2139  
3RD AUGUST 1883, No. 2139 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.  
Civil Works.

READ—the following letter from Major S. C. CLARKE, R.E., Officiating Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Bellary, 9th July 1883, No. 1021 :—

I have the honor to submit, for sanction of Government, an estimate of Rs. 29,460 for a first-class Taluk Cutcherry with out-houses at Anantapur.

*Note by the Chief Engineer, Public Works Department.*

Submitted for the sanction of Government.

2. The Superintending Engineer should report what increase to the estimate will be caused by building in mortar throughout instead of brick in mud and stone in mud. In buildings of this class it is desirable that the whole of the masonry should be "pukka."

CHEPAUK,  
3rd August 1883.

(Signed) R. H. SANKEY, Major-General, R.E.,  
Chief Engineer, P.W.D.

ORDER—dated 3rd August 1883, No. 2139 W., Public Works.

The estimate, amounting to Rs. 29,460, for constructing a first-class Taluk Cutcherry at Anantapur, in the Bellary Division, is sanctioned for immediate execution from an assignment of funds to be subsequently made.

2. Early report should be submitted with reference to the Chief Engineer's note above recorded.

3. The sanction now accorded has been registered as Provincial No. 82 W. of 1883-84 and classified as Civil Buildings, Original Works.

(True Extract.)

Major, R.E.,  
Under Secy. to Govt., P.W.D.

Taluk Cutcherry at  
Anantapur

Estimate for constructing a first-class  
in the Bellary Division, sanctioned.

Public Works Department, 1883-84.

Current No. 5819

Letter No. 1021

Dated the 9<sup>th</sup> July 1883

From the Supg. Engr. 3<sup>rd</sup> Circle

NOTE OF REMARKS.

1. Enclosed is a 'General Abstract' for the construction of a 1<sup>st</sup> class talucutcherry at Anantapur. Amount of estimate (including out-offices) is Rs. 29,400.
2. The work is to be carried out in accordance with the plan sanctioned in G.O. No. 2204 of 21<sup>st</sup> August/76. The abstract accords with the standard except in some slight alterations under 'foundations'.
3. The abstract has been submitted in duplicate.

Dr W

With reference to  
your note as to  
of the assay. draft  
order, the standard  
plans in question  
are put up. & also  
L.O. no 596 of 24:  
Feb 1869, in which  
the construction  
of permanent buildings  
with brick in mud  
is prohibited.

There is no general  
rule about "golds"  
sheds being unneeded  
very, & it is submitted  
that the provision of  
such sheds is doubtless  
dependent on the  
circumstances of each  
case.

In L.O. no 2440 of  
20 Sept 1869. Latimer

were said to unnecessary  
for Sub Jails, & in that  
order the conversion of  
an unused latrine into  
a 'ryoti' shed was sanc-  
tioned.

In G.O. No 744 W  
of 8.3.83, again, a  
'ryoti' shed was stated  
to be unnecessary at  
the Sub Magistrate's  
Canteen, at Allur,  
Nellore Dist, because  
convenient trees with  
pyals existed, & its  
omission was therefore  
sanctioned.

In a recent revised  
estimate for a Sub Jail  
at Darsi, Nellore Dist,  
a 'ryoti' shed was omitted  
as unnecessary. This  
paper (C.No 5896) has not  
yet come back from  
Darsi.

If the present estimate  
for 1<sup>st</sup> Class Taluk Canteen  
at Allur to be here-  
turned to the Supply Dept.  
for

for revision. With reference  
to engineering aspects, he  
might be asked at the  
same time to obtain  
from the ~~Collector~~ Collector  
a distinct statement  
as to whether a 'ryoti'  
shed is needed or not.

for  
on  
an  
a  
t

To W.

Estimate of Rs. 29,400 for  
Taluk Catching at Anantapur  
is submitted for sanction.

It is on a standard design  
for 1876, but I would remark  
that a large portion of the  
masonry for a somewhat im-  
portant building is to be  
in masonry.

The rates are high as I  
perceive materials are expensive  
at Anantapur.

There is no provision in  
the budget for this particular  
item, as I perceive funds  
will have to be transferred from  
other items unless the work  
can be postponed till next year.

DW (A)  
26/7

See my note  
The provision for a note old  
could depend on the collector's  
voucher for its being absolutely  
essential - If there are trees  
about the place it could  
probably not be dispensed  
with.

Letter from the Supply. Dept. Third ~ M. P. No 1021 of 9<sup>th</sup> July 1883.  
Civil

The general Abstract  
Estimate amounting to  
Rs 29,460, for constructing  
a First class Tahsil building  
at Anantapur, in the  
Bikhar Division, is same.  
immediate  
timely, for execution where  
an assignment of  
funds are available -  
to be subsequently made

2. The general scheme  
for the office and house &  
accommodation required  
at Anantapur, called  
for in G.O. No 46 of the  
14 January 1882, is  
approved.

3. The sanction was  
accorded has been re-  
solved as Provincial  
to W of 1882. 84, and

Handwritten notes on a separate piece of paper, including names like 'McLinden' and 'Anantapur'.

Classified as Civil Buildings.  
Original Works.

CJ

I have intimated this, but I should like to see the standard plan referred to & to go into this detail further before allotment is made. I know that a large amount of money is made is provided & I understand that this is a good order & is certainly objectionable in a building of this class. Further a Roof shed is estimated for. Very recently a shed of this sort at some other Cutcherry was said to be entirely useless. Look up, please, the order in that case.

CJ  
13/7

S.W.

Common allowable work is done in mud & in stone in the partition walls of private dwelling houses intended for open and where white ants can and are well looked after it is different in an office building like the above - Nothing but brickwork must be allowed
