NOTE OF REMARKS.

1. Enclosed is an estimate for
the construction of a Monegar's
office at Kótagiri. Amount
of estimate is Rs. 865
2. The binding substance for
bricks throughout the work is
sand — since chunnam is obtained
as may be seen from the item
plaster, it would be better
to have the masonry round
bottoms of wooden posts, and
the uppermost foot of the
walls built of brick in chunnam
as a preservative against
white ants.
3. As the estimate is below
Rs. 5000 neither plan nor
detailed estimate has been
submitted. The abstract has
been countersigned by the Collector.
