Sir,

Enclos

With reference to your docket  
No 1698 dated the 5<sup>th</sup> Instant, I have  
the honor to submit the valuation  
statement of the building in the  
Fort of Vizagapatam, used as Dis-  
trict Registrar's office.

2. The building stands on a  
commanding site opposite to the  
Deputy Tahsildar's bungalow. The  
important District offices are not  
far away from it. It stands by  
itself on the main Road. There  
are dwelling houses in rear of the  
building; but they are separated

by a street, wide enough to keep the  
office sufficiently clear from the  
bustle of their inhabitants.  
Besides, I doubt, if a better site  
could be found for the office  
in the Viragapatam Fort. The  
building is composed of two  
distinct compartments one be-  
hind the other and connected  
with each other by a terrace veran-  
dah. The front compartment  
has in a line 3 Rooms under  
one tiled Roof, the centre one  
being 16 ft square and the side  
ones  $28 \times 16$  each. The rear com-  
partment has 2 Rooms  $25 \times 16$   
each. The intervening terrace  
verandah is  $52 \times 14$ . Thus this  
building is amply spacious for  
the purpose. And the present  
value of the building is only Rs  
1700

1700 in round figures. With an  
expenditure of Rs 500 in repairing  
the tiled roof, and terrace, and  
in renewing whitewashing & matting  
to floor, the building can be  
rendered sufficiently suitable for  
the purpose. I am not at all  
inclined to recommend a new  
building in the crowded Town  
of Viragapatam, in fact no more  
public buildings should be pro-  
posed down in the Town. It is  
overcrowded and unfit for  
European life as the sanitation  
cannot be improved owing to  
the overcrowded state of the place.  
Many Government buildings  
will fall vacant into our hands  
in a few years more when all  
the old pensioners die out  
which will be within a brief  
period

period, then we will have  
buildings that will suit the  
occasion of a Registrar's  
office in the best site possi-  
ble.

I have the honor to be  
Sir  
Your most obedient servant

L. Raju  
Executive Engineer  
Vinnagapattam Division
