Despatched

SIR,

Under the orders contained in
G.O. No 43 W dated 8th January 1883
Copy of which is enclosed for your in-
formation, the Store-keeper of Machinery
Madras, has supplied to the Officer
Commanding Berhampore six Norton's Tube
wells for sinking wells at the Cholera
Camp ground. As the Officer Commanding
Berhampore now states in his Docket No. 102
dated 8th June 1883 to the Assistant
Engineer incharge Ganjam division that the
Tube wells above permanently transferred to have been per-
P.W. Department, to the custody of the
request you will be I have the honor to
me if the can good enough to inform
taken over by the

Divisional Officer and brought into

Divisional stores

This Department does not want

them—

I have the honor to be

Sir,

Your most Obedt Servant

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

No. 48.

READ—the following paper:—

G.O., dated 5th January 1883, No. 32, Military.

Read—the following letter from Colonel A. T. BALDWIN, Commanding Berhampore, to the Quartermaster-General, Fort St. George, dated Berhampore, 14th December 1882, No. 236.—Through Eastern District:—

In forwarding the accompanying copy of letter from the Agent to the Governor in Ganjam, I have the honor to point out that if there is little or no rain between now and the season of the regular monsoon (and it is unusual that there should be), there will undoubtedly be a serious scarcity of water, and, as this district is very subject to inroads of cholera in consequence chiefly from its nearness to the Juggernaut shrine at Pooree, whence pilgrims congregate from all parts of India, I would beg that if there are any Norton's tube-wells available some may be forwarded, and, if forwarded, that instructions as to their working may be sent at the same time.

ENCLOSURE.

From H. ST. A. GOODRICH, Esq., Collector of Ganjam, to the Officer Commanding Berhampore, dated Chatrapur, 7th December 1882, No. 4216.

In view of the certainty that potable water will be extremely scarce before the end of March next in and near Berhampore, I beg leave to suggest that you should move your Department authorities to supply you with a few of Norton's tube-wells which may perhaps be serviceable if the emergency I contemplate arises.

No. 564.

Forwarded. Norton's tube-wells were applied for from the Executive Engineer, but he replied none were on hand.

FORT ST. GEORGE,
28th December 1882.

(Signed) R. C. STEWART, Brigadier-General,
Commanding Eastern District.

No. 48-A.

From the Quartermaster-General, to the Secretary to Government, Military Department, dated Fort St. George, 2nd January 1883, No. 2.

Forwarded. His Excellency the Commander-in-Chief would solicit that the Public Works Department be moved to order the early despatch to Berhampore of some of the tube-wells asked for, which the Officer Commanding the Station will be instructed to make use of under the direction of the Executive Engineer.

(By Order.)

(Signed) D. J. S. McLEOD, Major,
Officiating Deputy Quartermaster-General.

Order—dated 5th January 1883, No. 32, Military.

Transferred to the Public Works Department for favor of early compliance.

(By Order.)

(Signed) E. L. HANKIN, Colonel,
Ag. Secretary to Government.

To the Public Works Department.

No. 49.

ORDER—dated 8th January 1883, No. 43 W., Public Works.

Communicated to the General Superintendent, Public Works Stores, in view to the Norton's tube-wells applied for being supplied to the Officer Commanding Berhampore as early as practicable.

2. The Executive Engineer will afford any assistance which may be required by the Military authorities in making use of the wells.

(True Extract.)

(Signed) R. H. SANKEY, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the General Superintendent, Public Works Stores.
