the Surgeon-General. The President's attention is invited to paragraph 2 of his letter. Rupees 4,570 are provided for vaccination against Rs. 4,270 in the current year, the increase being intended for the payment of extra allowances to Vaccinators performing more than the prescribed number of operations. The assignment for sanitation is also in excess of that in this year's budget. The Sanitary Commissioner points out that no provision is made for the improvement of village-site and water-supply. It is noted that the Circle Board are prepared to apply for funds for any improvement to the fresh-water reservoirs which may be found necessary in the course of the year. The increased provision made for Market Establishment is on account of two Gumastahs sanctioned for the Punganúr and Ranipet markets. As regards bungalows, provision is made for a watchman on Rs. 5 for the bungalow at Kátpádi as well as for Contingencies. The provision is approved and the entertainment of the watchman sanctioned.

9. *Grant IV, Miscellaneous.*—The items under this grant do not call for remark except that the sum of Rs. 30 entered for superannuation and retired allowance will be struck out for reasons stated in the review of the regular estimate. From the Endowment Fund Statement, it is observed that the transactions of the Ranipet Dispensary and the Arkónam Chattram close with deficit balances. The procedure adopted by the Circle Board is contrary to the instructions issued in paragraph 4 of

the Board's Proceedings, dated 21st August 1882, No. 2095. The appropriations from the General Fund will be shown as receipts and the accounts of the institutions closed with *nil* balances. The General Reserve calculated at 10 per cent. of the receipts comes to Rs. 7,270, but only Rs. 2,770 are available, leaving no balance under the General Fund. With reference to the statement made in paragraph 1 of the President's letter that the road map is in this office, he is referred to paragraph 9 of the Board's Proceedings, dated 11th February 1882, No. 449, from which it will be seen that it was not sent with the budget for 1882-83.

10. The following is an abstract of the budget as modified by the Board :—

GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

READ—the following papers:—

Proceedings of the Board of Revenue, dated 5th January 1883, No. 12.

ABSTRACT.—Reviewing and submitting to Government the Local Fund Budget of the
Chittoor Circle, North Arcot District, for 1883-84.

Proceedings of the Board of Revenue, dated 12th April 1883, No. 1021.

ABSTRACT.—Submitting to Government remarks of the Director of Public Instruction on
the Local Fund Budget of the Chittoor Circle, North Arcot District, for 1883-84, and the expla-
nation of the President on certain points noticed in the Board's review of the budget.

ORDER—dated 14th July 1883, No. 1493, Financial.

The estimated receipts and charges of the Chittoor Local Fund Circle for 1883-84
are compared below with the Regular Estimate for 1882-83 and the actuals for
1881-82:—

	RECEIPTS.		
	Actuals, 1881-82. RS.	Regular Estimate, 1882-83. RS.	Proposed Estimate, 1883-84. RS.

General Fund	299	1,080	
Total	3,82,487	3,93,080	3,20,570

2. *Regular Estimate for 1882-83.*—The large increase of Rs. 32,268 in the opening balance as compared with the sanctioned budget is ascribed to short expenditure on Communications in 1881-82, as explained in the Board's Proceedings, 1st November 1882, No. 2636. Notwithstanding an advance of Rs. 20,000 in the estimated collections under Land-cess, the arrears at the close of the year were expected to amount to 15·7 per cent. of the aggregate demand. These arrears extend over five years and should be brought to speedy adjustment. In other respects the regular estimate, as reviewed by the Board of Revenue, is approved.

3. *Budget Estimate for 1883-84.*—The estimated receipts for 1883-84, excluding the opening balance, amount to Rs. 2,09,690. Under Land-cess the estimate amounts to 86 per cent. of the total demand. Owing to paucity of funds under the General Fund, the Board of Revenue propose, as in the previous year, to transfer from the Road to the General Fund the revenue derived from Fishery rents, Pound Fund, and Grass rents, aggregating Rs. 4,120. The proposal is sanctioned. The Provincial grant for schools shown in Statement I is Rs. 1,060, whereas that shown in Statement III is Rs. 820. The entries in both statements should be identical.

4. Under Public Works no provision is made for "New Works—Communications;" but, on the other hand, the allotment for the upkeep of existing roads is considerably increased. As regards the large Road Fund balance remaining unallotted, it is gathered from paragraph 4 of the President's letter embodied in Board's Proceedings, 12th April 1883, No. 1021, that the President has already submitted proposals, which have not yet reached Government, for utilizing a portion of it, and has promised to make further proposals in the course of the year. Calculated at one-and-half per cent. on the outlay on Public Works, the total provision for "Tools and Plant" and the share debitable to the Road Fund should be Rs. 2,000 and 1,780, respectively, and not Rs. 3,160 and 2,940 as shown in Statements I and II. So also the cost of Engineering Establishment chargeable to the Road Fund should be Rs. 15,150 and not Rs. 15,970. Under Education it is proposed to establish a girls' school at Chittoor, to entertain additional masters in certain schools, and to employ sweepers at all schools. These proposals meet with the approval of the Director of Public Instruction and are sanctioned. The Director suggests that the assignment for results grants, which at present stands reduced to Rs. 6,000 on the ground of want of funds, should be raised at least to Rs. 7,500. Having in view the actuals of 1881-82, the Government regard the suggestion as worthy of consideration, and trust that the Circle Board will be able to provide the necessary funds either from savings under Education or from some other source.

5. Owing to the paucity of funds already alluded to, the Circle Board are unable to provide the full reserve under the General Fund, which in consequence closes with a nil balance. The Board of Revenue will consider whether, in the present state of the law, any means can be adopted to place this fund on a more satisfactory footing. The remaining items call for no remark.

6. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Chittoor Local Fund Circle for 1883-84.
