PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from A. CRUICKSHANK, Esq., President of the Local Fund Board, South Arcot, to the Secretary to the Board of Revenue, dated Cuddalore, 6th October 1882, No. 68 :—

I have the honor to forward herewith the Budget Estimate of the South Arcot Circle for the official year 1883-84.

2. The regular estimate for the current year has been prepared in accordance with the instructions of the Board contained in their Circular Memoranda quoted in the margin, and in the prescribed form. The variations between the figures shown in Columns 5 and 6 are explained in the column of remarks. The figures of the regular estimate are contrasted below with those of the budget estimate :—

11th September 1878, No. 1124.
20th August 1879, „ 1366.
24th „ 1880, „ 1322.
31st „ 1881, „ 1196.
21st „ 1882, „ 2095.

Items.	Receipts.		Expenditure.	
	Budget Estimate.	Regular Estimate.	Budget Estimate.	Regular Estimate.
	Rs.	Rs.	Rs.	Rs.
Road Fund	2,42,730	2,40,718	2,13,650	2,29,115
Endowment Fund	1,710	1,909	990	1,050
General Fund	1,35,810	1,50,258	1,14,530	1,13,921
Total ...	3,80,250	3,92,885	3,29,170	3,44,086
Increase ...	...	12,635	...	14,916

The increase in the receipts is chiefly owing to there being a larger balance at the credit of Local Funds at the beginning of the year than was estimated at the time of the preparation of the budget of the current year, and that in the expenditure is [illegible] in the regular estimate.

3. The regular estimate closes with the undermentioned balances, which are taken as the opening balances of 1883-84 :—

	Rs.
Road Fund	11,603
Endowment Fund	859
General Fund	36,337

4. RECEIPTS—*Special Funds.*—Rs. 500 only are entered as contribution from Pound Fund, as there is no likelihood of getting more, owing to considerable sums

in Revenue Board's Proceedings of the 14th July last, No. 3938, R. S. An increase of 1 rupee has been sanctioned by the Local Fund Board to the pay of the peon of the Cuddalore Normal School.

(*c*) *Local Fund Schools.*—The allotment for Local Fund Schools is Rs. 26,890, against Rs. 20,850 in the current year. The increase of Rs. 6,040 is due to the raising of the grade of certain schools and to the opening of schools at the under-mentioned places :—

Boys' Schools at—

Pattambakkam.	Tirunamanallur.
Annanthapuram.	Vanambut.
Tirumangalam.	Tiruvannanellur (Hindustani School).
Peruvalur.	Konjee.
Nadukuppam.	Tiruvannamalai.

Girls' Schools at—

Tiruvehdipuram.	Kallakurchi.
Valavanur.	Porto-Novo.
Tiruvannamalai.	

The particulars of the various charges under this head are fully detailed in Statement III.

(*d*) *Results Grants to other Schools.*—Rs. 12,430 are entered, against Rs. 10,400 in the current year.

(*e*) *Purchase of Books and Commission on Sale of Books.*—The allotment for these purposes is Rs. 1,860 against Rs. 1,220 in the budget for 1882-83.

The total expenditure under Grant II amounts to Rs. 51,820, against Rs. 40,250 as entered in the current year's budget.

8. *Grant III—Sanitation*—(*a*) *Dispensaries.*—Provision of Rs. 4,100 is made for three-fourths of the salaries of the medical subordinates of the dispensaries at Villupuram, Tindivanam, Tirukoilúr, Vriddháchalam, Kallakurchi and Panruti, and for half of that of the Tiruvannamalai Dispensary, to which a Civil Hospital Assistant is attached drawing 35 rupees pay and 10 rupees charge allowance. The provision made for the Kallakurchi Dispensary is for a Civil Apothecary, though at present a First-Class Hospital Assistant is in charge owing to the suspension of the former incumbent (a Civil Apothecary), and it is expected that another of that class will be appointed in due course. The increase of Rs. 60 under "Servants" for the Vriddháchalam Dispensary is owing to a provision of Rs. 15 per mensem on behalf of the compounder of that institution, who will be promoted to the first class on completing seven years' service (*vide* Board's Proceedings, of the 6th July last, No. 1726,) and that of Rs. 120 under the said head in the case of the Panruti Dispensary is owing to the employment of a midwife on Rs. 10 per month. No house rent is provided for the Panruti Dispensary, as the Local Fund Board building in course of construction wil probably be available for occupation about the close of the current year. Allotment is provided for the Zillah Surgeon's office establishment and contingencies (*vide* Board's Proceedings, dated 22nd May last, No. 3679).

(*b*) *Vaccination.*—The increase of Rs. 360 under this item over the current year's budget grant of Rs. 5,440 is owing to the two temporary vaccinators now employed being made permanent and to a provision of Rs. 120 on account of the travelling allowance of vaccinators transferred from one station to another on public grounds and of pupil vaccinators appointed to fill up temporary vacancies.

(*c*) *Sanitary Establishment, &c.*—A sum of Rs. 29,160 is provided for sanitary purposes, against an allotment of Rs. 22,560 for 1882-83, the particulars of which appear in Statement IV-B. Scavengering establishments are proposed to be entertained at Gingee, Torapádi and Srimushnam.

(*d*) *Bungalows.*—The grant for bungalows is the same as in the current year and calls for no remark.

(*e*) *Choultries.*—The provision for this is Rs. 990, against the same amount in the current year. The charges of the unendowed choultries at Mangalam, Gingee and Chinnasalem have been debited to General Fund. Provision for the reduced establishment at Ellis Choultry has been entered (*vide* Board's Proceedings, dated 26th March last, No. 3119). The increase of one servant under Hyde's Choultry is in consequence of a toty having been sanctioned in Board's Proceedings, of the 1st July last, No. 3677, Routine.

(*f*) *Miscellaneous.*—Rupees 1,470 are entered as contribution towards the excess charge of the Government Medical College at Madras, and the same amount for Vaccine Inspecting Agency. The other items call for no remarks except "Dieting Lunatics," under which an increased provision is made to meet the cost of maintaining the lunatics sent to the Asylum in the current year.

The total expenditure under Grant III amounts to Rs. 59,300.

9. *Grant IV.*—The total expenditure under this grant amounts to Rs. 10,190, against Rs. 9,310 in the current year's budget, showing an increase of Rs. 880. This increase is due to the following causes :—

Increased provision under "Local Fund Board's Establishment," "Travelling batta to non-official members," and "Printing charges," and to a fresh provision of Rs. 200 on account of proportionate charge of pension to three Local Fund Overseers. The increase under the "Local Fund Board's Establishment" is due to the salary of the Local Fund Attender having been raised from Rs. 8 to 10 per mensem, as he has to keep all the records in order. The decrease of Rs. 340 under "Audit Establishment" is owing to the provision for one Auditor only, who will draw Rs. 80 a-month from April to December 1883, and Rs. 85 from January to March 1884, according to the scale sanctioned by Government.

10. The grand total of expenditure under all the grants amounts to Rs. 3,20,600, leaving a balance of Rs. 13,170 distributed as follows, besides a reserve of Rs. 10,000 under General Fund :—

	Rs.
Road Fund balance	1,600
General Fund balance	10,740
Endowment Fund balance	830

11. The revised road map is herewith sent, together with two lists, one showing the budget grants under all the heads with subsequent additions and deductions, the other giving the details of all the existing establishments in the prescribed forms.

ENCLOSURE No. 1.

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the President of the Local Fund Board, South Arcot Circle, dated Madras, 22nd September 1882, No. 5111.

ABSTRACT.—Inquiring whether Local Fund Board are prepared to contribute Rs. 3,000 to Provincial Funds in the event of an additional Provincial Deputy being employed in the District.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Madras, 27th October 1882, No. 5651 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the allotment made in Grant III of the 1883-84 Local Fund Budget Estimate of the South Arcot Circle for the maintenance of the seven dispensaries is sufficient and calls for no remarks, except in the item of "Medical Subordinate."

2. The only dispensary in the circle in charge of Hospital Assistant is Tiruvannámalai. A Civil Apothecary will be attached to the said institution in July next, in accordance with the Local Fund Board President's request alluded to in letter* from the Civil Surgeon, Cuddalore, copy enclosed. The provision of Rs. 270 should, therefore, be increased to Rs. 300, being the moiety of the pay of a Civil Apothecary.

* No. 332, of 2nd June 1882.

3. A medical subordinate of the Civil Apothecary grade will also be attached to the Kallakurchi Dispensary in July next.

4. A sum of Rs. 1,470 is entered as contribution towards the expenses of the Medical College.

ENCLOSURE No. 1.

From J. H. RITCHIE, Esq., Acting Zillah Surgeon, Cuddalore, to the Secretary to the Surgeon-General with the Government of Madras, dated 2nd June 1882, No. 332.

Under instructions from the President, Local Fund Board, South Arcot, I have the honor to forward copy of a resolution passed by the Board at a meeting held at Tirukoilúr on 27th May regarding the Proceedings of the Board of Revenue, No. 985, dated 3rd April 1882. The Board request that the Surgeon-General with the Government of Madras will be good enough to replace the Hospital Assistants at Tindivanam, Tiruvannámalai and Kallakurchi Dispensaries by Civil Apothecaries as soon as possible.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated 20th November 1882, No. 1031 :—

I have the honor to report, for the information of the Board of Revenue, that ample provision has been made by the Local Fund Board, South Arcot District, both for sanitation and vaccination. For the former, the allotment amounts to Rs. 29,160, or 32·4 per cent. of available income, and I approve generally of its distribution, which is as follows :—

	RS.
Improvement of water-supply	14,873
Do. of village-sites	2,540
Scavengering establishments	11,047
Sanitary arrangements during fairs and festivals	700
Total ...	29,160

2. Twenty-seven towns and villages will enjoy the benefits of conservancy, against twenty-four in the current year. This is satisfactory.

3. The vaccination grant amounts to Rs. 5,800, and the staff employed appears to be adequate.

READ—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the Secretary to the Board of Revenue, dated 22nd December 1882, No. 6758 :—

With reference to the Educational portion of the Local Fund Budget Estimate of the South Arcot Circle for 1883-84, I have the honor to submit the following remarks.

2. *Receipts.*—The estimated revenue from fees may be accepted with reference to the actuals of 1881-82 and the increase in the number of schools. Credit is taken for a grant of Rs. 970 from Provincial Funds, being the amount of results grants expected to be earned by the teachers of combined-system schools for standards payable from Provincial Funds. The estimated receipts from Land-cess are not furnished.

Taking the amount at Rs. 2,60,000, the figures in the current year's budget, the educational assets of the circle will be Rs. 51,110, exclusive of a moiety of the General Fund opening balance :—

	RS.
One-sixth Land-cess	43,330
Grant from Provincial Revenue	970
School fees	4,860
Contributions	250
Sale of books	1,700
	51,110

3. *Charges.*—The entire expenditure proposed aggregates Rs. 51,820 against Rs. 40,250 in the current year's budget :—

	Budget 1882-83.	Budget 1883-84.
	RS.	RS.
Inspection	5,120	5,500
Training Schools	2,660	5,140
Local Fund Schools	20,850	26,890
Grants-in-aid	10,400	12,430
Miscellaneous	1,220	1,860
	40,250	51,820

4. *Inspection.*—There are now one additional Deputy Inspector and seven Inspecting Schoolmasters employed in the circle from Local Funds. The sanction of Government has recently been accorded for the transfer of the Local Fund Deputy to the Provincial list and the employment of a new Deputy Inspector from the beginning of the ensuing official year, the Local Board contributing Rs. 3,000 per annum to Provincial Funds towards the improved Deputy Inspecting Agency. The Local Fund Board propose to reduce the number of Inspecting Schoolmasters from seven to four, as they consider that one Inspecting Schoolmaster may be allowed to each Deputy Inspector. The Acting Inspector of Schools recommends that there should be five inspecting officers of this class, so that Cuddalore and Chidambaram, which are the most important taluks in the district as regards wealth and education, and which contain each a sufficiently large number of schools to give full work to an officer, may each have a separate Inspecting Schoolmaster. I beg to request that the Local Board may be invited to reconsider their resolution regarding the reduction of Inspecting Schoolmasters.

5. *Training Schools.*—The allotment under this head provides for the Cuddalore Normal School and the Normal School recently established at Tirukoilúr. I recommend the increase to the peon's pay in the former school.

6. *Local Fund Schools.*—With a view to open nine schools for boys, one Hindustani School at Tiruvannalore and five Girls' Schools in the ensuing year and to raise the grade of certain schools, the Board have raised the provision for Local Fund Schools from Rs. 20,850 to Rs. 26,890. I beg to support these proposals, more especially in the establishment of Hindustani and Girls' Schools included in them. The grant expected to be earned from Provincial Funds by Combined Schools is not shown in Statement III in full, the total of the items being only Rs. 750 against Rs. 970 exhibited in Statement I-A. There is also a difference of Rs. 540 under School Fees between the amounts entered in Statements I-A and III. The average attendance of Tillaivadangam, Porto-Novo (Hindustani) and Tyagadrug Schools is given as 32, 25 and 32, respectively, and three teachers are provided for each of the schools. Unless the strength increase, two teachers will be enough in each case.

7. *Grants-in-aid.*—The assignment for Results Grants exceeds the current year's allotment by Rs. 2,030 and probably will be sufficient for the ensuing year, the actuals of 1881-82 having amounted to Rs. 9,865.

8. *Miscellaneous.*—The expenditure proposed under this head calls for no remark.

9. *Educational Grant.*—The entire expenditure proposed is Rs. 51,820, which slightly exceeds the estimated receipts as calculated in paragraph 2 *supra*, opening balance excluded.

RESOLUTION—dated 14th February 1883, No. 423.

The Local Fund Budget Estimate of the South Arcot Circle is submitted for the orders of Government.

REGULAR ESTIMATE FOR 1882-83.

2. *Statement I-A, Receipts.*—The closing balance of 1881-82, as advised by the Accountant-General, is adopted as the opening balance in the regular estimate. It is distributed among the minor funds as shown below:—

	RS.
Road Fund	48,426
Endowment Fund	1,209
General Fund	53,080
Total ...	1,02,715

The increase is mainly due to larger receipts than had been anticipated under Land-cess in 1881-82. A sum of Rs. 600, expected to be realized by the sale of manure, is erroneously shown under "Special Funds," instead of under "7, Miscellaneous." *Land Cess* collections are set down at the same figure as in the budget. Out of a total demand of Rs. 3,76,399, Rs. 2,60,000, or 70 per cent., is expected to be realized. There seems to be no reason why a larger percentage should not be collected. In the remark column of the regular estimate, the President states that out of the arrear demand of Rs. 65,748 outstanding on 1st September, Rs. 57,529 fall due during the remainder of the current official year, and a similar remark is made in regard to current kists. The meaning of this is not understood. Probably, the arrears of the fasli and not of the official year are entered in the Demand, Collection and Balance Statement appended to the regular estimate. If so, the President is requested to send a revised statement with reference to the demand, arrears and current, of the official year. *Tolls* are expected to yield only Rs. 9,476, against Rs. 19,000 in the printed budget. The cause of the decrease is the abolition of seven toll-gates, approved in G.O., No. 600, dated 29th June 1882. Rs. 41 shown against "Educational" under "6, Receipts from Endowments, &c.," should be explained. The other variations on the receipt side between the budget and the regular estimate are all clearly explained by the President. The total assets are—

	RS.
Road Fund	2,40,718
Endowment Fund	1,909
General Fund	1,50,258
Total ...	3,92,885

3. *Expenditure.*—The probable expenditure on "Communications" is entered as Rs. 39,040 for "New Works" and Rs. 1,33,275 for "Repairs," against budget allotments of Rs. 13,000 and Rs. 1,23,560, respectively. The excess over the budget allotments was sanctioned for the incomplete works of 1881-82 and for other important

works. The provision for "Civil Buildings" and for "Miscellaneous Public Improvements" is within the allotments sanctioned in the budget and subsequently for incomplete and other works. The small increase under Local Fund Engineering Establishment is due to the additional allotment sanctioned for a temporary survey establishment and for contingencies. Under "Tolls and Ferries," an establishment was sanctioned for the Kandadu Ferry approved in G.O., No. 507-N, dated 19th June 1882, as also servants for Veppúr and Kandadu Toll gates. Rs. 20,000, provided in the budget for famine adjustment, is repeated in the regular estimate. As only Rs. 8,017 are required for the purpose, the difference will be transferred to the Road Fund Balance. Under Grant II, the provision for "Training Schools" shows an increase of Rs. 1,868 due mainly to an allotment of Rs. 1,784 sanctioned for the Normal School at Tirukoilúr, the sanction to open which was accorded in G.O, Financial Department, dated 28th June 1882, No. 581-N. The variations in the remaining grants are not important, and are explained in the remark column of the regular estimate. The following is an abstract of the charges of the regular estimate, as amended by the Board of Revenue:—

These balances will be carried forward to the budget of 1883-84.

BUDGET ESTIMATE FOR 1883-84.

4. *Statement I-A—Receipts.*—Land-cess is estimated to yield Rs. 2,70,000, or Rs. 10,000 more than in the current year. Out of a total demand of Rs. 3,58,260, about 77 per cent. is expected to be realized. Considering that 25 per cent. of the current demand falls due in March, the estimate may be accepted as fair. It is anticipated that income from Tolls will be Rs. 5,300, against Rs. 9,476 in the regular estimate. Of the former amount, Rs. 1,000 are expected from the Kandadu Toll-gate and the balance from the Cuddalore and Chidambaram Municipalities. The difference between the figures of the regular estimate and the budget is due to the collections of the toll-gates which have since been abolished and which existed for about 3½ months at the beginning of the current year. Rs. 970, expected from Provincial Funds on account of the result grant of the Fourth Standard and of the grant for girls in Local

Fund Schools, will be shown under "Allotments from general revenues." The other items of receipt do not call for remark. The total assets are—

	RS.
Road Fund	2,17,000
Endowment Fund	1,560
General Fund	1,37,200
Total...	3,55,760

5. *Statement I-B—Expenditure—Grant I, Public Works.*—Rs. 20,000 are provided for "New Works—Communications;" Rs. 10,000 for constructing a bridge across the Khan Saib's Canal at Kamaratchi, for which an estimate amounting to Rs. 16,000 was sanctioned in G.O., dated 20th December 1882, No. 3361, Public Works Department; and Rs. 10,000 for metalling the Vriddhachalam Porto-Novo Road between the Porto-Novo Railway Station and Bhuvanigiri, the estimate for which, amounting to Rs. 60,590, was sanctioned in G.O., dated 26th February 1877, No. 724, Financial Department. The allotment for road repairs is Rs. 1,26,510, against Rs. 1,23,560 in the current year's budget. The increase is due to the maintenance allowances of certain roads being raised and to the provision for the town-roads of Tindivanam. Rs. 2,370 are assigned for the maintenance of avenues, and Rs. 27,850 for the "Local Fund Engineering establishment," the amounts being the same as in this year's budget. Rs. 500 are set apart on account of compensation for lands. The President is requested to state what lands are referred to. If for new roads constructed in previous years, it should be explained why compensation has remained unpaid so long, and if on account of any works entered in the ensuing year's budget, the estimate for the work should include the cost of the land. The full amount of the Road Fund reserve (Rs. 19,290) is provided. The proportionate cost chargeable to the Road Fund of the Local Fund Engineering establishment, of tools and plant and of general management should be respectively Rs. 27,320, Rs. 2,170 and Rs. 6,090. The total Road Fund expenditure amounts to Rs. 2,01,940, leaving a balance of Rs. 15,060.

6. *Grant II—Education.*—The grant for Education is Rs. 51,820, or Rs. 11,570 in excess of the current year's budget provision. The excess is due to the opening of a second Normal School in the circle already referred to, and to the increased provision for Local Fund Schools and Result Grants. The additional Local Fund Deputy Inspector of Schools has been transferred to the Provincial list, and it has been arranged that a contribution of Rs. 3,000 should be made from Local to Provincial Funds on account of Educational Inspection (G.O., Financial Department, dated 14th December 1882, No. 411, Miscellaneous). As under this arrangement, there will be four Provincial Deputy Inspectors in the circle, the Local Fund Board propose to dispense with the services of three out of the seven Inspecting Schoolmasters now employed. The Director of Public Instruction suggests that there should be five officers of this grade. The matter will receive the attention of the Circle Board. The Local Fund Board propose to open next year ten boys' schools and five girls' schools, and the Director recommends the proposal for sanction. The Circle Board should, before starting the schools, consider the financial position of the circle, and whether it is desirable further to increase the permanent charges upon its resources. From the General Fund Statement appended to the budget, it will be seen that the expenditure under that fund exceeds the year's receipts and that the available balance is fast disappearing. Payments on account of Result Grants are also increasing year after year, and may require to be limited by reducing the rates. Next year, it is anticipated that Rs. 12,430 will be paid, against Rs. 10,400 in the current year. The President is requested to explain the discrepancies in figures pointed out by the Director in paragraph 6 of his letter. He will also state the necessity for raising the pay of the peon attached to the Cuddalore Normal School.

7. *Grant III—Medical and Sanitary—Hospitals and Dispensaries.*—Rs. 14,470 are provided for Hospitals and Dispensaries, against Rs. 13,760 in the current year's budget. The increase is mainly under "Medical Subordinates" and "Clerks and Servants." In reference to the former, it is noted that all the dispensaries are to be placed in charge of Civil Apothecaries, some of whom have become entitled to

charge allowances. The difference between their salaries and those of the Hospital Assistants previously in charge accounts for the increase. The provision under this head will be raised by Rs. 30, as suggested by the Surgeon-General in paragraph 2 of his letter. The excess under "Clerks and Servants" is due to the provision for a clerk and a peon to the Zillah Surgeon, sanctioned in G.O., dated 3rd May 1882, No. 486 (Routine), and for a midwife whom the Local Fund Board propose to employ in the Panruti Dispensary from next year. The Board sanction the entertainment of a midwife on Rs. 10 per mensem, and the increase to the salary of the compounder attached to the Vriddháchalam Dispensary. The allotment for Vaccination and Sanitation is Rs. 5,800 and Rs. 29,160, respectively, against Rs. 5,440 and Rs. 22,560 in the current year. The Sanitary Commissioner considers the provision under both heads ample.

8. *Grant IV—Miscellaneous.*—The items under this grant do not call for remark further than that provision is made for raising the pay of the attender attached to the Local Fund Board's office from Rs. 8 to Rs. 10 a-month, as he has to keep all the records in order. The increase is sanctioned. The general reserve, calculated at 10 per cent. of the receipts of the fund, should be Rs. 10,140. The Board note that the President has failed to forward a copy of the Local Fund Board's Resolution sanctioning the budget. He is requested to do so at an early date.

2. *Regular Estimate for* 1882-83.—The regular estimate as amended by the Board of Revenue is accepted, but the Government observe that the Land-cess estimate is extremely low, the anticipated collections amounting only to 83 per cent. of the arrear and 61 per cent. of the current demand. As the year has since closed, the figures will be allowed to stand; but, unless the actuals are found to have considerably exceeded the estimate, the slackness of collection should be fully accounted for in the annual report. Under Charges the outlay on "Communications—New Works and Repairs" was considerably in excess of the budget provision, owing to subsequent allotments, chiefly on account of the incomplete works of 1881-82. The provision for the final adjustment of the famine debt of the circle is noted.

3. *Budget Estimate for* 1883-84.—Excluding opening balances, the receipts for 1883-84 are estimated at Rs. 2,94,980. The improvement on the regular estimate is the anticipated result of better Land-cess collections, partly counterbalanced by the falling off under Tolls in consequence of the abolition of the toll-gates of the late Vriddháchalam Circle. The estimate of Land-cess revenue, amounting only to 77 per cent. of the total demand, is considered fair by the Board of Revenue on the ground that one-fourth of the current demand falls due in the last month of the year. The same remark, however, applies equally to the demand for the previous year, and if the distribution of the kists is accepted as a sufficient reason for an unusually low estimate of current collections, the same reason should justify a correspondingly high estimate of the collections in arrear. Taking one year with another, there would seem to be no reason why the total annual collections should be affected by such considerations. The Board of Revenue will be requested to reconsider the matter and to state whether in their opinion there would be any objection to the raising of the present estimate by Rs. 30,000.

4. The allotment for Public Works falls short of the regular estimate in consequence of reduced expenditure on new works. Ample provision would, however, appear to have been made for repairs. A sum of Rs. 20,000 is provided for New Works—Communications, and will be expended on two works already sanctioned and in progress.

5. The assignment for Education is considerably in advance of the budget provision made in the preceding year owing to the opening of a new Normal School and to increased allotments for Local Fund Schools and results grants. With regard to the proposed establishment of ten new schools for boys and five for girls, the matter will be reconsidered by the Circle Board in the light of the remarks passed by the Board of Revenue and the result of their deliberations submitted through the Board of Revenue for the final orders of Government before the schools are started.

6. The remaining items call for no remarks.

7. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the South Arcot Local Fund Circle for 1883-84.

2. *Regular Estimate for* 1882-83.—The regular estimate as amended by the Board of Revenue is accepted, but the Government observe that the Land-cess estimate is extremely low, the anticipated collections amounting only to 83 per cent. of the arrear and 61 per cent. of the current demand. As the year has since closed, the figures will be allowed to stand; but, unless the actuals are found to have considerably exceeded the estimate, the slackness of collection should be fully accounted for in the annual report. Under Charges the outlay on "Communications—New Works and Repairs" was considerably in excess of the budget provision, owing to subsequent allotments, chiefly on account of the incomplete works of 1881-82. The provision for the final adjustment of the famine debt of the circle is noted.

3. *Budget Estimate for* 1883-84.—Excluding opening balances, the receipts for 1883-84 are estimated at Rs. 2,94,980. The improvement on the regular estimate is the anticipated result of better Land-cess collections, partly counterbalanced by the falling off under Tolls in consequence of the abolition of the toll-gates of the late Vriddháchalam Circle. The estimate of Land-cess revenue, amounting only to 77 per cent. of the total demand, is considered fair by the Board of Revenue on the ground that one-fourth of the current demand falls due in the last month of the year. The same remark, however, applies equally to the demand for the previous year, and if the distribution of the kists is accepted as a sufficient reason for an unusually low estimate of current collections, the same reason should justify a correspondingly high estimate of the collections in arrear. Taking one year with another, there would seem to be no reason why the total annual collections should be affected by such considerations. The Board of Revenue will be requested to reconsider the matter and to state whether in their opinion there would be any objection to the raising of the present estimate by Rs. 30,000.

4. The allotment for Public Works falls short of the regular estimate in consequence of reduced expenditure on new works. Ample provision would, however, appear to have been made for repairs. A sum of Rs. 20,000 is provided for New Works—Communications, and will be expended on two works already sanctioned and in progress.
