G.O., dated 16th June 1883, No. 1694 W., Public Works.

Read—the following :—

From the Superintending Engineer, Third Circle, dated 3rd May 1883, No. 367.

Order—dated 16th June 1883, No. 1694 W., Public Works.

The Superintending Engineer, Third Circle, makes two recommendations in this letter—

- (1) That the pay of subordinates in Cumbum Taluk be raised owing to the high price of provisions and the unhealthiness of the locality.
- (2) That their families as well as themselves should receive medical attendance and medicines free of charge.

2. As regards (1) it would have been well if the Superintending Engineer had supported his application by figures showing the comparative prices of provisions in Cumbum and the adjoining taluks. As at present advised the Government are not prepared to accede to the request preferred.

3. With reference to (2) orders will issue in the Public Department after communication with the Surgeon-General.
